MADRID, August 23.—The army, under command of General Sanchez Bregua, numbering 12,000 men, has entered Bilbao. The Carlist forces occupying the city withdrew without offering battle.
LONDON, August 23.—The threatened lock-out by the iron masters of Manchester of a portion of their operatives, has been postponed for the present—a proposition having been made to submit the differences between employers and workmen to a committee of arbitration.
BERLIN, August 23.—Dr. Falk, Minister of Public Instruction and Ecclesiastical Affairs, has ordered the Roman Catholic Seminary at Passen to be closed.
PARIS, August 23.—At a meeting of the members of the Left, to-day, it was decided to seek the support of the Left Centre, to prevent the success of the Fusionists and Legitimists for the establishment of a Bourbon monarchy.
BAYONNE, August 23.—The Carlists say they are organizing for a movement on Madrid, and will be ready to march some time in October. The Cartagenians are vigorously replying to the fire of the Spanish fleet. Admiral Lobos has under his command only the Saragosa iron-clad and some wooden frigates. The insurgents are plentifully supplied with provisions and stores, and are sanguine of assistance from the Communists in other cities, so that a stout resistance may be expected from them.
MADRID, August 23.—The Carlists, at the instigation of the priests, burn all the rites of civil marriages that they capture. The artillerymen in garrison at Barcelona mutinied against their officers; they were, however, disarmed by the cavalry under the command of the Captain-General, and were imprisoned before they had time to do any serious harm. Advice from Cartagena state that the civil and military authorities of the Communist Administration had quarreled, and their respective partisans had come to actual conflict, in which a number of men were killed and wounded on both sides. The private soldiers in Cartagena discouraged favor of surrendering to the Government forces.
The Spanish fleet, under command of Admiral Lobos, began the bombardment of Cartagena yesterday.
LONDON, August 23.—A collision occurred this morning on the Great Northern Railway, at Retford, near Nottingham, between freight and excursion trains. Both were badly wrecked, and the reports thus far received say twenty persons were killed and a large number injured. As there is great excitement at Retford, this account may be exaggerated.
Latter and more accurate details from the railroad collision at Retford, place the number of killed at four only; but fifteen persons were badly injured—seven of them beyond hope of recovery.
The Dublin Irishman publishes a new programme of the Home Rule Party. It includes the establishment of a new paper in Dublin called the *Faugh-a-Ballagh*, to be the official journal of the party, and agitation for the abolition of the name and office of Lord Lieutenant and the substitution of a Lieutenant, to be elected by universal suffrage, and to have a nominal title of king for triennial parliaments and for law, and for a law authorizing the confiscation of estates of absentees.
BAYONNE, August 23.—Advice from Carlist sources state that Berghas has again been invested by the Carlist army; both sides claim to have gained a victory in the recent battle before that town.
Telegraphic-American Matters.
FORTRESS MONROE, August 23.—The San Jacinto, from Galveston, is at Norfolk for coal.
SALT LAKE CITY, August 23.—Judge Emerson to-day sustained the defendant's demurrer in the case of Anne E. Young vs. Brigham Young, for divorce, against the jurisdiction of the District Court. The Judge held that the Probate Court, and not the District Court, had jurisdiction in the case. This is in direct opposition to the opinions of Judges McKean and Hawley, and virtually of the Supreme Court of the Territory. The case again comes up before Judge McKean, at the October term of the District Court. Rev. C. C. Stratton, a Methodist minister here, in a card, denies that he influenced Ann Eliza to enter a divorce suit, and charges her lawyers with an attempt to fleece their client.
HARRISBURG, PA., August 23.—A fire commenced at 1 o'clock, in the central part of Millin, Pa., and spread rapidly, consuming one block and a portion of another. Estimated loss \$100,000. The Juniata Sentinel office was burned.
HELENA, ARK., August 23.—The steamer Geo. Wolfe blew up at Sanfran Island, about 2 o'clock, yesterday afternoon. Twelve persons are known to be lost and fifteen wounded. The officers of the boat were all saved, except the second engineer, who was on watch at the time of the explosion, and is missing. All the lady passengers were saved. Mr. Nelson, from Shreveport, for Memphis, was drowned. A deck passenger, named Dawson, with his wife and two children, bound for Tupelo, Miss., were all killed. The cabin of the boat was blown to pieces. The hull may be saved.
