BEAR IN MIND .- When disease has lermined th tem has become prostrated, a stimulant that will not only strengthen, but remove the cause, should be immediately resorted to. Mental distress is also a fruitful source of the breaking down of the constitution, and the ravages of this enemy to health are truly alarming. For all such maladies, HOSTET-TER'S STOMACH BITTERS have been found unsurpassed. By acting directly upon the digestive organs, they remove the heavy, disagreeable feeling after eating, so often complained of by persons of a delicate temperament. As soon as digestion is restored, the patient finds his strength increasing, and his

patient finds his strength increasing, and his general health improved.

Thousands of persons certify that it may be relied on in all cases of weakness or nervous debility attendant upon sedentary habits. The generality of Bitters are so disagreeable to the tasts that they are objectionable to a weak stomach. This is not the case with Hostetter's Bitters, which will be found mild and extremely pleasant. Baleamic plants, barks and roots contribute their restorative juices to render it soothing and strengthening. Its basis is the only pure stimulant which has ever been produced, containing no fusit oil, or any other deleterious element. The most careful and skilful chemists have analyzed the Bitters, and pronounce them harmless. This is scientific testimony; but the testimony of the hundreds of thousands who have experienced the preventive and the testimony of the hundreds of thousands who have experienced the preventive and curative effects of the oneat vegetable tonic and alterative of modern times, is still mere conclusive. In Fever and Ague, Dyspepsia, Biliousness, Nervous Complaints, Chronic Complaints and General Debility, it is as nearly infallible as anything in this fallible world can be.
