RESPONSIBILITY OF DORMANT PARTNERS.—In the United States Circuit Court, before Judges Bond and Giles, in the case of the First National Bank of Virginia against Samuel Taylor Suit, which was on trial for three days, the jury, on Saturday, rendered a verdict for defendant. This case involved an interesting question of the responsibility of dormant partners. Samuel T. Suit, the defendant, lent \$5,000 to George W. Ely to enable him to go into the banking business in New York as partner in the firm of Boteler & Ely—the money to be returned in one year, and Ely to give Suit one-half of his share of the profits. Plaintiff alleged also that Suit held himself out as a partner in the said firm, which defendant denied. The court ruled that defendant, Suit, could not be held liable for the debts of the firm on the contract with one member of it, that being an individual loan, and not to the partnership, and the share of profits being only half of Ely's, which he had a right to dispose of as he pleased; but that if defendant represented himself to plaintiff as a partner in such a way that plaintiff dealt with said firm on the credit of his responsibility, then he was liable. This question of fact went to a jury, and their verdict was rendered for defendant.—*Baltimore Sun.*

\$1,000 REWARD is offered by the proprietor of Dr. Pierce's Golden Medical Discovery for a medicine that will equal it in the cure of Bronchitis, severe Coughs, and the early stages of Consumption.

TWENTY YEARS YOUNGER.—To say that hundreds of maids, wives and widows look twenty years younger than they are in consequence of the complexional freshness derived from the use of Hagan's Magnolia Balm, is simply to state an absolute fact, which might be promptly verified by direct testimony if ladies were as willing to tell their ages as to use the best means of making themselves lovely. Nature sometimes, but very rarely, crowns the charm of perfect features with a complexion of exquisite clearness; but even then time soon begins to make inroads upon the velvet cheek, the fair white brow, the ivory bust, the rounded arm. To preserve the "glory of woman" unblemished, even after the meridian of life has been passed, it is only necessary to use daily this cooling, healthful vegetable preparation.

SINGULAR RAPE CASE.—A rape case has just been tried in Lancaster, Pa., on a charge made by a Mrs. Eby against Dr. George Ferard. The crime was alleged to have been committed in a hotel at Lancaster, where the doctor was stopping, while the prosecutrix was under the influence of chloroform administered without her consent and without knowledge of the fact. The trial occupied several days, and a large number of medical experts were examined in relation to the effects of anesthetics and the methods of administering them. The jury returned a verdict of not guilty as to the grave charge, but convicted the prisoner of administering a drug with intent to commit a felony. Dr. Ferard, who is over seventy-nine years of age, and a man of considerable culture, made quite an eloquent appeal to the mercy of the court. He was sentenced to eighteen months' imprisonment at hard labor.

Here is the way the local of the Thomaston Herald tells that a man is going to be married: "Mr. C. F. T. left town Thursday morning, bound Eastward on the wings of love, to seal upon Hymen's altars certain vows which he had 'softly and sweetly breathed' at Cupid's shrine."

It cannot hurt you. It is purely vegetable. Try Simmons' Liver Regulator, if you wish to be well. It acts like a charm without debilitating the system, and without any of the evil effects of Mercury. Simmon's Liver Regulator is the safe remedy.

Ayer's Cathartic Pills,
FOR the relief and cure of all derangements in the stomach, liver and bowels. They are a mild aperient, and an excellent purgative. Being purely vegetable, they contain no mercury or mineral whatever. Much serious sickness and suffering is prevented by their timely use; and every family should have them on hand for their protection and relief, when required. Long experience has proved them to be the safest, surest and best of all the PILLS with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Internal organs which become clogged and sluggish are cleansed by Ayer's Pills, and stimulated into action. Thus incipient diseases are prevented, the value of which change, when reckoned on the vast multitudes who enjoy it, can hardly be computed. The sugar coating makes them pleasant to take, and preserves their virtues unimpaired for any length of time, so that they are ever fresh, and perfectly reliable, at the most seasonable, they are mild, and operate without disturbance to the constitution, or diet, or occupation.
Full directions are given on the wrapper to each box, how to use them as a Family Physician, and for the following complaints, which these Pills rapidly cure:
For Dyspepsia or Indigestion, Listlessness, Languor and Loss of Appetite, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.
For Liver Complaint and its various symptoms, Bilious Headache, Sick Headache, Colic, Constipation, Gravel, Gout, Rheumatism, Back and Loins, they should be continued until taken, as required, to change the diseased action of the system. With such change these complaints disappear.
For Dropsy and Dropsical Swellings, they should be taken in large and frequent doses to produce the effect of a drastic purgative. In such cases, a large dose should be taken, as it produces the desired effect by sympathy.
As a Dinner Pill, take one or two Pills to promote digestion and relieve the stomach.
An occasional dose stimulates the stomach and bowels, restores the appetite and invigorates the system. Hence it is often advantageously used where no serious derangement exists. One who feels tolerably well, often finds that a dose of these Pills make him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

Ayer's Ague Cure,
For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and, indeed, all the affections which arise from malarious, marsh, or miasmatic poisons.
NO one remedy is louder called for by the necessities of the American people than a safe and sure cure for Fever and Ague. Such a cure is now offered to the public, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity.
That which protects from or prevents this disease must be of immense service in the communities where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "CURE" expels the miasmatic poison of FEVER and AGUE from the system, and prevents the development of the disease, if taken on the first signs of its presence, or any symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of everybody; and in bilious districts, where FEVER and AGUE prevails, everybody should have it, and use it freely, both for cure and protection. It is hoped that the price will place it within the reach of all who are well as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it contains no Quinine or mineral; consequently it produces no quinine or other injurious effects whatever upon the constitution. Those who are ill are left as healthy as if they had never had the Ague.
Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Rheumatism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Menstruation, Dropsy, Paralysis, and derangement of the Bowels, Colic, Paralysis, and derangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "CURE" expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to immigrants and persons traveling or temporarily residing in the malarious districts. If taken occasionally or daily while exposed to the infection, that will be exerted from the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure; and few will ever suffer from Intermittents if they avail themselves of the protection thus readily afforded.
For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity, and producing many truly remarkable cures, where other medicines fail.