MANCHESTER, N. Y., August 23.—Lafayette Chapter Royal Arch Masons, of Washington, D. C., were received by Mount Horeb Chapter, of this city, this afternoon. A collation will be served at Masonic Temple, this evening. Joseph Kidder, M. E. High Priest, delivered an address of welcome, and Hon. Lewis A. Clark acted as toast master. Among the distinguished Masons present are J. F. Miller, M. W. Grand Master of Texas; David R. Munroe, M. W. Grand Master of New Brunswick; David S. Jones, of Washington, Past

High Priest, and M. W. Sumner, M. W. Grand Master of New Hampshire. The visiting brethren start for Newburyport and Boston, to-morrow, at 6 o'clock A. M.
MEMPHIS, August 23.—The second despatch from Helena, 10 o'clock, says the passengers and crew of the steamer Wolfe are still on St. Francis Island, awaiting the up river boat. No further particulars can be obtained at present. The spot where the steamer blew up is known to river men as "Grave Yard," being the same place where the Pennsylvania and St. Nicholas blew up and the T. L. McGill was burned. The George Wolfe was from Shreveport, for St. Louis, Capt. H. S. Carter, Commander; Joseph Widen, Clerk.
WASHINGTON, August 23.—The proceedings of the military commission over the Modoc prisoners arraigned Captain Jack, Schonchin, Black Jim, Boston Charley, Barncho, alias One-eyed Jim, and Stoluck, alias Cook, Modoc Indian captives. Charge 1—Murder in violation of the laws of war. Charge 2—Assault with intent to kill, in violation of the laws of war. The prisoners are found guilty on all charges and specifications. Sentence—And the commission does, therefore, sentence them to be hanged by the neck until they be dead, at such time and place as the proper authority shall direct—two-thirds of the members of the commission agreeing therein. The President approves these sentences, and orders that the sentences in the same cases be carried into execution by the proper military authority, under the orders of the Secretary of War, on the 3d day of October, 1873. The War Department has issued a general order, enforcing the above sentences, to be executed by the Commanding General, at Fort Klamath.
Probabilities—For the Gulf States, high temperature, with light easterly to southerly winds and less cloudiness. For the South Atlantic States, threatening weather, with light rain to night; followed by partly cloudy and warm weather to-morrow.
The Secretary of the Treasury directs a payment of interest, due September 1, amounting to about \$5,000,000, on the 25th of August, without rebate.
A gentleman just from the Indian Territory says the Kiowa chiefs Santanta and Big Tree have arrived at Fort Gibson, where they will remain until the meeting of the grand council of the Kiowas and Comanches, in October, when they will be taken to Fort Sill and formally released from captivity.
A Washington special to the Post says private information received there to-day from Wisconsin states that Philetus Sawyer, a member of Congress, committed suicide by cutting his throat, on Wednesday last. No cause for the deed is assigned.
LONG BRANCH, August 23.—This is the first day of the extra meeting of the Monmouth Park. There is a good attendance; weather clear and intensely hot; track in excellent condition. The first race was a hurdle race, mile heats, five entries—all started—Blind Tom, Revenge, Village Blacksmith, Impenious and Harry Booth. The first heat was won by Blind Tom, in 1:59; Village Blacksmith second. Blind Tom won the second heat and the race—time 1:57. Time of first heat 1:59. The second race—Long Branch Handicap—1 1/4 mile; five entries; four starters—Minstrel, Mary Constant, Coffey's Lightning colt and Business. The race was won by Coffey's colt in 2:20; Business second; Minstrel third. The third race was for two year olds, three-quarters of a mile. Nettie Norton and Vizagoth entered; they kept neck and neck around the course, until just under the wire, when Nettie Norton won by a nose, amid intense excitement—time 1:22 3/4. The fourth race was for all ages, 1 1/2 miles. Four horses entered, viz: Arizona, Shylock, Wheatley and Gerald, all of which started. The race was won by Arizona; Shylock second and Gerald third—time 2:49. The races to-day were considered the best contested of the season. Among the prominent persons present were General Breckinridge and Governor McCormick.
