THE GREAT SCANDAL—THE CURRENT SETTING AGAINST BEECHER.—The New York correspondent of the Hartford (Conn.) Times, of September 30, says:

'The under-current in the Beecher-Tilton soundal is now seething more than ever since Tilton's last statement. Orthodox people, who previously were on Beecher's side almost unanimously, the greatly divided many horing are are greatly divided, many having arrayed themselves against him and become open in expressions of belief in his guilt. The latter say privately that he must retire from the pulpit, and that his return to it will do irreparable injury to the cause of Christianity in America and Protestantism through-out the world. These are making great efforts to unite Congregational churches against Plymouth Church, at least to draw up a series of resolutions expressing entire disapproval of Beecher, and of the determination of his parishioners to cleave to him in the face of the strongest indications of his guilt. Present appearances are, notwithstanding published denials, that all Congregational societies will make open and relentless war on Plymouth Church if it permits Beecher to resume his ministry. Many leading preachers and laymen here and in Brocklyn do not hesitate to say they Brooklyn do not hesitate to say they believe Becoher guilty."

THE DREARY RADICAL "GOSPEL." In the beggary and bankruptcy of Republican statesmanship nothing remains but the gospel of hatred, and Roscoe Conkling preaches it at Utica with as much earnestness, as much eloquence and as much feeling as he preached war to the knife when Sumter We confess it is dreary reading, and the mind turns away in despair from this continual refrain about the "rebels" and "rebellion," "treason" and "slavery"—these invocations of war, these persistent adulations of Gen. Grant as "necessary to the safety" of the Union.—New York Herald.

PRUSSIA'S PISCATORIAL PURCHASE. A statement is current in New Jersey that an agent of the Prussian Government recently effected the purchase of Lake Weewanapee, a small sheet of water in Union County. The price paid is set at \$300,000. The use to which the lake is to be put as set which the lake is to be put, as set forth, is the raising of leeches for medical purposes, and of salmon and trout, the fish to be used for stocking Prussian streams. The lake is fed by springs. It is to be divided off into leech and fish divisions.
