The School Tax. In accordance with the advertisement of the Board of School Trustees, a meeting of the voters of School District No. 1, Richland County, was held in the Court House, at 12 o'clock M., June 28, 1873. On motion, Mr. John Agnew was called to the Chair, and Mr. B. I. Boone elected to act as Clerk. After some discussion, the following resolutions were proposed and unanimously adopted:

Resolved, That a tax of one mill on the dollar on all the taxable property of School District No. 1, Richland County, be levied and collected for school purposes.

Resolved, That the amount of money raised by said tax of one mill on the dollar be expended by the Board of School Trustees in such a manner as to them shall seem fit and proper.

The meeting then adjourned.

JOHN AGNEW, Chairman.
B. I. BOONE, Secretary.

It will be gratifying to all consumers of sugar to learn that the prospect is that for some time to come the supply of sugar will be abundant, thus causing cheap prices. The sugar crops in all producing countries are very large. The beet root sugar production of Europe will yield 1,100,000 tons, a crop that is one-fifth larger than last year's. The increase will go far towards supplying the European market, and will lessen the demand there for American sugar, so that a greater amount than ever before will seek a sale in this country, and keep prices low during the summer.

Foreign Affairs.
MADRID, June 27.—The Special Constituent Committee of the Cortes have drawn up a new Constitution, which embodies the following provisions: The Constituent Cortes is to appoint a President of the republic, who shall appoint a President of the Executive Council. The latter shall nominate Ministers, who must be confirmed by the Cortes. The people shall elect members of Congress and provisional assemblies members of the Senate. The penal code is to apply equally throughout the republic.

BARCELONA, June 27.—The Carlists in Bilbao are impressing able-bodied men into their ranks, and seizing all the arms they can find. Reinforcements are landing, and a general rising in their favor is anticipated in Biscay next Sunday.

LONDON, June 27.—The Daily News reports that the Russian Commission for the development of commerce in Asia proposes an extension of the Poth and Tiflis Railway to Baku, a Russian town on the West shores of the Caspian Sea, and then to Toheran, the capital of Persia. The News regards the enterprise as a formidable attempt to paralyze British commerce in the East.

The Emperor William has recovered. The new Russian court for the administration of the ecclesiastical law has been formed by a royal decree, composed of eleven judges, five of whom are Roman Catholics. The Archbishop of Cologne and his suffrages have been summoned to explain their reasons for excommunicating two priests who joined the old Catholic organization.

MADRID, June 28.—Senor Margal has formed a compromise of the Ministry, which is constituted as follows: President of the Council and Minister of the Interior, Magal; Minister of Foreign Affairs, Maisonave; Minister of War, Geo. Gonzalez; Minister of Finance, Carvajal; Minister of Justice, Berges; Minister of Marine, Aurich; Minister of Colonies, Soroni.

MADRID, June 28.—A column of Republicans under Castanon, was surprised on Thursday last, in Navarre, by the Carlists, and fled in great disorder to Pampeluna. Upon their entrance into that city, the inhabitants rose against them, crying, "Death to Novillan!" It is believed the Government will supersede Gen. Novillas as commander-in-chief of the army of the North. The Government troops, under Gen. Cobriny, have defeated a band of Carlists, commanded by Don Alphonso.

LONDON, June 28.—Despatches from Penang say the Dutch Government, with the view of terminating hostilities with Achene, has made an offer to the Sultan, to pay the expenses thus far incurred in the war; to rebuild the mosque burned by the Dutch troops; to acknowledge the independence of the Sultan, and to abstain from interference with Mohammedanism. In return, Holland asks that certain privileges be granted to Dutch traders at Achene ports.

MADRID, June 28.—Senor Aurich, who was yesterday appointed Minister of Marine, has resigned his portfolio. Senor Pi y Margal, in announcing to the Cortes the retirement of Aurich, asked the Deputies to refrain from interpellations, on account of the withdrawal of Minister of Marine. The remainder of the Cabinet has not been confirmed, and a crisis in the Government continues. A motion in the Cortes, that the body be constituted a Committee of Public Safety, was rejected.

BERSHIRE, SCOTLAND, June 28.—Miller (Liberal) has been elected to the Commons by fourteen majority.

VIENNA, June 28.—Anarchy prevails in the Turkish Province of Bosnia, caused by the persecution of the Christians by the Mohammedans. In one district of the province, 270 Christians have been murdered within the past six weeks, and the perpetrators of the crime remain unpunished. No efforts have been made to secure their arrest. The foreign representatives in Turkey demand an investigation, and have called upon the authorities to afford protection to the persecuted people. The murders have greatly alarmed the Christians in the province, and many are emigrating.

