Standard Family Medicines.

A N experience of forty years, and endorsed by the highest professional skill in the country. DR. HEINITSH'S FAMILY MEDICINES are compounded with great care, expressly for family use. The public have, therefore, a guarantee that the formulas of these Medicines are based upon strictly scientific principles, by one thoroughly acquainted with the medical qualities and effects of each ingredient, and of their combined influence when chemically united. I can, therefore, recommend these preparations with the greatest confidence, being fully persuaded from past experience that they will give very GENERAL SATISFACTION. The use of these "Family Medicines" is not confined to the illiterate and credulous, for innumerable persons of intelligence and character, occupying the most prominent stations in society, too honest to impose upon others, and too sagacious to be imposed upon themselves, not only use, but recommend them in the highest terms of praise, for the uniformity of their success in subdaing diseases.
