**Seegers' vs. Cincinnati Beer.** THE Cincinnati Gazette makes the astonishing announcement that Cincinnati beer is no longer pure, but adulterated with molasses, sugar of starch, fusel oil and the poisonous colchicum. The Commissioner of Agriculture, in his report for 1865, says that Prof. Mapes, of New York, analyzed the beer from a dozen different breweries, and found all of it adulterated. Colchicum, judicious and nutritious entered largely into its composition. J. C. SEEGER'S guarantees his beer to be pure and reliable. He does not adulterate it, but brews from the best barley, malt and hops. Jan 23
