Nash and his Fairfield Speech.

With the desire to "render unto Caesar," etc., we publish the following statement and certificates from Beverly Nash, and several of his colored friends, relative to what he said at the Fairfield meeting:

Messrs. EDITORS DAILY PHOENIX: I see in your paper of Sunday morning, the 8th, a paragraph headed "Beverly Nash and that speech."

This you said was copied from the Winsboro News. These same parties, I believe, said a short time since, that I made that speech before a Union League. Now, they say that it was at a barbecue. It is a pity those men in the habit of misrepresenting others, have not always good memories. First he said that I said, that before rebels and Democrats should have the ballot, and that before I could see our wives and daughters slaves, that I would shoulder my musket and go into the field, and see the hills covered with bleaching bones, and the gullies running with blood. Now, he says, that I said before I would remain under the white man's power, and pointing to the crowd around, asked them would they follow me. This is a mis-statement. He says, that I said, that the whites would get down on their knees to us, and that there had been 210 negroes murdered in South Carolina, (meaning those that had been hung.) This is also a mistake. If those parties will publish the whole speech, I will be glad to see it. They seem ambitious to gain public notoriety, by connecting themselves with my name. Let them—these men—exult in the enjoyment of a little fleeting notoriety. I deny the charge of making an incendiary speech. What has become of the story about walking with the white women? I suppose that the affidavit-takers could not swallow that. But I am done. The eagle don't feed upon carrion—he leaves it to buzzards to hunt up. Yours, W. B. NASH.

COLUMBIA, S. C., December 9, 1867. We, the undersigned, were present on the 9th of November, when W. B. Nash spoke in Fairfield. He never said that the people must not contract until the 1st of February next; nor did he say that the white people would get down on their knees to them, and that they could do better without the white man than they could without us. The charge, that rather than see the white man remain in power, he would shoulder his musket and see these hills bleached with bones and the gullies run with blood and pointing to the crowd asked would they follow him and they answered "yes, yes," is not true.

S. B. THOMPSON, JAMES EAVES, J. C. FITZSIMONS, WM. HOLMES, J. R. TRICE.

The words not to contract for a third—for it was the little end of nothing—were spoken by me, in my speech after Nash had spoken.

J. R. TRICE.

The following entry appears among the proceedings of the Alabama Constitutional Convention on the 5th ultimo:

"Mr. Strange, of Macon, offered an ordinance, but the Clerks could not read it, neither could Mr. Strange himself. The ordinance was disposed of somehow or other."

This is by no means a strange circumstance, for, as Vance said, these fellows are nearly all men of mark, as they—can't write.

[Norfolk Virginian.]

The Union League.

At a meeting of Council No. 10, Union League of America, held in their hall, December 4, 1867, the following preamble and resolution were unanimously adopted:

Whereas this Council and all other Councils of the Union League of America have been misrepresented; therefore,

Resolved, That a Committee of Ten be appointed, with the President of this Council, to prepare an address to the people of the State.

S. B. THOMPSON, President. J. D. JAMISON, Acting Secretary.

FELLOW-CITIZENS: We have had various reports derogatory to and denouncing the Union League of America. We, knowing these to be false, and that they are made by bad and evil-disposed men, ignorant of our object, and that, if our organization was better known in the South, the condition of our State would be different to what it is, and opposition to us would cease. Our object is to preserve our liberties as a people, maintain the supremacy of the same, protect and strengthen all in their rights of property and person, demand and sustain the education and elevation of the laborer, and instruct our people in the duties of American citizenship.

That we cherish no animosity to the white people, is proven by our conduct and behavior during the war—when every advantage to make mischief was in our power; when nearly every white man that could bear arms was sent to the front; though we knew that our freedom was being contended for by the Union armies, and that our brethren were in the field; and though we loved the flag of our country and hailed its approach with delight and joy, yet we can point proudly to these days, and say that, though we loved freedom, we are willing to forget and forgive the past. We would ask, what cause have we to breed strife, now that Congress has declared us citizens of this glorious nation? All we ask is for peace and our rights. Let the only rivalry between the white man and the black man be who can do most to restore our State to the Union, and restore her to that state of prosperity, wealth and honor that she should occupy. We would call your attention to the fact, that during the unsettled state of affairs in 1865, our quiet demeanor in every public gathering goes to show that we have no disposition to trespass upon the rights of the whites. We would welcome all of the people of the State to join us. We want all loyal men to come forward, and let us meet and bury the prejudice of caste, for the love of our State and our common country. The impression that we are hostile to the whites of the South is wrong. We have no prejudice to any man for his color. We advocate the rights of all men. We believe in political equality. We advocate manhood suffrage. We ask for nothing for ourselves that we are not willing to grant to others; nor will be satisfied with anything less. What man of reason will say that, having been raised to the condition of freemen and citizens by the Government of the United States, would we not be wanting in manhood, did we not contend for all of the rights of American citizens. What would become of us—what would be our condition—if we are left here by the Government, free only in name, and without the power of protecting our rights under the law? Would the Government have kept faith with us if it had done so? No longer slaves, does not a sense of right and justice demand that the rights of freemen should be given us? Refuse to concede this right, and the people of the civilized world would laugh to scorn the freedom that was given us, by that far-seeing and lamented statesman, Abraham Lincoln. We cannot believe that the white man has the right to cast a ballot and to exercise a political right, and then deny that right to us, because our skin is a little darker than his, and whose intelligence may be no less than his own. No, no—God forbid. Now that we are men and freemen, we will never rest contented until we are recognized as full citizens—with all of the rights, civil and political, which appertain to any and all citizens. When these rights are granted us, instead of being an element of constant fear and discord, we will be an element of wealth and strength. It becomes us now, as true men, to heal the bleeding wounds of our country. We see the industrial resources of the State—we see that the agricultural, commercial, financial and manufacturing interests of the

