10 Bags Old Government JAVA, 10 packets Pure Mocha, For sale low by HOPE & GYLES.

FOR SALE

AT THE **CAROLINA NATIONAL BANK** SEVEN PER CENT. **COUPON BONDS** OF THE **CITY OF COLUMBIA.**

Secured by a Sinking Fund. Coupons secured by an Annual Tax and Receivable for City Taxes. Bonds non-taxable by the City. Bond Debt of the City Limited by Law to \$600,000. Taxable Property of the City \$7,000,000.

THE BONDS offered are authorized by an Act of Assembly approved March 18, 1872, for the construction of the new City Hall. Their final redemption is, by the terms of said Act, secured by a "sinking fund," to be accumulated from the amount of the building. These rents will reach from \$8,000 to \$10,000 per annum; and the Carolina National Bank holds a lien of the building for a term of twenty years, as trustee, with power to collect the rents and hold the same investment as a fund for the redemption of the bonds.

By said Act a special annual tax is levied to pay the semi-annual coupons, and the Carolina National Bank is made the trustee of the city to receive the taxes when collected and to pay the coupons. The coupons are also receivable for city taxes.

The taxable property of the city is at present assessed at \$2,000,000; and by said Act the bond debt of the city cannot be increased beyond \$600,000 whilst these bonds are outstanding. The bonds are exempt by law from city taxation.

These bonds are offered to the public at eighty net, with interest from date of purchase on January 1, 1873, allowed in settlement. After that date, the accrued interest to be added.

To citizens of Columbia these bonds will give an income of 12 1/2 per cent., as may be seen from the following statement:

Seven per cent. bonds, at 75, annual interest..... 9 1/2 per cent. Nineteen years to run, average increase per annum..... 1 1/2 per cent. City tax saved..... 2 per cent. Average annual income..... 12 1/2 Dec 11

A Desirable Investment! **NOT TAXABLE** BY THE **STATE, CITY OR COUNTY.**

A SAVING OF NEARLY **THREE AND ONE-HALF PER CENT. PER AN.**

CHARLOTTE, COL. & AUG. R. R. COUPON BONDS, Secured by a Mortgage on the entire Property of the Road. Interest Payable Semi-Annually, on the 1st of January and 1st of July.

The Central National Bank, OF COLUMBIA.

OFFERS for sale limited amount of above-mentioned BONDS, at the following rates: **FIRST MORTGAGE BONDS,** (only \$10,000 per mile,) at 82 cents and accrued interest; **SECOND MORTGAGE,** (only \$5,000 per mile,) at 75 cents and accrued interest, and recommend them to Trustees and others living money to invest, as being the most desirable security on the market, for the following reasons, to wit:

FIRST.—THEY CANNOT BE TAKEN BY THE STATE, COUNTY OR CITY. The United States Supreme Court, in the case of the Northern Central Railroad vs. Jackson, (see 7 Wallace, Supreme Court U. S., page 207,) decided that, when a lien on two or more States, the bonds secured thereby are not liable to be taxed by either of the States; and the same principle relieves them from taxation by the City, or Town. The Charlotte, Columbia and Augusta bonds are secured by a joint mortgage on property lying in North Carolina, South Carolina and Georgia.

SECOND.—Because they are absolutely safe, being secured by a first mortgage of only \$10,000, and a second mortgage of only \$5,000 per mile on the entire road from Charlotte to Augusta, and on all the workshops, bridges, franchise and equipments of said road.

THIRD.—Because the sale of the first mortgage bonds will extinguish the floating debt of the road, and the proceeds of the second mortgage bonds will be exclusively applied to improving the road and adding to its equipments; thus enhancing the value of the property mortgaged.

FOURTH.—Because the Bonds are coupon bonds, and the interest payable in New York, Charlotte, Columbia or Augusta, at the option of the holder. Thus they can be collected through any bank without expense.

FIFTH.—The business of the road is rapidly increasing, and the property and franchise daily becoming more valuable—the net earnings for the last five months being over fifty per cent. more than for the corresponding months of the preceding year.

SIXTH.—These Bonds are practically redeemable in gold, for specie payment will certainly be resumed before their maturity. Investors will, therefore, buy with greatbacks worth 87 1/2 cents, and receive their pay at par—thus adding a profit of OVER THIRTY PER CENT. on the dollar on the First Mortgage Bonds, and OVER THIRTY SEVEN PER CENT. on the Second Mortgage Bonds, and in the meantime receiving a high rate of interest.

SEVENTH.—As these Bonds have a fixed value in New York, Charlotte, Columbia and Augusta, they are considered good collateral, on which money can always be borrowed for temporary purposes.

Mexican affairs are mixed and equally perplexing. Porfirio Diaz has been made Chief Justice, which means mischief to Lerdo's successors. That same mischief is in Simola and Sonora, an outbreak in Oaxaca, and worse than all, Lozada's revolts in Jalisco, proclaiming a war of races between the descendants of the Aztecs and the Spanish blood. Where all this will terminate, and what the future of that republic will be, is matter of interest to us. The United States would not have Mexico for a gift, when Gen. Scott held her capital. We forced the French out of the country, and left poor Maximilian to die, when Seward could have saved him; and yet some day, not so very far off, either, we shall be forced to move across the Rio Grande and make a boundary of the Sierra Madre. This perpetual row across the border leaves us no really responsible Government to deal with, and as for diplomacy, where a Mexican negotiator is concerned, three card monte is simple square dealing. This country does not want territory, but then we can run a Credit Mobilier down in Monterey, beautifully, and cut out a lot of territories, and have governors and legislatures, and let the Peons vote, and after awhile have some more States and Aztec Senators, who will please vote, with Conkling, Morton and Cameron; and so there will be more stars in the flag, but how many "stripes" for the States. "Queen saber!"—New Orleans Picayune.

The Result of Emigrating.—Says the Atlanta Herald, of yesterday: "On the first of November last Mr. Crawford Nally, an old and highly esteemed citizen of Paulding County, Georgia, together with his family, consisting in all of twenty-one persons, left their quiet, comfortable and healthy home for Arkansas. While on the route some of the family were taken sick with the small-pox, caught on board a steamer on the Mississippi River, and on the 25th of December thirteen of the family had died from the fatal disease. A few days ago information was received to the effect that the remaining eight members had also died from the same disease, which leaves not a single one to tell the tale of the great affliction which befell them. This is, indeed, a sad occurrence, and to the relatives and friends of the family, residing in this County, we tender sincere condolence."
