

Foreign Affairs.
Paris, April 15.—Evening.—There is a comparative lull. The Nationals are anxious to attack. Cluseret insists upon defensive operations. Three gun-boats shelled Sevier and St. Cloud to-day. A member of the National Guard was shot to-day for killing his captain. He confessed to killing five officers. Petroleum shells have been prepared to throw into Valenciennes. The Church of St. Roche has been seized. The women falsely denounced a citizen dressed in plain clothes as a priest. The women were terribly beaten by the crowd. This is the first reaction in favor of priests.
London, April 15.—The concentration of loyal troops at Versailles continues. There is a circular, says the fighting of the last two days was comparatively unimportant. The Government troops are well established in their positions. The insurgent sorties were ineffectual.
Paris, April 15.—There was a brisk cannonading, yesterday evening. Cluseret claims to have repulsed the Assemblée. The cannonading recommenced at the Malhot gates, this morning.

American Intelligence.
Washington, April 14.—The House has adopted an amendment to the deficiency appropriation bill repealing that portion of that proviso of the legislative appropriation bill of last year which deprived the holders of Presidential pardons of all standing in the courts. The action now taken by the House, without a dissentient vote, provides for fulfilling the promise of the amnesty proclamation of December, 1863, and applies only to pardons granted under said proclamation of President Lincoln, with a view to induce persons to abandon the rebellion, and where they did actually abandon it and thereafter kept their obligations in good faith.
The Democratic Senators and Representatives held a caucus to-night, when Senator Bayard, chairman of a committee, stated that in view of the pending legislation on the Ku Klux bill, the committee was not ready to report, but would report on Monday night at an adjourned meeting of the caucus.
The caucus earnestly advises all Democratic members now absent to return to Washington to vote upon amendments.

Washington, April 15.—A three days' religious riot at Odessa was stopped by the bayonet. The Parliament of the Dominion of Canada has been prorogued. The Governor-General's speech is hopeful of good results from the High Commission.
George Wendelkir, alias Dutch George, a famous counterfeiter, was arrested in New York, and committed in default of \$25,000 bail.
Work on the Southern Pacific Railroad is being pushed vigorously from Gilroy, California, Southward.
Comparatively heavy fighting has been going on in Cuba. The Cubans seem to be thoroughly organized for a guerilla war.
The severe fighting around Paris up to last night did not materially change the situation. All are waiting for a grand attack. McMahon is at Buil. Cluseret, in reporting to the Commune, boasts that the Assembléists have been seriously repulsed, and that he has great confidence in ultimate success. The Communists are plundering public offices and churches. They coin all treasures found. The supply of milk has ceased, and provisions are rising.
Thirty coal mines, supplying St. Louis, have stopped, in consequence of a strike. The Missouri River has fallen six feet.
The Senate postponed proceedings preliminary to considering the House amnesty bill. This action is considered unfavorable to the bill.
The House, temporarily postponing the Ku Klux bill, as amended by the Senate, proceeded with the deficiency bill.
It is probable that the slight disturbance on the Southern coast will pass away, without increasing; cloudy weather and fresh North-east winds will probably be experienced on Sunday from Lake Erie to Superior; fresh winds are probable for the Eastern States; falling barometer and cloudy weather on the California coast.

Washington, April 15.—Major Belger has been fully restored to his position in the army.
Schlozer, Minister of the German Empire, has arrived.
The Republican Senators hold a caucus on Monday, on amnesty.
In the House, the Senate amendment to the deficiency bill, as amended by the House, authorizing the repealing of national bills and assessing banks for the expense, was rejected—47 to 113. Finally, a committee of conference was asked. The Ku Klux bill was taken up. The Senate's amendment, extending the right of the President to suspend the habeas corpus to the end of the next regular session of Congress, was rejected—86 to 93. An amendment requiring the iron-clad from Federal jurors was rejected, without division. The amendment known as "Sherman's amendment," telegraphed in full last night, was rejected—yeas 45; nays 131. This is the amendment assessing damages upon localities. Other amendments—the most of them immaterial—were concurred in, and a committee of conference was ordered. Shellabarger, Schofield and Cox were appointed on the part of the House. Adjourned.
Philadelphia, Pa., April 15.—Three ruffians, who outraged a lady last Tuesday, were convicted and sentenced to pay a fine of \$1,000, and to serve fifteen years in the penitentiary. [Quick work.]
Albany, N. Y., April 15.—A special election for the New York vacancy really passed—85 to 55.
New York, April 15.—The corporation of the Texas Pacific Railroad Company held a meeting to-day, at the office of Marshall O. Roberts. Among the

prominent persons present were General Fremont, J. W. Forney, of the Philadelphia Press; Senator Nye, of Nevada; Thomas A. Scott, of the Pennsylvania Railroad; J. P. Southern, of Columbia, S. C.; General Rosencrans, and a number of other capitalists and railroad men. Samuel Sloan was appointed Treasurer, and gave bonds for \$400,000.—Judge Pierpont and Marshall O. Roberts being securities. By unanimous consent, 11,000 out of the 20,000 shares of stock were allotted to Marshall O. Roberts—thus virtually securing the entire control of the road and the Presidency, in case he desires it. General Fremont received 5,000 shares, and the remaining 4,000 shares were distributed among the balance of the corporators, and were immediately subscribed for.
The Commercial Advertiser publishes a rumor that the Republican member who announced his intention to vote with the Democrats, cost them \$65,000.
JACKSON, Miss., April 15.—A terrific hail-storm passed over this vicinity, last night, lasting for fifteen minutes. Many stones measuring six inches in circumference were found. Several thousand window lights were broken, sheet iron roofing perforated, gardens, fields, crops and fruit seriously damaged, forest trees stripped of their foliage, and hundreds of birds killed.
CHARLESTON, April 15.—Arrived—steamer Georgia, New York. Sailed—steamer James Adger, New York.
