VALUABLE IS THE WORLD'S AWARD! At shown by sales—proved by sworn returns to the owners of the principal Sewing Machine Patents—which last year amounted to 219,758 Machines, five out of ten of them being for family use. This is over 45,000 more Sewing Machines than were sold by any other company during the same period, and over one-quarter of all the Machines sold in 1872. These enormous sales are owing to the long-tested merits of the SINGER Machines, which meet the wants of the public in superiority and multiplicity of construction, and capability for great variety and excellence of work.