State prostrate; let us forget the past and bend ourselves to the task. We should avoid every unjust measure. We love our country; we love our State. We would do nothing to bring discord between the white and colored citizens. We believe the time has come when the exigencies of the State demand that every man who loves his country and has a voice, should exert it in the cause of peace. Every good citizen owes it to himself, his country and his God, to aid in this good work of restoring our State to civil government. We invite all true South Carolinians to come to the rescue. We would be happy to greet all. We ask for no social equality. Let that regulate itself. Let us stand or fall by our community.

W. B. NASH, WM. SIMONS, N. E. EDWARDS, J. R. TRICE, JAMES DAVIS, E. B. THOMPSON, J. C. FITZSIMONS, HAMPTON MIMS, S. B. THOMPSON, D. FOREST, ADAM THOMAS.

IT is a matter of congratulation that we have at last had a reliable Tonic introduced in Panknin's Hepatic Bitters; manufactured at the South by Dr. C. F. Panknin, the well known Charleston Chemist; and which can be used by all persons, regardless of age or sex, who require a tonic medicine. Ask your family physician, and he will be sure to recommend them. For sale by all druggists. April 10 wly Dr. C. H. MIOT, Agent.

A COUGH, A COLD, OR A SORE THROAT, requires immediate attention, and should be checked. If allowed to continue, Irritation of the Lungs, a Permanent Throat Disease, or Consumption, is often the result.

BROWN'S BRONCHIAL TROCHES Having a direct influence to the parts, give immediate relief. For BRONCHITIS, ASTHMA, CATARRH, CONSUMPTIVE AND THROAT DISEASES, Troches are used with always good success.

Singers and Public Speakers use them to clear and strengthen the voice. Obtain only "Brown's Bronchial Troches," and do not take any of the worthless imitations that may be offered. Sold everywhere. Oct 27 4mo

FAITH WELL FOUNDED.—In old times, at the commencement of every season, it was the fashion to take a strong cathartic as a safeguard against a change of temperature. It was a worse than senseless practice. The people of our day understand the matter better. Instead of depleting the system they re-inforce it.

In the method they adopt they exhibit a wise discrimination. Instead of resorting to the vitiated stimulants of commerce, or any of the compounds derived from them, they put their faith in the only absolutely pure invigorant procurable in the market—HIRSTETTER'S STOMACH BITTERS.

Their faith is well founded. Never has any tonic medicine been prepared with such scrupulous precision and conscientious care. It is a vegetable compound of which every ingredient is sound, wholesome and medicinal, in the true sense of the word. Now, we have three prominent national complaints. One-half of the adult population of the United States suffer more or less, either from diseases of the stomach, derangements of the liver, or affections of the kidneys. In no other land under Heaven are these maladies so general as in this country, and Hirstetter's Bitters is a specific for them all, unless organic in their origin, and, therefore, beyond cure. And let those who are fortunate enough to be exempt from them at present understand one great fact, viz: that an occasional use of this vitalizing tonic will as certainly prevent them as the sun will prevent the earth from freezing where its genial beams descend. Dec 4

To Farmers and Planters.

WE OFFER for sale the following Fertilizers of the Lodi Manufacturing Company, viz: Double Refined POUDETTE, prepared from night soil of New York city, at New York prices, \$25 per ton of 2,000 pounds, freight added. Also, NITRO-PHOSPHATE OF LIME, equal in every respect to Peruvian Guano, made from floured bone dust and night soil, superior and far cheaper than any Phosphate in market, at \$35 per ton, in Charleston. A fair trial, however small, is respectfully solicited. J. H. ENSLOW & CO., Charleston, S. C.

Read the following testimonials: At Home, near Marietta, Ga., Oct. 16. A. J. Roberts & Co., Atlanta, Ga.

