**LONDON, July 13.**—In the House of Commons, this evening, D'Isoela said he hoped Parliament would be in a condition to adjourn on the 5th of August. In reference to the public worship regulation bill, he declared he was uncompromisingly opposed to the resolutions, on which Gladstone gave notice on the 9th instant, because they were aimed against a settlement upon which religious liberty depended. The resolutions in question oppose a definite settlement of the points now in dispute, and clothing the bishops with power to establish uniformity in regard to the conduct of public worship.

The *Times*' special correspondent at Berlin telegraphs that the Bishop of Paderborn has received another sentence of 18,000 thalers' fine and three months' detention in the fortress, for persistent violation of the ecclesiastical laws. There is intense excitement in Berlin over the attempt to assassinate Bismarck.

Agnes Strickland, the historical authoress, is dead.

Special despatches from Madrid report General Zaballo continually receiving reinforcements. Fresh outrages have been committed by the Carlists, who are reported to have robbed and nearly murdered a doctor and others, who were sent out to bring some wounded Republicans within the lines.

The *Daily News* reports that the police of Vienna have issued a circular, giving a description of a person whom they suspect of a design to assassinate the Emperor of Austria.

The steamship *Nevada*, which arrived at Queenstown on Sunday, from New York, was in collision with an iceberg during a fog, and sustained some damage. A portion of the iceberg became detached and fell on her forecastle.

The Orangemen paraded yesterday. Meetings were held, at which speeches were made denouncing home rule and ultra-montanism.

A case of hydrophobia at Brighton creates great excitement there.

**MADRID, July 14.**—The Republican troops are marching to relieve Puycoerda.

**KISSINGEN, July 13.**—The identity of the would-be assassin of Bismarck has been established. His name is Killman. He belongs to Magdeburg, is a cooper by trade, and is a member of the Catholic Journeymen's Society of that city. He has been observed of late frequently in company with the Catholic priest.

Emperor William arrived at Meucy to-day. He was received by the King of Bavaria, and escorted to the royal palace. The King will accompany the Emperor part of the way to Salzburg. The Bavarian princes and members of the Bavarian Ministry have received decorations from the Emperor.

**KISSINGEN, July 14.**—Prince Bismarck appeared at the public gardens, last evening, and was greeted with the utmost enthusiasm. The musical societies, accompanied by a great crowd of people, subsequently serenaded him at his residence. In response to the demands of the concourse, the Chancellor appeared and addressed it. After expressing his thanks for the demonstration, he said the attempt on his life was not aimed at his person, but at the cause he represented. In conclusion, he proposed three cheers for the German Empire and the allied German Princes. The people responded with repeated cheers. There is to be a thanksgiving service in the Protestant churches to-day, for the providential escape of the Prince. It is reported that Dulmann has confessed that he intended to assassinate the Prince, and that he used expressions indicating that others are implicated in his scheme. A priest, named Koolter, has been arrested at Schweinturt, under the belief that he was accessory to the shooting. He came from Kissingen yesterday.

**TORONTO, July 14.**—The yacht *Foam*, thirteen tons, left here on Saturday evening, with eight passengers on board, for a trip to Niagara, has not been heard from, and it is feared she went down.

**Telegraphic—American Matters.**

**BROOKLYN, July 13.**—Theodore Tilton, increased at the publication of Beecher's letter, which he accepts as a challenge, publishes a note to the investigating committee, asserting that he lessened the force of some facts, and withheld others, when before the committee, last week, at the suggestion of its counsel, and now promises to give a full and detailed statement of all the facts in the case, under oath, as soon as he can prepare it.

**TOLEDO, July 13.**—A party of eight or nine farmers, mostly Germans, residing in Oregon township, five miles South of this city, got into a fight, last night, on their way home from a saloon, where they had spent the day, and Michael was stabbed and killed, and John Simmons mortally wounded. All the others were more or less injured by knife thrusts. It appears that a feud had existed for some time between several of the parties, a number of whom were arrested.

**BRIDGPORT, CONN., July 13.**—During a thunder storm, Saturday, the house of Levi Harrison, in Trumbull, was struck by lightning, and Mr. Harrison, aged twenty-seven years, his wife and daughter, aged two years, were all killed. They were sitting on a feather bed at the time.

