

**Telegraphic—Foreign Affairs.**

**MADRID, October 30.**—The Government has acceded to General Laserna's demand for reinforcements for the army of the North. He has, therefore, returned to Logrono and will resume command of that army. It is reported that Don Alfonso and his wife, Donna Beana, have returned to France.

**BOMBAY, October 30.**—The cotton crop in the Presidency of Bombay is in magnificent condition, and promises the largest yield ever recorded. The crop is a fortnight in advance of that of 1873. Picking has fairly commenced.

**BERLIN, October 30.**—In Kullman's trial, for assassinating Bismarck, the medical testimony given, to-day, showed him, only in a limited degree, responsible, owing to an inherited morbid disposition. Kullman was then found guilty, as charged in the indictment, and sentenced to imprisonment for fourteen years, in the house of correction, and ten years suspension of his civil rights and police surveillance. Kullman heard his sentence without emotion. He refused to appeal, and was removed to prison under strong escort.

The trial of Count Von Arnim will begin within two weeks.

**LONDON, October 31.**—The *Pall Mall Gazette* has advised that the Carlisle War Department is negotiating for an armistice.

**BERLIN, October 31.**—The *Post* says the published version of the correspondence between Herr Von Bulow and Count Von Arnim contains numerous inaccuracies, especially as to that part of the letter attributed to Von Arnim, which refers to an alleged conspiracy with a near relative of the Emperor.

**Telegraphic—American Matters.**

**NEW ORLEANS, October 27.**—The people are becoming disheartened by Merrill's military despotism, and some are in favor of letting the election go by default and trusting to Congress for relief. The leaders of the whites, however, will strain all their resources for a fair election, and send as many Democrats to Congress as possible. Kellogg claims 21,000 black majority in the registration in twenty-three parishes heard from.

The radicals are so desperate that the Metropolitan Police were yesterday detailed as canvassers from house to house, but they struck against it, and to-day the employees of the Marshal's office in the Custom House are doing it. One of them tells me he has not unearthed a fraudulent Democratic registry in his district. The Democratic Committee in eight or nine wards already canvassed, claim to have detected 4,173 Radical frauds, and have sent them before the grand jury. There are eight more wards to canvass that will probably expose 4,000 additional frauds, they think.

**NEW IBERIA, LA., October 27.**—It is reported that Zuch Fournet and Benjamin Bertrand were arrested at St. Martin's to-day by the United States Deputy Marshal. The prisoners tried here yesterday are still in custody, all offers to sign bonds being refused. General DeClouet, one of the wealthiest planters in St. Martin's Parish, came here to-day to sign bonds, but was refused permission.

**HOMER, LA., October 27.**—Several bodies of troops are in various parts of this parish. H. H. Maxey, a Republican, says that warrants are out for over 200 citizens. Not a single threatened individual has left or will leave. There is a difference of opinion among the Republicans here as to the effects of the arrests Saturday, some of them repudiating the whole affair and trying to shift the responsibility. Rumors of arrests are frequent from other parishes. Judge Trimball has information that when Sheriff Aycock reached Vienna he and his deputy were treated in the most contemptuous manner, and that shameful and abusive language was used by Lieutenant Hodgson in command. The prisoners, Scott, Richardson and Ramey, were surrounded by soldiers. Guns were cocked and presented at the law officers, and the writs defied by the military officer. Judge Trimball is indignant that the civil authority was disregarded, and will take steps to punish the offender. Trimball is a Republican and supporter of the Kellogg administration.

**WASHINGTON, October 30.**—Colonel Vogdes, commanding Federal forces in Charleston, S. C., writes to the War Department that on account of the prevalence of yellow fever in that city, he has removed the troops under his command to Summerville, in that State.

**NEW YORK, October 30.**—In the Episcopal Convention a message from the Bishops, regarding the canon on the ritual, was non-concurred in and a Committee of Conference appointed by both Houses. The Lower House tabled the whole subject of reduction of the number of delegates from each Diocese. Rev. J. T. Gerick was confirmed as Missionary Bishop to China. Adjourned.

**NEW YORK, October 31.**—In the Episcopal Convention, the Committee of Conference on the amended canon in the ritual made a report, which was amended in original canon reported by the committee, by striking out in the specifications the clauses relating to the use of incense and retaining the crucifix in any part or place of public worship, with a few other unimportant changes. Rev. Dr. DeKovin, of Wisconsin, spoke briefly on this report. He said he should oppose it on account of its unconstitutionality. He was of opinion that none of these ceremonies could be suppressed by canon, but only by rubrics in the prayer book. Further discussion was cut short by the order of the day being called for.

**NEW YORK, October 31.**—The bark

**Thomas Pope sailed at noon to-day** for Liberia, with twenty-seven colored immigrants, under the auspices of the American Colonization Society. They came from North and South Carolina and Tennessee. Of the number, fifteen were over fifteen years of age and the rest younger.

An inch snow between Buffalo, N. Y., and Erie, Pa. Trains arriving in New York from the East are snow-caked.

The Episcopal Convention adjourns on Monday.

Jacob Thompson's house, in Memphis, Tennessee, was robbed and then burned.

**CINCINNATI, Ohio, October 31.**—O. T. Dumond's laundry was burned last night. Ten families in adjoining tenements were washed out.

**NEW YORK, October 31.**—Conkling addressed a large Republican meeting without allusion to the third term.

It is reported there are 1,500 persons sick with typhoid fever in the town of Darwenover, County of Lancaster—being more than one-sixteenth of the entire population.

Probabilities—For Tennessee, the Gulf and South Atlantic States, high pressure, South-east to North-east winds, cold, clear and partly cloudy weather, and heavy frost. For the Middle States and New England, rising barometer, fresh North-westerly winds, falling temperature, cloudy weather and occasional snow or rain, North of Maryland.

**RICHMOND, VA., October 31.**—A bloody but not fatal row between the adherents of Platte (white) and Norton (colored) Radical candidates for Congress, occurred to-day, where Cornwallis was captured.

**SUNBURY, PENN., October 31.**—A large fire broke out at Selin's Grove, last night, in the stable of George Schneur. A heavy wind prevailed. Over two squares in the central part of the town were completely burned. Aid was summoned from Sunbury. The fire was got under control on their arrival. The Keystone and National hotels, the Central school-house, Methodist Church and *Times* printing office are among the buildings burned. About sixty buildings were burned in all. The loss is estimated at \$120,000. It is supposed to be the work of an incendiary.

**NEW YORK, October 31.**—The Committee of Conference on Church Music, appointed on behalf of the House of Deputies, consented that Rev. Drs. Burns and Andrews should be judges. The Committee on Amendments to the Constitution reported a resolution, by adding to the end of it the following: Provided that the General Convention may, by canon, arrange and set forth a shortened form of morning and evening prayer, to be compiled wholly from the Book of Common Prayer, or may authorize it to be done by any diocese for its own use. A vote was taken on this by dioceses and orders and it was adopted, with the following result: Clerical vote—ayes 37; noes 41; lay vote—ayes 24; noes 3. The Committee on Amendments to the Constitution also reported that it would be inexpedient to appoint any commission to revise the Constitution or to devise a provincial system for the church. This report led the delegates into a lengthy discussion, and, on motion, the whole matter was finally laid on the table. Adjourned.