DETROIT, August 23.—The boiler of Griswold's steam saw and shingle mill, at Spencer, Kent County, exploded to-day, instantly killing James Dooley and two others, and badly wounding five more.
NASHVILLE, August 23.—The first bale of new cotton was received here to-day, from Rutherford County, and sold at 35 cents per pound.
CINCINNATI, August 23.—Peter H. Clark, a colored man of this city, made a speech at a meeting of colored men to-day, at Chillicothe, in which he charged that the colored men were ignored in the North-west in the bestowal of offices, and that in municipal offices in Ohio and in labor on the public works, they were also ignored. He said the demands of the colored men were expressed in the Philadelphia platform last year; but that the platform had not been observed. He thought now was the time to claim redress.
ST. LOUIS, August 23.—Charles Mousse, said to represent Lowndes County in the Mississippi Legislature, was arrested here, yesterday, for stealing a lot of clothing from a room in the Laclede House.

EDGEFIELD AND ABBEVILLE RAILROAD MATTERS.—The citizens of Abbeville, S. C., and vicinity, held a railroad meeting on the 19th inst., the object of which was to receive the report of the engineers—Mr. Ashmore, on the survey of the line from Edgefield to Pine House Depot, and Capt. Dearing, of Augusta, on the result of his examination of a wooden railroad in Clarendon County. Committees were appointed to raise subscriptions to build a narrow gauge iron railroad from Edgefield to Pine House, and to procure a charter from the Legislature of South Carolina, at the next session, for a railroad from Edgefield C. H. to Pine House, on the Charlotte, Columbia and Augusta Railroad, with privilege of extension. Mr. Ashmore's valuable report was read and adopted. Mr. Ashmore simply gave estimates of the cost of the three different roads—broad gauge iron, narrow gauge iron and narrow gauge wooden. He recommended neither. We know, however, that his views concerning wooden roads coincide with those of Capt. Dearing.
A railroad meeting was held at Calhoun's Mills, Abbeville County, S. C., last Friday, W. D. Mars, Esq., presiding. Remarks were made by Messrs. Robert McCaslan, S. J. Hester, A. B. C. Lindsey, John Calhoun and McAllister, and the convention was unanimously in favor of aiding and abetting any scheme by which the railroad could be secured to Calhoun's Mill. The following resolution was adopted:
Resolved, That the people of Calhoun's Mill, appreciating the necessity of railroad connection with the North-west, pledge themselves to give one-third of all the lands lying within six miles on either side of the proposed line of railroad, if the mill be made a freight receiving and discharging depot on the Chicago and South Atlantic Railroad

The Boston Post says: "After the recent exposure in the Republican party, the Democrats are summoned to stand firmer than before. By reiterating their determination to adhere to principles whose abandonment is the whole cause of present troubles, they are doing their best to testify to that living faith. And the Maryland Democrats answer promptly to the proclamations of those of Maine, taking up the noble declaration of their Ohio brethren and making them the platform of the Democracy of Maryland and the Union. In the face of such vitality as this the Republican journals assume that the Democratic party is in a moribund condition. It is renewing its youth instead. The Administration is yet to find that its vigor will cost much severe exertion to contest. Everywhere over the Union the cry for reform is going up, and the corruptions of Congress and the Administration are denounced by the people. The Democracy have organized the opposition, and must conduct it to eventual victory."