American Matters.
CHARLESTON, June 28.—Arrived—Brig Mary E. Dana, New York; schooner J. P. Wyman, Boston; steamship South Carolina, New York.

SAN FRANCISCO, June 27.—The following despatch was received from Yreka, California, June 20: Col. Elliott, First Cavalry, and Maj. Curtis, Judge Advocate, arrived here last night, and proceeded to Klamath this evening. Col. Elliott will be senior officer on the military commission to try the Modocs, as Col. Grange, Twenty-first Infantry, has been excused, on account of illness. The commission will probably not work till after the 4th of July. It is thought it will take about six weeks to conclude its labor. In the meantime, it is probable Col. Mason's battalion of Twenty-first Infantry, with Capt. Miller's battery, Fourth Artillery, will march to Vancouver, via Camps Warner and Harney and Fort Walla Walla. Col. Mendenhall, with the rest of the artillery, will probably return to San Francisco. Hasbrook's light battery and two companies of the Twentieth Infantry will remain at Klamath until the Modocs are disposed of.

WASHINGTON, June 27.—The Warm Spring Indians engaged in the Modoc war will be mustered out of service and paid off on their arrival at Dallas, Oregon, which was expected yesterday. The Indian Bureau has received from the War Department an official letter from Lieut. Col. John R. Brooks, commanding at Camp Supply, in which he states that the Cheyenne and Kiowa Indians are off their reservation.

BALTIMORE, June 28.—Two negroes have been sentenced to death—one murdered his paramour, the other outraged a white girl.

WASHINGTON, June 28.—Louis Trager,

of Louisiana, has been appointed Consul at Boulogne. It seems determined that Worthington shall succeed Clark as Collector of the port of Charleston. A commission will issue next week, upon Secretary Richardson's return.

The Convention of Superintendents and General Ticket Agents has postponed the free pass question to the next meeting.

Another fire at Port-au-Prince has destroyed a great part of the commercial quarter.

DeWitt C. Whitney has been appointed Appraiser of Merchandise at Mobile. The Tribune has a letter from Boston, saying that Butler will have the gubernatorial nomination.

General Quesada is reported to have received the \$50,000 promised from the United States of Colombia for the cause of free Cuba. The Cubans here are elated by the details of the recent engagement in Cuba, and express increased confidence in the ultimate liberation of the island from Spanish rule.

Probabilities—For the Gulf States' East of the Mississippi, generally cloudy weather, with rain. For the South Atlantic States, gentle to fresh South-easterly to South-westerly winds, partly cloudy weather and occasional rain areas.

While going to a fire, this morning, the tender to a fire engine upset, injuring six men—one fatally.

Five sun-stroke yesterday—one fatal. The Health Inspectors to-day are disinfecting the sixth, fifth, third, first and other pestiferous wards. Dr. Watts, of the Brooklyn Health Board, has issued sanitary instructions and precautions for citizens to adopt against cholera.

DISCIPLINE THE LIVER.—The liver is truly an "unruly member." Sometimes it is torpid and secretes too slowly, at other times it is unnaturally active and sends forth a perfect feshet of bile. Regulate this organ with Hostetter's Bitters, not with calomel or blue mass. Mineral excitants, in stimulating the liver, poison the blood, and their ultimate effect is terrible. The Bitters, on the other hand, have a vitalizing and purifying, as well as a stimulating effect. They not only regulate the flow of bile, but infuse new life into the whole system. A good appetite and perfect digestion, a regular, natural habit of body, a sound condition of the nervous system, vivacity of spirits, increased bodily strength and power of endurance, and refreshing sleep, are among the blessings they promote. The temperature of summer is a severe tax upon the digestive and secretory organs, and the Bitters are never more indispensable than at this period of the year. J2931

NERVOUS DEBILITY.—A DEPRESSED, IRRITABLE STATE OF MIND; WEAK, NERVOUS, EXHAUSTED FEELING; NO ENERGY OR ANIMATION; CONFOUSED HEAD, WEAK MEMORY, OFTEN WITH DEBILITATING, INVOLUNTARY DISCHARGES. The consequence of excesses, mental overwork or indiscretions. This NERVOUS DEBILITY finds a SOVEREIGN CURE in HUMPHREYS' HOMOEOPATHIC SPECIFIC, No. 28. It tones up the system, arrests discharges, dispels the mental gloom and despondency, and rejuvenates the entire system; it is perfectly harmless and always efficient. Price \$5 for a package of five boxes and a large \$2 vial of powder, which is important in all serious cases; or \$1 per single box. Sold by ALL Druggists, or sent by mail on receipt of price. Address HUMPHREYS' SPECIFIC HOMOEOPATHIC MEDICINE COMPANY, No. 562 Broadway, N. Y. For sale by GEIGER & MCGREGOR, Columbia, S. C. Ap14#1y
