RESTORATION OF MONARCHY IN FRANCE PROBABLE—SHIPMENTS OF STERLING TO AMERICA—PROTEST AGAINST ROYALTY IN FRANCE, &c., &c.

LONDON, October 18.—5 A. M.—The Times' Paris correspondent telegraphs as follows: From exact information, it appears that the monarchial parties have come to an absolute agreement.

SOUTHAMPTON, October 18.—£39,000 were shipped to America to-day. LIVERPOOL, October 18.—£27,000 were shipped to America to-day.

PARIS, October 18.—The deputies in the Assembly from the Department of the Seine have signed the manifesto protesting against the attempted royal restoration, and declaring that they will energetically resist all such schemes.

LONDON, October 18.—The steamer Thuringia, from Southampton for New York, took £30,000. Steamer Kion Prinz Frederick Wilhelm, from Southampton for New York, carried \$68,000 in bullion.

A special despatch to the London Times, reporting the agreement between Count de Chambord and the monarchial parties in the Assembly, gives the following additional points of the programme to be proclaimed at the opening of the session: The eligibility of all persons to civil employment, universal suffrage, a reasonable liberty to the press, and the tri-color to be maintained as the flag of France.

NEW YORK, October 17.—The Women's Congress was largely attended to-day, males being admitted. Several interesting papers were read. During the discussion which followed, one of the speakers quoted a sort of an apology for infanticide, causing a hot discussion, during which Mrs. Julia Ward Howe expressed the hope that the Congress would not send forth anything that could be distorted into an apology for the awful crime.

AT Jerome Park, Periwinkle won the 1 1/2 mile race—time 2.03 1/2. Macaroon won the 3/4 mile race—time 1.17 1/2.

NEW ORLEANS, October 17.—J. C. Cloud, the oarsman, who started from Philadelphia some three months since to row to this city by canals and rivers, died, Tuesday last, five miles above Plaquemine. Cloud was found in his boat in an almost exhausted condition on Monday, and died next day.

SAN FRANCISCO, October 17.—A despatch from Bakersfield, Kern County, California, gives the particulars of a horrible affray near that place on election day. Larry Watson asked Moses Gilman who he had voted for, and upon receiving a reply, struck him on the head with a pistol, inflicting a wound which resulted in the death of Gilman in a few minutes.

MEMPHIS, October 17.—Thirty deaths yesterday. Fathers Sekuty and Leo died to-night. Five Catholic priests and five Sisters of Mercy have died since the fever began.

VICKSBURG, October 18.—The Mississippi Valley Bank, of this city, has resumed currency payments.

COLUMBUS, OHIO, October 18.—The Democratic Committee claim Allen's majority to be 869. The Chairman of the Democratic Committee claims the State ticket, except the Supreme Judge and Comptroller.

St. Louis, October 18.—In the Irish Convention, there was a long debate upon the following resolution:

That the present system of public schools, ignoring all supernatural authority, and making God the first and knowledge the last thing to be learned, is a curse to our country, and a flood-gate of atheism and sensuality, and of civil, social and national corruption; false to the country and false to the church; that education, to be effective, must be religious.

Mr. Kelly, of Virginia, thought the resolution should be recommitted to the committee, with instructions to modify it. He was, by virtue of his office, as Mayor of Richmond, President of the Board of Public Schools. He had been elected Mayor by a constituency which was about eighty per cent. Protestant.

Father Phelan, of St. Louis, defended the resolution, and said: We have nothing to do with Richmond or its schools. If religious instruction was excluded from them, as Mr. Kelly said, they were the most objectionable of all schools.

The children of the country go heels over head to the devil, must be attributed to the education they receive in the public schools, which does not fit them for the temptations of the world. In these schools, men of science are honored and ennobled, but the name of Jesus Christ is not allowed to be mentioned with reverence.

Mr. Harly, of Pennsylvania, denounced the resolution, as it contemplated a union of church and State. President Dwyer said the resolution meant no such thing, and he did not wish such an impression to get abroad.

Father Graham, interrupting, said the church did not drive the Bible out of the schools. The purpose was to put in them a correct version of the Bible and the Catholic Catechism.

Mr. Harly—Exactly. Now, I ask you, is it just or right that we should introduce our Catholic Catechism among Protestants, when we will not allow Protestants, who are in the majority, to use Bibles in the public schools?

Father Butler, of Kansas, thought the resolution went too far. It should not be forgotten that the public schools of this country had served as a model for Catholic parochial schools, and in that respect had done good.

Father Phelan again spoke, and said he thought the delegates from the East had not studied this subject enough. He frankly confessed that the Catholics stood before the country as enemies of the public schools.

Father Mingin—The public school system is a nuisance. The words in the resolution are none too strong. Mr. Chance moved to recommit the resolution, with instructions to report one favoring Catholic schools, which was carried.

TOLEDO, October 18.—A shanty occupied by a family named Kelly, was destroyed by fire this morning, and Kelly, his wife and grand-child perished in the flames.