**MCCONNELLSBURG, PA., July 13.**—Early yesterday morning, Mrs. John Moats, residing about ten miles South of this place, while laboring under a state of mental aberration, seized a

gun, and while her husband was still in bed sleeping, shot and killed him instantly, then with a razor inflicted horrible wounds on the head and neck of one of her children, and with a pitch-fork almost killed another. The children are still in a critical condition.

**SALT LAKE CITY, July 13.**—At the Mormon Church, a caucus was held and a full ticket nominated for the August election, with Geo. Q. Cannon at the head for Congress. Every nominee was a Radical Mormon. The Territorial Committee of the Liberal party of Utah, anti-Mormon, gives notice that a convention will be held there on the 20th inst., to nominate candidates for Congress. The people are all moving for a desperate fight at the ballot-box against the church. Advices from Logan, in the Northern part of the territory, state that some fifteen lodges of Shoshones or Snake Indians will be baptised in the Mormon faith. The *Tribune* correspondent expresses the belief that Brigham is making allies of these savages in case of trouble with the Federal Government.

**NEW YORK, July 14.**—The general managers of Erie Railroad Company state that their loss by the Wauhatchie fire ranges from \$150,000 to \$175,000; insurance 102,000.

The Fourth avenue tunnel, between 90th and 91st streets, caved in to-day, killing a laborer named Wm. Holey. Patrick Gillespie and Joseph Granger, rock-men, who were working in the tunnel, were severely injured.

**CHICAGO, July 14.**—Information has been received that the Indian war has reached Cimarron, N. M. Several raids have been made in the vicinity of Dry Cimarron River, and several persons killed and the stock driven off. Present appearances indicate a large number of Indians on the war path.

Another conflagration is raging in the heart of the city. It broke out in 12th street, and at half-past 6 o'clock, the flames had made almost a clean sweep up to the corner of 8d avenue and Polk street, burning up the homes of thousands of people. At the above corner, the fire department commenced the process of blowing up buildings with gun-powder; but those experimented with were small wooden affairs, and the process would only have the effect of making a quicker blaze of them. The wind is blowing very fresh from about South-South-west. The fire is now on the verge of the fire line of our "big fire." Harrison street, West side of Wabash avenue, is now in full blaze, taking buildings in its course which offered a haven of refuge in the winter of 1871. The fire is just immediately in the rear of the Baptist Church, and, should that structure go down, the fire will have a clear sweep to the Northward and Eastward, and the Exposition building will, in all likelihood, be the final prey of the fire; and as that is immediately on the lake shore, there will be nothing for the fire to feed upon—provided we have the good fortune not to have a change of the wind.

**SAN FRANCISCO, July 14.**—W. J. McCormick, Collector of Customs at San Diego, who told the story of his having been robbed of \$3,000 of Government funds by two men, was arrested to-day, charged with having embezzled the money, but was released on bail.

**NEW YORK, July 14.**—There were no disturbances at the Orange celebration here, yesterday. They went on a picnic and excursion to Ionia Island, in steamboats and barges, gaily decorated with orange and purple banners, the members of the lodge wearing the insignia of office. The demonstration at Pittsburg, Pa., was the largest and finest ever held in that city. Large crowds turned out to witness the procession.

Hon. H. J. Jewett was elected President of the Erie Railroad Company to-day, in place of Watson, who declined a re-election.

**SPRINGFIELD, MASS., July 14.**—The paymaster's train of the Fitchburg Railroad, consisting of an engine and passenger car, was thrown from the track of the Troy and Greenfield Road, near Shelburne Falls, yesterday, and went down a fifteen foot embankment. All on board hurt.

**BOSTON, July 14.**—Mrs. Maggie Smith, of Charlestown, was shot and instantly killed by her son, a boy nine years old, last evening. They were in an auction room in Roxbury, where the boy found an old pistol, and in playing with it, it was discharged.

**PHILADELPHIA, July 14.**—Democratic conventions met to-day, in the various Congressional Districts. In the First District, General William McCandless was nominated on the first ballot. In the third, Samuel J. Randall. No nominations in the others.

**MONMOUTH PARK, July 14.**—The first race, for the Jersey Jockey Club purse of \$700, was won by Padadeen—time 1:49<sup>1</sup>/<sub>4</sub>, 1:46<sup>1</sup>/<sub>4</sub>—beating Artist and Donnybrook. The second race was for the Monmouth stakes of \$800, for which eight horses started. Reform was the winner—time 3:37<sup>1</sup>/<sub>2</sub>.