Gentlemen: I am well pleased with the result of the use of the "Double Refined Poudrette" on my crops. I tried it on both corn and cotton, and am satisfied wherever it was applied the yield was more than double what it would have been without it. I regret exceedingly my not using it more extensively the present year, but will try to make up my loss by purchasing a larger quantity next spring. I regard it as the cheapest, most reliable, and easiest managed fertilizer within my knowledge, and cheerfully recommend it (as I have tried it thoroughly) to the farmers of this section, and particularly to those planting cotton, from the fact of its causing it to mature from ten days to two weeks earlier than it would without the use of the Poudrette. I also used it on my garden, and found it of much benefit to all kinds of plants. Very respectfully, G. S. OGLESBY.

Extract from a letter received from Prof. Martin, of Hampden, Sidney College, Va., dated July 1, 1867: The Double Refined Poudrette is operating like a charm on my crop, and attracting universal attention from all beholders. I am already satisfied that it is the cheapest and surest renovator of our worn-out lands. High Shoals, Ga., October 4, 1867. James R. Dey, Esq.

Sir: The Double Refined Poudrette I bought for two other parties in connection with myself—one of them used it on cotton and corn, and thinks it answered finely; the other put it on cotton, on very poor ground, and thinks it doubled his crop. I used it on corn. It answered finely, and was thought by the hand that cultivated the crop to be fully equal to Rhode's Super Phosphate. I also used it on about an acre of cotton, and I am clearly of opinion that it is the best and cheapest fertilizer in use, and I expect to order several tons this winter. Yours, very respectfully, ISAAC POWELL.

Ellaville, Seelye Co., Ga., Oct. 4, 1867. The Double Refined Poudrette, purchased by you last spring, I think, increased my crop of cotton 150 pounds per acre; put it upon worn-out pine land, at the rate of 200 pounds per acre, drilled in with cotton seed. Yours, &c., S. MONTGOMERY.

Salisbury, N. C., August 10, 1867. James R. Dey, Esq. Dear Sir: I can safely say that your Double Refined Poudrette is far superior to any other fertilizer for cotton; for I have given it a fair trial this season. Yours, JEHU FOSTER, Jr.

Savannah, Ga., September 25, 1867. James R. Dey, Esq., President. Dear Sir: I used the Double Refined Poudrette, bought of you last spring, on corn. I think it increased the yield one-half. I consider it an excellent manure. Respectfully, T. HOLCOMBE.

Ridgeway, S. C., September 21, 1867. Mr. James R. Dey. Sir: I applied the Double Refined Poudrette by itself, and in combination with other fertilizers, on cotton, and am pleased with it; so much so that it is my present intention to purchase a larger supply of you the next year to apply to my cotton crop. Yours very respectfully, HENRY C. DAVIS.

Rocky Mount, Edgecomb Co., N. C. Nov 13. James R. Dey, Esq. Sir: In reply to your inquiry of the results of our experience in the use of your improved Poudrette—purchased of you for this year's cotton crop—we would beg leave to say that the present season has been one quite unfavorable to the action of all fertilizers.

Several kinds of manures were used by us, with the exception of your Poudrette, with little or no effect to the crop. Where the Poudrette was used, it gave us near half a bale more per acre, and caused the cotton to open much earlier; and we would, therefore, recommend the same as a concentrated manure for the growth of cotton, as well as improvement to the soil. Yours, very respectfully, HENRY P. STULTS & BRO. Address for further particulars, LODI MANUFACTURING CO., Nov 14 3mo 66 Cortland Street, N. Y.

NEW THEORY OF HEALTH

The Life of all Flesh is Blood. The Health of all Life is Purity of Flesh. Without Purity of Blood no Flesh free from Disease.

HEINITSH'S QUEEN'S DELIGHT,

AN Antidote to Disease.

THE GREAT AMERICAN ALTERATIVE and BLOOD PURIFIER, is the most perfect vegetable compound of alteratives and tonics, making it the most effective, invigorating, rejuvenating and blood-cleansing cordial known to the world for the cure of all those diseases which may be traced to a vitiated condition of the blood. The theory is that blood is the life of all flesh, and if impure, the life of all disease. Life and health is only to be maintained by the circulation of pure arterial blood. It is obvious, therefore, to every reflecting mind, that unless the blood is pure, in supplying the waste tissues with material, it must be the cause of innumerable ills and constitutional disorders, such as Scrofula, Rheumatism, Hepatic Disorders, Inflammations, Fevers, Liver Complaint, Consumption, King's Evil, Carbuncles, Boils, Itching Humor of the Skin, Erysipelas, Skin Diseases, Tetter, Roughness of the Skin, Pimples, Blisters, Pains in the Bones, old Ulcers, Syphilis and Syphilitic Sores, Indigestion, Inflammation of the Bladder and Kidneys, Pains in the Back, General Debility, and for all complaints arising from deficiency and poverty of blood.

COPYRIGHT SECURED.