NERVOUS DEBILITY.—A DEPRESSED, IRRITABLE STATE OF MIND; WEAK, NERVOUS, EXHAUSTED FEELING; NO ENERGY OR ANIMATION; CONFUSED HEAD, WEAK MEMORY, OFTEN WITH DEBILITATING, INVOLUNTARY DISCHARGES. The consequence of excesses, mental overwork or indiscretions. THIS NERVOUS DEBILITY FINDS A SOVEREIGN CURE IN HUMPHREYS' HOMEOPATHIC SPECIFIC, No. 23. It tones up the system, arrests discharges, dispels the mental gloom and despondency, and rejuvenates the entire system; it is perfectly harmless and always efficient. Price \$5 for a package of five boxes and a large \$2 vial of powder, which is important in old serious cases; or \$1 per single box. Sold by all Druggists, or sent by mail on receipt of price. Active preparations are making for the great meeting of the Evangelical Alliance in New York city in October. The committee of arrangements are advised that the foreign delegates will number at least 1,500, and how to find comfortable quarters for them is a problem which is engaging much attention. An appeal will shortly be issued to the members of the different denominations asking them to extend their hospitalities to the strangers. Cooper Institute, Irving Hall and the rooms of the Christian Association have been engaged for the public meetings.
The Treasury Department has just issued an order which, it is thought, will considerably affect the gold market. The mint at Philadelphia is instructed to run its full capacity in coining gold and silver alone. The same order has been telegraphed to the mint directors at Carson City and San Francisco, with the injunction that the force may be worked extra hours. The monthly addition to the new coin of the country will be \$3,000,000 throughout the year.
A Trieste paper brings serious charges against the crew of the American frigate Wabash, recently arrived at that port. They raided the town, gouged out eyes, bit off noses and assaulted respectable ladies in the streets; while attacks on the police have forced them to resort to their revolvers. Whole droves desert the ship, to be afterwards recaptured; no landlord will allow these ruffians to enter his place.
Capt. Jack is said to be writing his autobiography on a buffalo hide in vermilion. His comments on the system of warfare adopted by the United States troops are anxiously looked for at army headquarters. A splash of paint represents this bursting of a shell, and the troops are pictured by a row of retreating heels.
SHERIFF'S ELECTION.—The election for Sheriff of Marlboro County, held on Saturday, the 16th instant, resulted, as was to have been expected, in the success of A. H. Knight, he being the only candidate in the field. The whole number of votes cast was 525, of which Knight received 503, and 22 were scattering.
INQUEST.—An inquest was held on Friday last, by Trial Justice Knight, acting as Coroner, over the body of Jane Ocean, deceased, upon the plantation of Mr. Wm. A. Crosland. The verdict of the jury was, that the deceased "came to her death by the consequence of abortion, induced by exposure and irregularity of life."
MacMahon lives a retired, unostentatious life, and though he displayed extraordinary pomp when sent a few years ago on an embassy to Prussia, his manners are unpretending and his dress plain. He seldom appears in uniform, and the only mark of distinction he wears is the red ribbon of the Legion of Honor.
An official census, taken in the early part of the present year, shows that there were at that time 264,000 slaves on the Island of Cuba. In 1857, when the last previous census had been taken, the number of slaves was returned at 370,000, showing a decrease of 101,000 since that time.
Only four members of the original anti-slavery society are now living—Wm. Lloyd Garrison, of Boston; Benj. C. Bacon, of Beverly, N. J.; the Rev. Moses Thacher, of New York, and Oliver Johnson, editor of the *Christian Union*.
A man, named Keliard, in Linn County, Kansas, killed his wife, her sister and his two children, piled their bodies upon the floor, covered them with straw and then set fire to the heap, when he was discovered.
SCUBBED.—Chief Justice Ludeling, of Louisiana, was so badly scubbed at the White Sulphur Springs, recently, that he packed his carpet-bag and departed for parts unknown—probably Long Branch.

How to Do It.—The Washington Chronicle thinks the mills may come to the cotton when the South "keeps step to the music of the Union." That means becoming entirely Radical, we presume.
The question of taxing church property is now widely discussed. Ohio loses \$470,000 in taxes yearly, because \$25,554,724 of church property is exempt from taxation.
The fencing of the Niagara Falls on the American side will be likely to drive visitors over to Clifton, on the Canada side. This has been the dullest season known at the falls for years.
DEAD BEAT.—A traveler signing himself Eugene Vandorn, Texas, has been doing the hotel keepers at Charlotte. He is pronounced a decided dead beat by the Charlotte papers.
Jealousy is as often the pang of wounded vanity as the anguish of slighted love.