**ST. LOUIS, July 14.**—A special despatch from Little Rock says all the militia in the city were under arms, last night. One company went into camp in the State House yard. Gov. Baxter has telegraphed to the country for two companies more. These movements are made in view of the assembling of the State Constitutional Convention to-day; but there are no reports of even threatened opposition to that body.

**SARATOGA, N. Y., July 14.**—The prizes to be awarded for the different races this week—boat, foot, horse and hurdle—are on exhibition at the Grand Union Hotel and attract much attention. An immense concourse of people is in attendance.

**WASHINGTON, July 14.**—Ex-Gov.

Hebert, of Louisiana, publishes a letter in the *National Republican*, favoring Grant for a third term.

The President and Vice-President have gone to Saratoga.

One of the female counters in the redemption division of the Treasury Department, discovered, to-day, in a roll of money sent for redemption, one of the dangerous counterfeit \$500 greenback notes originally discovered last summer.

From intimations received at the Treasury Department, it is believed there will be a large number of bids for the new per cent. loan. Under the circular issued by Secretary Bristow, for placing the remaining \$179,000,000, the day of subscription expires on the 23d inst.

It is expected that all the members of the Cabinet will be here on Friday next. While there has been received no intimation of the return of the President, it is thought he will be here and that a Cabinet meeting will be held on that day, with a view to considering the appointment of a successor to Jewell, as Minister to St. Petersburg. It is asserted, in this connection, that the mission will be tendered to General Longstreet.

Telegrams received here to-night report another large fire in Chicago, which destroyed over half a mile of the Southern portion of the city. It began on 12th street, on the South side, and so far it has been confined to the old rookeries; but it is feared that it will extend to the lake side, as the wind is blowing fresh from the South. The First Baptist Church has been destroyed, and at this time the flames have reached the Post Office. Assistance has been asked from all the adjoining towns. Telegraphic communication is nearly suspended.

A distinguished practitioner at the Supreme Court bar furnishes the following article: The Act to revise and consolidate the statutes of the United States in force on the 1st of December, 1873, was approved on the 27th of June, 1874, and it repeals all Acts of Congress passed prior to the first named date, any portion of which is embraced in any section of said revision; but the enactment of said revision is not to affect or repeal any Act of Congress passed since the 1st day of December, 1873; and all Acts passed since that date are to have full effect, as if passed after the enactment of the revision; and, so far as such Acts vary from or conflict with any provision contained in such revision, they are to have effect as subsequent statutes and as repealing any portion of the revision inconsistent therewith. The first practicable muddle which this state of the law has produced arises in the bankruptcy law, which occupied Title 61 and covers 161 sections of the book. During the same day on which the revised statute was approved, Congress amended the bankrupt Act of 1867 in many important particulars. The amendments called for the Act of 1867, and not for the corresponding sections in the revised code, and the Act of 1867 itself is so transposed, if not changed, as to render it impossible for the courts to proceed with safety until after the publication of the revised code. Many other chapters present a similar difficulty, so that it may now be truly said, no one knows the statute law of the United States.

Probabilities—For New England, the Middle States and lower lake region, clear or fair weather will prevail, with South or West winds, high temperature and slowly falling barometer. For the South Atlantic and Gulf States, Tennessee and the Ohio Valley, partly cloudy weather, local rains in the Gulf States, South-east to South-west winds, stationary or rising temperature and continued high barometer. For the upper lake region and the North-west, increasing cloudiness, rains in Northern portions of Michigan and Wisconsin and in the upper Mississippi Valley, South or West winds, high temperature and slight changes in barometer.

**Heinitsh's Queen's Delight,**  
THE only QUEEN'S DELIGHT in the world and the most popular medicine in the South; all others are spurious imitations, palmed off on the well-earned reputation of Dr. Heinitsh's. A sovereign Panacea and Blood Purifier; a restorer of health and invigorator of the system. It cures diseases, by purifying the blood and repairing the waste of the body, imparting strength and vigor to the deprived and enfeebled system by communicating its curative and purifying powers through the blood.

THE WONDERFUL POWER this remedy has in curing Malaria, Scrofula and all Scrofulous affections places it, in the estimation of physicians who have used it, far above the mercurial treatment and practice of the French school.
