A British subject who has been residing at Washington for many years, following the useful occupation of a manufacturer of Washington relies made of timber grown at Mount Vernon, has received \$14,000 damages from the Mixed Claims Commission at Washington. The Government took possession of his factory for war purposes, during the late "infor war purposes, during the late "nn-pleasantness," and, after trying in vain to get pay as an American oitizen, he put in his claim as a British subject. That is the advantage of having two or three citizenships about one's house.

A fishing party from Greenwood, Jackson County, Fla., made a visit to the lake near Capt. Godwin's residence, last week. The Marianna Courier says the party arrived at the lake in the after-noon and left about 10 o'clock the following morning, during which time over 600 pounds of fish were captured with a net—trout and bream—and three deer were slaughtered—one of which was killed at a distance of 200 yards from the hunter, while running.

Stop those chills that have been harassing you so long, as they sometimes end in that fatal disease called by some the "Up the Country Yellow Fover." They can be very easily stopped by taking Simmons Liver Regulator. Do not delay; go at once to your druggist and get a package and be cured. Ap191311
