1,200 tons of steel rails have been laid, in place of iron ones, on the Boston and Providence Railroad. At Boston and Providence Railroad. At Roxbury, near the repair shop, they have been in use upwards of a year, a point where 120 trains of locomotives pass over them daily, and as yet there is no perceptible wearing away. Iron rails had to be relaid seventeen times a year at the same place. As fast as the iron rails wear out, on any portion of the route, the Company intend to replace them with steel ones.

Prairie fires still continue to rage in nearly all sections of the West, but have been particularly severe in Western and Northern Missouri, where immense amounts of property have been destroyed. The prairies are said to be burning along the line of the Illinois Central Railroad for a distance of 100 miles, and in Union County, Illinois, the flames extend into the woods.

Ohio is now the chief wool growing State, having 6,608,052 sheep out of 32,650,797 in the whole Unites States. In 1866 the live stock of Ohio was valued at \$151,000,000, which is greater than in any other State, except New York.

Rev. Mr. O'Neill, a colored preach-er, has been arrested at Indianapolis for marrying a colored man and white woman, in violation of the Indiana marriage law.

The interest on the national debt is about \$2,000 every hour—day and night—the year round.

GREAT FALL GOODS!

Owing to the recent decline in the DRY GOODS market, I have marked all my goods down to the very lowest figures. Purchasers will find it greatly to their interest to take advantage ordinary forms of alcohol; sometimes tinctures which are simply inferior alcohol, of this opportunity and give me an early call.

My stock embraces every article usually found in a first class Dry Goods house. C. F. JACKSON.

Mrs. Winslow's Soothing Syrup-FOR CHILDREN TEETHING-Greatly facilitates the process of teething, by softening the gums, reducing all inflammation—will allay ALL PAIN and spasmodic action, and is sure to regulate the Bowels. Depend upon it, mothers, it will give rest to yourselves and BELIEF AND HEALTH TO YOUR IN-FANTS. We have put up and sold this article for years, and can say in confidence and truth of it, what we have never been able to say of any other medicine-Never Has IT FAILED IN A SINGLE INSTANCE TO EFFECT A CURE, when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operation, and speak in terms of commendation of its magical effects and medical virtues. We speak in this matter "WHAT WE DO KNOW," after years of experience; and pledge our reputation for the fulfillment of what we here

tation for the fulfillment of what we here declare. In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the syrup is administered. Full directions for using will accompany each bottle. Be sure and call for "Mass. Winelow's Soothing Syrup," Havingithe fac-simile of "Curris & Persens" on the outside wrapper. This question is practically answered in the affirmative by thousands of physicians every day. Sometimes they prescribe the more or less medicated: portion of the faculty give the preference to HOSTETTER'S STOMACH BITTERS, as the most carefully prepared medicinal stimulant at present known. It is impossible for prejudice itself to be blind to the marked success with which this extraordinary tonic and alterative has been administered in cases of Dyspepsia during the last twenty years. If it were possible to canvass the whole country for cases in which it had effected a cure of this obstinate and agonizing disease, they would number millions. No wonder, then, that it has become a standard medicine in every State, city, town and village in the United States, and that names, the most distinguished in literature, art and science, are the vouchers for its remarkable properties. The immense manufactory at Pittsburgh, with its extensive store-houses, is the largest establishment of the kind in this country; and, probably, in the world. The amount of manual labor employed in the preparation of the Bitters, to say nothing of the steam driven machinery, is greater than that of any other proprietary medicine establishment of this continent, and, by the blessing of Providence, the beneficial results of this unequalled tonic and alterative are co-extensive with its continually increasing sales. OF ALL THE MEDICINES KNOWN to the world, and to the profession, none have been attended with such marked appreciation by the public, and secured the approbation of the profession, on account of its extraordinary remedial powers, as "HEINITSH'S QUEEN'S DELIGHT." We challenge the world over to produce a single instance where any other medicine has attained such popularity, in so short time, as the Queen's Delight. Twenty-five hun-dred bottles have gone forth from the establishment of FISHER & HEINITSH in one year, and the demand is still for more. From all parts of the country, we hear it is doing wonders. It cures Chill and Fever, restores the sick to health, improves the general condition of the man, and makes him a new creature. Nov 1 tuf

At Home, near Marietta, Ga., Oct. 16.

