

MADRID, July 11.—The Carlists shot the correspondent of the *New Free Press*, of Vienna, on the 30th June, in spite of the reprieve sent by Don Carlos.

LONDON, July 13.—The *Times'* correspondent, with the Carlists, telegraphs that they are trying to drive away foreign correspondents, by shooting some as spies. Many Germans have already withdrawn from their lines. A special despatch to the *Times*, from Berlin, says it is now reported that Prince Bismarck's journey to Kissingen has no political significance. The friendly attitude of the King of Bavaria gives much satisfaction; but the separatist tendencies of Saxony give rise to a feeling of uneasiness.

MADRID, July 13.—The Republicans have again been successful in an engagement with the Carlists near Bilbao. KISSINGEN, July 13.—While Prince Bismarck was driving in the country, to-day, he was fired at by a young man, the ball grazing the wrist—wound slight. The would-be assassin was promptly arrested, and with difficulty was protected from lynching by the people. He has not been identified.

HAVANA, July 12.—The *Official Gazette*, of Saturday, published a decree by the Captain-General, imposing the extraordinary tax of two and a half per cent. per annum on the value of city and country property, industries, commerce, arts and professions, the capital whereof is to be ascertained by sworn statements, upon the basis of which the tax is to be estimated. Individuals engaged in arts or professions are to be taxed on their annual net incomes. The tax is to be collected quarterly, in advance, beginning July 1, 1874, and ending July 1, 1876. The proceeds are to be applied to the gradual extinction of the debt of the treasury of the island. Officers and privates of the army and navy, members of the clergy, civil employees and other persons possessing no capital and dependent on their salaries for support, are exempted, as is also property in the city or country under construction or development, which began after July 1. The proceeds from the exercise of industry, arts or the professions are exempted on the same basis. Estates wholly unproductive or found, on investigation, to possess capital insufficient to pay taxes, are also exempted.

HAVANA, July 13.—The American Doctor, has been tried by court martial, and sentenced to death; but the judgment of the court must be approved by the Governor-General before it is carried out. Hopes are entertained that he will not confirm the sentence, but will commute it to a lower grade of punishment. PANAMA, July 5.—A special despatch by cable from the English Admiralty has been received in Panama, announcing that vessels composing the British naval fleet on the Pacific are ordered to rendezvous forthwith at Panama, for special reasons which have not as yet been made public. The *Tenodas*, the first, it is presumed, of this fleet, anchored here on the 28th ult. The United States steamship *Richmond* arrived here, on the 1st, from California. The Government of Guatemala will contribute towards the celebration of the centenary in the United States.

RALEIGH, July 11.—Gov. Caldwell died at Hillsboro, this evening, of cholera morbus. HARRISBURG, July 11.—Yesterday, United States Detective Anthony Comstock arrested a man named Henry Clay Metzger, alias Mrs. H. Metzger, M. D., alias J. E. Lewis, at Hanover, Pa., for sending obscene books and circulars through the mail. On the way to the city, Metzger attempted to bribe the officer to allow him to escape. The prisoner was committed by United States Commissioner McCarrill, and removed to Philadelphia to-day.

WASHINGTON, July 11.—The *National Republican* learns from a leading Republican Senator, who has had a recent conversation with Vice-President Wilson, that Wilson's resignation of that office will soon be made public—ill-health being the cause of this unexpected and extraordinary step.

The Tax-Payers' Association of this District have adopted a plan of organization, which provides for the appointment of a committee of seventy to guard their interests generally, and to prosecute in criminal and civil courts such officers of the late District Government as have acted illegally in the collection and expenditure of money, and for other acts performed by them irrespective of law.

New York, July 13.—The fire at the oil tanks in Weehawken was extinguished at 7 o'clock, yesterday morning. 200 men were immediately put to work laying tracks and building a temporary dock for the shipment of oil. It is expected they will be able to run trains to the dock by Wednesday. The estimated total loss is \$1,000,000. A later despatch says \$700,000 will be the total loss. Number of barrels of oil burnt, 70,000.

In consequence of letters received from Ireland from some of the leaders of the National party, John Mitchell, the famous exile and publicist, has determined on returning to Ireland, with a view to contest the election of some constituency on an advanced National principle. An assurance from one of the Home Rule members of Parliament, that one of the sitting members for Louth will resign in favor of Mitchell, has decided the latter to take this step. Mitchell will leave for Liverpool on the 14th instant. The *Herald* special, from London, says the *Figaro* was suspended by the Government for quoting from President MacMahon's message the declaration that the Republic is the power conferred upon him, and then appointing the Assembly as follows: "By your orders, the Marshal became the supreme head of the State. The army knows only him; and follows but him and obeys him. The army having a horror of a factious Parliament, will defend the commander to whom you entrusted the power. If any party faction seeks to overthrow you, the irrevocable decree of the army must enforce the decision of the Assembly." The committee appointed by Beecher to investigate the charges against him are progressing in the examination, and will probably make known the result of their deliberations in a few days. The proceedings of the committee are conducted in a strictly private manner.

