

# THE DAILY PHOENIX.

"Let our just Censures"

Attend the True Event."

BY J. A. SELBY.

COLUMBIA, S. C. TUESDAY MORNING, NOVEMBER 5, 1872.

VOL. VII—NO. 196.

The highest bridge in the world is said to be the Verrugas Viaduct, on the Lima and Oroya Railroad, in the Andes of Peru. The viaduct crosses a mountain torrent, called the Agua de Verrugas, in a wild and picturesque locality, 12,000 feet above the level of the sea. The structure consists of four dock spans of the Fink type of truss, three of which are 110 feet long, and one, the central span, 125 feet long. The spans rest on piers built of wrought iron columns. The piers are fifty feet long by fifteen feet wide on top. There being three piers, the total length of the viaduct is 575 feet. The piers are the principal feature of interest, and are respectively 145 feet, 252 feet and 187 feet high. Each pier consists of twelve legs, which in plan form a rectangle. The legs are composed of a series of wrought iron six-segment columns, in lengths of twenty-five feet, connections being made by cast iron joint boxes having tenons on each end running into the column. The tenons and the face of casting against which the column bears are machine-dressed, so as to obtain an accurate fit and perfect-bearing surface. The columns have an exterior diameter of twelve inches, and a diameter, including flanges, of sixteen inches. Compared with other works of a similar type, such as the Crumlin Viaduct, which has hitherto borne off the palm, it is far ahead, both in magnitude and perfection of details.

**SYMPTOMS OF CATARRH.**—Dull, heavy headache, obstruction of nasal passages, discharge falling into throat, sometimes profuse, watery, acid, thick and tenacious mucus, purulent, mucopurulent, bloody, purid, offensive, etc. In others a dryness, dry, watery, weak or inflamed eyes, ringing in ears, deafness, hawking and coughing to clear the throat, ulcers, scabs from ulcers, constant desire to clear nose and throat, voice altered, nasal twang, offensive breath, impaired smell and taste, dizziness, mental depression, tickling cough, idiocy and insanity. All the above symptoms are common to the disease in some of its stages or complications, yet thousands of cases annually terminate in consumption, and end in the grave, without ever manifesting one-third of the above symptoms. No disease is more common or less understood by physicians. The proprietor of Dr. Sage's Catarrh Remedy will pay \$500 reward for a case of Catarrh which he cannot cure. Sold by Druggists.

The justice of the verdict rendered by the public years ago in favor of the MEXICAN MUSTANG LINIMENT must be apparent to all who have used that famous preparation, or seen it used. Its healing influence is irresistible. The most obstinate forms of neuralgic or rheumatic disease are totally cured by it, and that in an inconceivable short space of time. External injuries or sores, whether of man or beast, as well as all equine or human maladies for which a liniment may be used, are speedily remedied by its use. Remember it is not merely a palliative, but an eradicator of disease. O 31 1/2

**THE WORK OF TWO LIVES.**—A sculptor, Franz Langer, of Kaden, spent thirty years of his life in constructing a wooden model of Solomon's Temple, according to the description given by Flavius Josephus. In 1850 he died, in his seventy-second year, leaving his work still incomplete. His son continued to carry out the work, but he also died before the work was completely finished. Two citizens of Kaden undertook to put the finishing touch to it, on which they worked for two years more. They asked permission of the Commissioners of the Vienna Industrial Exhibition to exhibit the work there and have a place assigned for it, which permission was granted. It requires a space of 225 cubic feet.

Senator Sprague, of Rhode Island, has recently presented full suits of clothing to the officers and crew of the revenue cutter Moosin, who gave theirs to the survivors of the Metis.

WE do not wish to be "frantic" in our style of advertising, but we do beg a discriminating public to peruse the few following items before eating or drinking anything "purchased cheap where?"

When madam has attended to the gastronomic arrangement, and the cloth has been taken from the table, the proper ingredients may be had, as usual, to aid digestion, and create that "foam of reason and the flow of soul" which Mout & Chandon, Laton, Blanc de Chateau, Yquem alone can create in generous souls.