A. J. Roberts & Co., Atlanta, Ga.

Gentlemen: I am well pleased with the result of the use of the "Double Refined Poudrette" on my crops. I triedit on both corn and cotton, and am satisfied wherever it was applied the yield was more than double what it would have been without it. I regret exceedingly my not using it more extensively the present year, but will try to make up my loss by purchasing a larger quantity next spring. I regard it as the cheapeat, most reliable, and casiest managed fertilizer within my knowledge, and cheerfully recommend it [as I have tried it thoroughly) to the farmers of this section, and particularly to those planting cotton, from the fact of its causing it to mature from ten days to two weeks earlier than it would without the use of the Poudrette. I also used it on my garden, and found it of much benefit to all kinds of plants. Very respectfully, &c.

Extract from a letter received from Prof.
Martin, of Hampden. Sidney College,
Va., dated July 1, 1867:
The Double Refined Pondrette is operating like a charm on my crop, and attracting universal attention from all beholders.
I am already satisfied that it is the cheapest and surest renovator of our worn-out lands.

est and surest renovator of our worn-out lands.

High Shoals, Ga., October 4, 1867.

James R. Dey, Esq.

Sir: The Double Refined Poudrette I bought for two other parties in connection with myself—one of them used it on cotton and corn, and thinks it answered finely; the other put it on cotton, on very poor ground, and thinks it doubled his crop. I used it on corn. It answered finely, and was thought by the hand that cultivated the crop to be fully equal to Rhode's Super Phosphate. I also used it on about an acre of cotton, and I am clearly of opinion that it is the best and cheapest fertilizer in use, and I expect to order several tons this winter. Yours, very respectfully,

Ellarville Schley Co. Ga. Oct. 4, 1887.

Ellaville, Schley Co., Ga., Oct. 4, 1867.
The Double Refined Poudrette, purchased of you last spring, I think, increased my crop of cotton 150 pounds per acre; put it upon worn-out pine land, at the rate of 200 pounds per acre, drilled in with cotton seed. Yours, &c.,
S. MONTGOMERY.

Salisbury, N. C., August 10, 1867. James R. Dey, Esq.

Dear Sir. I can safely say that your
Double Refined Poudrette is far superior
to any other fertilizer for cotton; for I have
given it a fair trial this season. Yours JEHU FOSTER, JR.

Savannah, Ga., September 25, 1867.

James R. Dey, Esq., President.

Dear Sir: I used the Double Refined
Poudrette, bought of you last spring, on
corn. I think it increased the yield onehalf. I consider it an excellent manure.
Respectfully, T. HOLCOMBE.

Ridgeway, S. C., September 21, 1867.

Mr. James R. Dey.
Sir. I applied the Double Refined Poudrette by itself, and in combination with other fertilizers, on cotton, and am pleased with it; so much so that it is my present intention to purchase a larger supply of you the next year to apply to my cotton crop. Yours very respectfully,
HENRY C. DAVIS.

Rooky Mount, Edgecomb Co., N. C. Nov 13.

James R. Dey, Esq.
Sir: In reply to your inquiry of the results of our experience in the use of your improved Poudrette—purchased of you for this year's cotton crop—we would beg leave to say that the present season has been one quite unfavorable to the action of all fertilizers.

Several kinds of manures were used by us, with the exception of your Poudrette, with little or no effect to the crop.

Where the Poudrette was used, it gave us near half a bale more per acre, and caused the cotton to open much earlier; and we would, therefore, recommend the same as a concentrated manure for the growth of cotton, as well as improvement to the soil. Yours, very respectfully,

HENRY P. STULTS & BRO.

NEW THEORY OF HEALTH

The Life of all Flesh is Blood. The Health of all Life is Purity of

Without Purity of Blood no Flesh free from Disease.

Antidote to Disease.

THE GREAT AMERICAN ALTERATIVE and BLOOD PURIFIER, is the most perfect vegetable compound of alteratives and tonics, making it the most effective, invigorating, rejuvenating and blood-cleansing cordial known to the world for the cure of all those diseases which may be traced to a vitiated condition of the blood. The theory is that blood is the life of all flesh, and if impure, the life of all disease. Life and health is only to be maintained by the circulation of pure arterial blood. It is obvious, therefore, to every reflecting mind, that unless the blood is pure, in supplying the waste tissues with material, it must be the earse of innumerable ills and constitutional disorders, such as Scrofuls, Rheumatism, Hepatic Disorders, Inflammations, Fevere, Liver Complaint, Consumption, King's Evil, Carbuncles, Boils, Itching Hunnor of the Skin, Erysipelas, Skin Diseases, Tetter, Roughness of the Skin, Pimples, Blotches, Fains in the Bones, old Ulcers, Syphillic Sores, Indigestion, Inflammation of the Bladder and Kidneys, Pains in the Back, General Debility, and for all complaints arising from deficiency and poverty of blood.