CLEVELAND, Ohio, July 12.—A heavy rain has been falling nearly all day. Hubbert's block, in East Cleveland, fell in this morning. The catastrophe was caused by the accumulation of a large quantity of rain water upon the roof—the gutter-pipes being choked. Several persons were in the barbers' shops, on the ground floor of the block, when it fell, of whom one was killed and several injured—two seriously.

ST. LOUIS, July 13.—A gentleman just from Fort Sill says the Indian chiefs Santanta, Big Tree and Lone Wolf are in collision against the whites, and serious trouble may be expected. Colonel Carlton, with one company of the 10th Cavalry, are on a scouting expedition through the Cheyenne Agency. Major Upham, with one company of the Sixth, has gone to Medicine Lodge, and three companies of the Fifth Infantry, from Leavenworth, have gone scouting along the trail from Wichita through the Cheyenne Agency.

LOUISVILLE, July 12.—The *Courier-Journal* publishes a crop report from all parts of the State. For three months past, in Southern and Western Kentucky, not enough rain has fallen at any one time to lay the dust; crops are almost entirely destroyed, and, even with an abundance of rain hereafter, they cannot be saved. Of tobacco, there will be scarcely any crop. Corn and oats are very small, but wheat is the best crop for many years. Much destitution is already reported, and the Governor has been petitioned to convene the Legislature, for the purpose of devising some means of relief. Rains have fallen in Eastern and Central Kentucky, during the last two days, but too late to afford much relief. In the meantime, in some districts, actual cases of starvation are reported.

BOSTON, July 13.—There was a great flood on Saturday night and Sunday, in Western Mass., caused by the rapid rise of the Westfield River. A despatch from Chester says the railroad arch bridge, highway bridge and two dwellings at Middlefield switch station are gone. At Chester, West's dam and shoddy mill, four highway bridges, B. W. Palmer's bar and Samuel Otis' shop are swept away, besides two railroad bridges partially destroyed. The dam of Hampton, Emery County, at Chester, is also carried away, and a large amount of Emery with it. Emery is one of six or seven bridges on the Boston and Albany Railroad, between Middlefield and Huntington, and is either wholly or partially destroyed. The embankment of the railroad is also badly washed out in many places, and there is a very serious break between Bracket and Washington. Railroad travel between Springfield and Albany will be interrupted for several days.

SPRINGFIELD, MASS., July 13.—Details are coming to hand of a second flood in Hampshire County, Mass., caused by the giving way of the reservoir of a factory at the village of Middlefield. PHILADELPHIA, July 13.—No fresh development in the child abduction case. Unfortunately, the father, in a *Ledger* personal, this morning, signifies that he has got the money required and is willing to pay. The abductors are believed to be a gang of English professionals, accustomed to this notorious business.

There were large processions of the Orangemen—celebrating the anniversary of the battle of the Boyne—yesterday, in Boston and Philadelphia. The members wore regalia and streets were decorated. No disturbances. RALEIGH, N. C., July 13.—The remains of Gov. Caldwell were brought here from Hillsboro, on Sunday night, and remained in state at the Capitol throughout to-day. They will be carried to Morganton, his residence, to-morrow, for interment. Delegations of citizens, officials and military, will accompany them. Lieut. Gov. Brogden has assumed the duties of the office of Governor.

The amount paid on account of claims of loyal citizens for supplies furnished during the rebellion as awarded by the Southern Claims Commission to July 13, 1874, is \$277,033. Details of the flood caused by the bursting of a factory reservoir at Middletown, show that the water swept over houses, barns and roads, causing great damage. Nearly all the valley residents in the vicinity of Chester have suffered more or less damage to farms and gardens. Four bridges were carried off—to replace which will cost several thousand dollars.

The Navy Department will not order North, this summer, the vessels now in the Gulf of Mexico and cruising in the waters adjacent to the West Indies. They will all remain about their present station, so that in case of necessity for their presence in Cuban waters or elsewhere in that latitude, it will not be necessary to fit out and send vessels from the North to that quarter.

Heinitsh's Queen's Delight. THE only QUEEN'S DELIGHT in the world and the most popular medicine in the South; all others are spurious imitations, palmed off on the well-battered reputation of Dr. Heinitsh's. A sovereign Remedy for Rheumatism and Blood Purifier; a restorer of health and invigorator of the system. It cures diseases, by purifying the blood and repairing the waste of the body, imparting strength and vigor to the prostrated and enfeebled system by commencing its curative and purifying powers, through the blood.

THE WONDERFUL POWER this remedy has in curing Mercurial Sores and all Scrofulous affections places it, in the estimation of physicians who have used it, far above the mercurial treatment and practice of the French school.

In all cases of Skin Diseases, Cures of the Bones, Humors in the Blood, Constitutional, Chronic and Scrofulous Diseases, Fever Sores, Ulcers, Salt Rheum, Erysipelas, Rickets, Scald Head, Sore Legs, Glandular Swellings, White Swellings, Nodes, Sore Ears, Sore Eyes, Strumous Discharges from the Ear, Ophthalmia, Itch, Constitutional Debility, Wasting and Decay of the Body, Skin Eruptions and Tumors.
