FOR SALE AT THE CAROLINA NATIONAL BANK SEVEN PER CENT. COUPON BONDS OF THE CITY OF COLUMBIA.
Secured by a Sinking Fund. Coupons secured by an Annual Tax and Receivable for City Taxes. Bonds now for sale by the City, Bond Debt of the City Limited by Law to \$600,000. Taxable Property of the City \$7,000,000.

THE BONDS offered are authorized by an Act of Assembly approved March 13, 1872, for the construction of the new City Hall. Their final redemption is, by the terms of said Act, secured by a "sinking fund" to be accumulated from the annual rents of the building. These rents will reach from \$8,000 to \$10,000 per annum; and the Carolina National Bank holds a lien of the building for a term of twenty years, as trustee, with power to collect the rents and hold the same invested as a fund for the redemption of the bonds. By said Act, an annual tax is required to be levied to pay the semi-annual coupons, and the Carolina National Bank is made the trustee of the city to receive the taxes when collected and to pay the coupons. The coupons are also receivable for city taxes. The taxable property of the city is at present assessed at \$7,000,000; and by said Act the bond debt of the city can be increased beyond \$600,000 whilst these bonds are outstanding. The bonds are exempt by law from city taxation. These bonds are offered to the public at eighty cents, with interest from date of purchase to January 1, 1873, allowed in settlement. After that date, the accrued interest to be added. Citizens of Columbia these bonds will give an income of 12 1/2 per cent., as may be seen from the following statement: Annual interest..... 9 1/2 per cent. Nineteen years to run, average increase per annum..... 1 1/2 per cent. City tax saved..... 2 per cent. Average annual income..... 12 1/2 Dec 11

A Desirable Investment! NOT TAXABLE BY THE STATE, CITY OR COUNTY. A SAVING OF NEARLY Three and One-half Per Cent. Per An. CHARLOTTE, COL. & AUG. R. R. SEVEN PER CENT. COUPON BONDS,
Secured by a Mortgage on the entire Property of the Road. Interest Payable Semi-Annually, on the 1st of January and 1st of July.

The Central National Bank, OF COLUMBIA.
OFFERS for sale limited amount of above-mentioned BONDS, at the following rates: FIRST MORTGAGE BONDS, (only \$10,000 per mile,) at 82 cents and accrued interest; SECOND MORTGAGE, (only \$5,000 per mile,) at 75 cents and accrued interest; and recommended them to Trustees and others having money to invest, as being the most desirable security on the market, for the following reasons, to wit: FIRST.—THEY CANNOT BE TAXED BY THE STATE, COUNTY OR CITY. The United States Supreme Court, in the case of the Northern Central Railroad vs. Jackson, (see 7 Wallace, Supreme Court U. S., page 207,) decided that, when a Railroad mortgage is a joint one, on property lying in two or more States, the bonds secured thereby are not liable to be taxed by either of the States; and the same principle relieves them from taxation by County, City, or Town. The Charlotte, Columbia and Augusta bonds are secured by a joint mortgage on property lying in North Carolina, South Carolina and Georgia. SECOND.—Because they are absolutely safe, being secured by a first mortgage of only \$10,000, and a second mortgage of only \$5,000 per mile on the entire road from Charlotte to Augusta, and on all the workshops, bridges, franchise and equipments of said road. THIRD.—Because the sale of the first mortgage bonds will extinguish the floating debt of the road, and the proceeds of the second mortgage bonds will be exclusively applied to improving the road and adding to its equipments; thus enhancing the value of the property mortgaged. FOURTH.—Because the bonds are coupon bonds, and the interest payable in New York, Charlotte, Columbia or Augusta, at the option of the holder. Thus they can be collected through any bank without expense. FIFTH.—The business of the road is rapidly increasing, and the property and franchise daily becoming more valuable—the net earnings for the last five months being over fifty per cent. more than for the corresponding months of the preceding year. SIXTH.—These bonds are practically redeemable in gold, for specie payment will certainly be resumed before their maturity. Investors will, therefore, buy with greenbacks worth 87 1/2 cents, and receive their pay at par—thus adding a profit of over THIRTY CENTS on the dollar on the First Mortgage Bonds, and over THIRTY-SEVEN CENTS on the Second Mortgage Bonds, and in the meantime receiving a high rate of interest. FINALLY.—As these bonds have a fixed value in New York, Charlotte, Columbia and Augusta, they are considered good collateral, on which money can always be borrowed for temporary purposes. JOHN B. PALMER, President. A. G. BREXNER, Cashier. Jan 31
