STAR AGRICULTURAL WORKS.

THE Albany COTTON GIN Manufacturing Company, manufacturers of the celebrated "Star" Cotton Gins and Condensers, 'Star' Threshing Machines, 'Star' Lever and Endless Chain Horse Powers, and other agricultural machinery.

Our "Star" Cotton Gin and Condenser have taken first premiums in every instance where entered at Southern Fairs, competing with the best Gins of the country made by other parties.

At the two great Fairs of the Mechanics' and Agricultural Association, held at New Orleans successively in November, 1866, and January, 1868, the "Star" Gin and Condenser took at both Fairs all the premiums offered on Gins and Condensers, against a competition embracing all other Gins of any prominence in the country. Also, at the last two State Fairs held at St. Louis, Mo., our Gin and Condenser took the first premium against a powerful competition.

The Condenser attachment being new to most planters, we wish to say that it entirely obviates the necessity of a "lint room," as with it a Gin may be used in the open air, and the sheet, or bat, as it is discharged from the Condenser is ready for the press. It effectually cleans the cotton of sand and dirt and makes the work of ginning free from the danger of inhaling the fine particles of lint which otherwise fill the air.

N. B. We also make the most approved Horse Powers (both Lever and Railway) to drive our "Star" Gins, and also manufacture the celebrated "Star" Threshing Machines. We furnish Gins with or without Condensers. For sale by our agents and dealers generally. Our complete illustrated descriptive circular is sent, free of charge, on application by mail. Address the Albany Cotton Gin Manufacturing Company, Albany, New York, Post Office Drawer 162. Oct 18
