PARIS, July 10.—In the Assembly, this evening, Bertoulet, a moderate Republican, asked leave to submit the following question to General Cessey, the Vice-President of the Council: "Whether it is claimed for the President of the republic that he denies the right of the Assembly to determine whether the law of the 2d of November, 1878, is irrevocable or not, and also if it denies that the President is responsible to the Assembly?" On motion of Cessey, debate on this interpellation was postponed until constitutional bills came up for discussion.

A special despatch from Paris to the Pall Mall Gazette says that M. Forcade La Rochette, the Duke de Padoue and Gen. Fleury have been summoned to appear before the court at the same time with M. Röhr, for connection with the Bonapartist propaganda. It is stated in a despatch to the same paper, that France proposes to submit to the Brussels Congress serious charges against the Government for acts committed by the army which lately invaded France, and that Germany contemplates presenting counter-charges.

PARIS, July 11.—The Committee of Thirty on Constitutional Bills held an important sitting to-day. Fourtan, the Minister of the Interior, appeared and presented the views of the Government. He said the Government would accept a bill drawn up by the committee, which provides for the continuance of the title of President of the Republic, for the creation of a Second Chamber and for the organization of a personal septennate, to terminate with the expiration of MacMahon's seven years term, or sooner, in case of his resignation or death; but it was desirable that certain provisions which required immediate action should be embodied in a separate measure for a speedier passage by the Assembly, and Fourtan specified them as follows: First—The Deputies should be elected for separate arrondissements, instead of departments; for it was necessary to keep in mind the possibility of a dissolution of the Assembly. Second—In the creation of the Second Chamber, the Government especially wished the President should be empowered to nominate a considerable proportion of its members. Third—The Government insists that power be given to the President to dissolve the lower chamber; but as the manner of appointment of members of the upper house is not decided upon, it cannot say whether the power should be exercised with or without the co-operation of the latter. Fourtan, in conclusion, remarked that the Government was not desirous of interfering with the duty of the Assembly in framing a Constitution, but merely pointed out what it considered essential points. Full expression would be given to its opinions in debate, when the subject came before the Assembly. The Legitimists are irritated by the President's message, and have resolved to oppose a personal septennate.

ATLANTIC CITY, N. J., July 10.—About half-past 3 this afternoon, while the yacht A. B. Thompson, Captain Frank Steelman, was returning from a trip, and in the act of crossing the bar opposite the city, a heavy sea struck, capsized her, and the following named persons of Philadelphia were drowned: Daniel Affly Sharpless, Esther H. Sharpless, his wife; Caroline Sharpless; Master W. H. Sharpless and Anna W. Roberts, daughter of E. Roberts, proprietor of the Chalfonte House, of this place. The body of Miss Sharpless was recovered by the crew of a surf boat. The remaining three, Mrs. Bettle, Capt. Frank Steelman and Kit Clark, were rescued. Searching for the rest of the bodies is going on.

LOWELL, Mass., July 10.—A case of shocking cruelty has been developed here. Two little girls have been discovered, in a house on Fremont street, bound hand and foot for ten hours a day for several days, in a small, close room, with windows nailed down to deaden their cries. The brutal mother stated that she had been advised to take this action, as she didn't want to let her children associate with the children of certain neighbors.

LOUISVILLE, July 11.—Patrick Dooly died here yesterday, of what the attendant physicians say was Asiatic cholera, after a sickness of eight hours. He died in the same house in which the epidemic of 1851 broke out.

AUGUSTA, Ga., July 11.—An unfortunate affair occurred in Columbia County, yesterday morning. The Deputy Sheriff and a posse arrested four colored men, named Doggett, father and three sons, on a charge of riotous conduct. After proceeding some distance, the prisoners attempted to run, when they were fired upon and killed. The coroner's jury returned a verdict of justifiable homicide.

NEW YORK, July 11.—The fire which broke out in Weehawken, last evening, was in the Erie Oil Works. It was caused by a stroke of lightning, which struck one of the tanks, containing 15,000 barrels of oil, during a heavy thunder storm. The flames spread rapidly, and one tank after another took fire, until five, each containing 15,000 barrels, and another containing 20,000, were soon burning fiercely. Several smaller tanks, containing in all 125,000 barrels, also took fire about midnight, and it was thought others would follow. The inaccessibility of the works and the fact that the fire has raged steadily since its commencement makes it impossible to give more definite particulars. The actual loss could not be ascertained, as the fire is likely to burn all day; but it is estimated at \$600,000. These works are probably the largest oil works in the United States—all the oil coming over the Erie Road being stored there.

NEW YORK, July 11.—The light from the fire illuminated New York the most of the night. 125 men will be thrown out of employment. About one year ago, the same works were struck by lightning and one of the tanks ignited, but it was extinguished with but slight loss.

NEW YORK, July 11.—Two brothers, named William and Peter Kerns, aged six and nine years respectively, were drowned while bathing in a pond in Brooklyn, yesterday.

A special Washington despatch to the World says that the vacant Russian Mission will be filled on the President's return to Washington by the appointment of a distinguished ex-Confederate General, whose name is as yet withheld.

THE Daily Bulletin's dry goods review announces the suspension of J. H. Diggins & Co., wholesale dealers, Leonard street, with liabilities of \$500,000; assets are not given.

NORFOLK, Va., July 11.—Representatives from nearly all of the cotton dealing firms of Norfolk and Portsmouth met last evening, at the counting-rooms of Baker, Neal & Shepard, and completed a permanent organization, to be known as the Norfolk and Portsmouth Cotton Exchange. The by-laws and rules of the Augusta Exchange were adopted, with some slight modifications.

MONMOUTH PARK, July 11.—Mr. Grath's Calvin won the first race—time 1:18 1/4; Fellowcraft won the second—time 1:43. Mr. McGrath, the owner of Tom Bowling, says he broke down, yesterday morning, having ruptured one of the tendons in his left fore leg. In the third race, Lorillard's Atilla won—time 1:58. In the fourth race, Kate won—time 2:43 1/4.

NASHVILLE, July 11.—A special despatch from Tallahoma says that Deputy United States Marshal James P. Eyerest, recently appointed successor to Hildreth, who was killed a short time ago, near Hillsboro, was found dead by the roadside. He left Lynchburg late last evening drunk. It is supposed he fell from his horse and was in a helpless condition when killed. Two pistol balls had entered his head just back of his ear.

WASHINGTON, July 11.—Grant leaves Long Branch on Monday for Saratoga. The District Commissioners have drawn a warrant on the Treasury for the July interest on the \$4,000,000 loan advanced by the First National Bank of New York. It required an aggregate of \$114,000 in gold to meet this demand, which has been forwarded.

Probabilities—For New England and the Middle States, local rains, followed by clearing and cooler weather, Northeast to North-west winds and rising barometer. For the South Atlantic and Gulf States, partly cloudy weather and rain, with South or West winds, slight rise of temperature and no decided change in the barometer. For Tennessee and the Ohio Valley, clear or clearing weather during Sunday, with North-easterly winds, shifting to Easterly or Southerly, slight rise in temperature and rising barometer.

No bids have yet been received by the Treasury Department, in response to the circular of Secretary Bristow, issued to the banks requesting bids for subscription to the balance of the new per cent. loan, aggregating upwards of \$179,000,000. The bids are to be opened at 12 o'clock noon, 23d instant; and inasmuch as the law requires that bidders shall deposit with their bids an amount equal to two per cent. of the sum subscribed, those contemplating investment prefer to realize interest on deposit moneys required until the last moment.
