Ayer's Ague Cure
 For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Malarial Ague, Periodical or Bilious Fever, &c., and, in fact, all the affections which arise from malarial, marsh, or miasmatic poisons.

NO other remedy is so widely called for by the necessities of the American people than a safe and sure cure for Fever and Ague. Such a cure is now available, and it is so simple and easy to use, that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity.

That which protects from or prevents this disease, is a most valuable service in the community, where it is so prevalent. It is better than a cure, for the patient escapes the risk which he must run in violent attacks of this baleful distemper. This "Cure" expels the miasmatic poison of FEVER AND AGUE from the system, and prevents the development of the disease, if taken on the first approach of the preliminary symptoms. It is not only the best remedy ever yet discovered for this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of everybody; and in bilious districts, where FEVER AND AGUE prevail, everybody should have it, and use it both for cure and protection. It is hoped this price will carry it within the reach of all—the poor as well as the rich. A great superiority of this remedy over any other ever discovered for the speedy and certain cure of Intermittents is, that it produces no Quinine or mineral; consequently it produces no injury to the system, or effects whatever upon the constitution. Those cured by it are left as healthy as if they had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, such as Headache, Rheumatism, Gout, Hoarseness, Blindness, Dropsy, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysteria, Pain in the Bowels, Colic, Paralysis, and derangement of the Stomach, all of which, when originating in this cause, but on the intermittent type, or on a bilious basis, can be cured by this "Cure" as well as those which are permanent. It is an invaluable protection to immigrants and persons traveling or temporarily residing in the malarial districts. If taken occasionally or daily while exposed to the infection, that will be excreted from the system, and cannot accumulate in sufficient quantity to give rise to the disease. Hence it is even more valuable for protection than for cure, and few will ever suffer from Intermittents if they avail themselves of the protection this remedy affords.

For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, and producing many other remarkable cures, where other medicines fail.

Ayer's Cathartic Pills
 FOR THE relief and cure of all derangements in the stomach, liver and bowels. They are a mild aperient, and an excellent purgative. Being perfectly vegetable, they contain no mercury or mineral whatever. Much serious sickness and suffering is prevented by their timely use. Every family should have them on hand for the protection and relief, when required. Long experience has proved them to be the safest, surest and best of all the Pills with which the market abounds. By their occasional use, the blood is purified, the corruptions of the system expelled, obstructions removed, and the whole machinery of life restored to its healthy activity. Length of time, so that they are ever fresh, and perfectly reliable. Although searching, they are mild, and operate without disturbance to the constitution, or diet, or occupation.

Full directions are given on the wrapper to each box, and are as a Family Physic, and for the following complaints, which these Pills rapidly cure:
 For Dyspepsia or Indigestion, Liteness, Languor and Loss of Appetite, they should be taken moderately to stimulate the stomach, and restore its healthy tone and action.
 For Liver Complaint and its various symptoms, Bilious Headache, Sick Headache, Jaundice or Green Sickness, Bilious Colic and Bilious Fevers, they should be judiciously taken for each case, to correct the diseased action or remove the obstruction.
 For Dysentery or Diarrhea, but one mild dose is generally required.
 For Rheumatism, Gout, Gravel, Palpitation of the Heart, Pain in the Side, Back and Loins, they should be continuously taken, as required, to change the diseased action of the system. With such change those complaining of these diseases are cured.
 For Dropsy and Dropsical Swellings, they should be taken in large and frequent doses to produce the effect of a drastic purge.
 For Suppression, a large dose should be taken, as it produces the desired effect by sympathy.

For Constipation, take one or two Pills to promote digestion and relieve the stomach and bowels, restores the appetite and invigorates the system. Hence it is often advantageous where no serious derangement exists. One who feels tolerably well, often finds that one of these Pills make him feel decidedly better, from their cleansing and renovating effect on the digestive apparatus.

THE LOST NORTH CAROLINA PROTECTOR
 FOUND AND IDENTIFIED.
 The Wilmington Star learns from Capt. Harper, of Smithville, that it has been definitely ascertained that the boat recently found on the beach near Tub's Inlet, is the one in which the five ill-fated sailors took passage on the day they were assigned to a watery grave. A gentleman who was perfectly familiar with the boat which they used on that occasion, has seen the one referred to on the beach and is certain it is the same one.
