Don't be in a hurry to go.
Come, boys, I have something to tell you; You're thinking of leaving the homestead— Don't be in a hurry to go.
The city has many attractions,
But think of the vices and sins,
When once in the vortex of fashion,
How soon the course downward begins.

You talk of the mines of Australia,
They're wealthy in treasures, no doubt,
But, ah, there is gold in the farm, boys,
If only you'll shovel it out.
The mercantile life is a hazard,
The goods are first high and then low,
Better risk the old farm while longer—
Don't be in a hurry to go.

The great busy West has inducements,
And so has the bustling East,
But wealth was not made in a day, boys,
Don't be in a hurry to start.
The banker and broker are wealthy—
They take in their thousands or so;
Ah, think of their frauds and deceptions—
Don't be in a hurry to go.

The farm is the safest and surest;
The orchards are loaded to-day;
You are free as the air of the mountain,
And monarch of all you survey.
But stay on the farm awhile longer,
Though profits come in rather slow,
Remember you're nothing to risk, boys—
Don't be in a hurry to go.

A Kentuckian who had borne up bravely through a long matrimonial engagement, had doubtless never thought of the mother-in-law contingent until just before the appointed wedding day, last week, when he incontinently blew his brains out.

The San Francisco Bulletin thinks that in a very few years the Pacific coast will raise more than 100,000,000 bushels of surplus wheat per annum, and says that, besides this, the gold and silver product of the coast, estimated at \$65,000,000 annually, will sink into insignificance.

A Kansas man dropped a little note to a neighbor's wife, inviting her to meet him under the pale silver moon. The husband got the note first, and kept the appointment. Two doctors have been at work on the Kansas man, in whom they found a rich lead mine.

Dubuque has a clergyman who rides along the streets with red boots, calling on everybody to "repent and be baptized," telling them about hell and purgatory, and all that. Several persons have been made insane by his furious bromine appeals.

Among other things that Wells & Fargo's firm is not responsible for as carriers, is couched the following language in their regulations: "Nor for any loss or damage by fire, the acts of God, or of Indians, or any other public enemies of the Government."

According to recent arrangements, the forth-coming international exhibition at Vienna will contain a special department for arms and ammunition, so arranged as to show the progress achieved in this manufacture during the last twenty years.

An international exhibition is to be held in Madrid in 1875, when Spain, which has for so many years traveled the down-hill road of decay and decline, proposes to show the world what she can still display of art and industry.

A NONDESCRIPT ANIMAL.—A California editor contributes to natural history the description of a nondescript animal recently killed at San Andras, having a fox's head, a monkey's tail and webbed feet, wherewith it actively climbed trees.

"Oat iron sinks," is the legend on the sign of a Hartford plumber. "Well, who (hic) said it didn't?" was the inquiry of an inebriated man of sin, who read it over three or four times, and chuckled when he thought he saw the point.

AYER'S Sarsaparilla
IS widely known as one of the most effectual remedies ever discovered for cleansing the system and purifying the blood. It has stood the test of years, with a constantly growing reputation, based on its intrinsic virtues, and sustained by its remarkable cures. So mild as to be safe and beneficial to children, and yet so searching as to effectually purge out the great corruptions of the blood, such as the scrofulous and syphilitic contamination. Impurities, or diseases that have lurked in the system for years, soon yield to this powerful antidote, and disappear. Hence its wonderful cures, many of which are publicly known, of Scrofula, and all scrofulous diseases, Ulcers, Eruptions, and eruptive disorders of the skin, Tumors, Blotches, Bolls, Pimples, Freckles, Sores, St. Anthony's Fire, Rose or Erythema, Itch, Salt Rheum, Swelling Head, Ringworm, and internal Ulcerations of the Uterus, Stomach, and Liver. It also cures other complaints, to which it would not seem especially adapted, such as Dropsy, Dyspepsia, Fits, Neuralgia, Heart Disease, Female Weakness, Debility, and Leucorrhoea, when they are manifested from the scrofulous system.

It is an excellent restorer of health and strength in the spring. By renewing the appetite and vigor of the digestive organs, it dissipates the depression and listless languor of the season. Even where no disorder appears, people feel better, and live longer, for cleansing the blood. The system moves on with renewed vigor and a new lease of life.

HAIR VEGETABLE SICIALIA HAIR RENEWER.
Every year increases the popularity of this valuable Hair Preparation; which is due to merit alone. We can assure our old patrons that it is kept fully up to its high standard; and it is the only reliable and perfected preparation for restoring GRAY or FADED HAIR to its youthful color, making it soft, lustrous and silken. The scalp, by its use, becomes white and clean. It removes all eruptions, prevents the hair from falling out, as it stimulates and nourishes the hair-glands. By its use, the hair grows thicker and stronger. In baldness, it restores the capillary glands to their normal vigor, and will create a new growth, except in extreme old age. It is the most economical HAIR Dressing ever used, as it requires fewer applications, and gives the hair a splendid glossy appearance. A. A. HAYES, M. D., State Assessor of Massachusetts, writes: "The contents are pure, and carefully selected for excellent quality; and I consider it the BEST PREPARATION for its intended purposes."
Sold by all Druggists and Dealers in Medicines.
Price One Dollar.

Buckingham's Dye,
FOR THE WHISKERS.
As our Renewer in many cases requires too long a time, and too much care, to restore gray or faded Whiskers, we have prepared this dye, in the form of a preparation, which will quickly and effectually accomplish this result. It is easily applied, and produces a color which will neither rub nor wash off. Sold by all Druggists. Price fifty cents.

Pacific Guano Company's
(CAPITAL \$1,000,000.)
SOLUBLE PACIFIC GUANO.
THIS GUANO is now so well known in all the Southern States for its remarkable effects as an agency for increasing the products of labor, as not to require special recommendation from us. Its use for seven years past has established its character for reliable excellence. The large fixed capital invested by the company in this trade affords a guarantee of the continued excellence of this Guano.

The supplies put into market this season are, as heretofore, prepared under the personal superintendence of Dr. St. Julian Ravel, Chemist of the Company, at Charleston, S. C.; hence planters may rest assured that its quality and composition are precisely the same as that heretofore sold.
