

HERNAGE, November 13.—The Spanish Republican troops are actively pursuing the retreating Carlists. As the Government troops advance they burn the houses of the Carlists sympathizers. 390 have already been destroyed.

LONDON, November 13.—The Carlist retreat from Iran ended with a stampede. 100 burning houses marked the path of the Republicans as they pursued.

HAVANA, November 13.—A coasting schooner arrived here yesterday, with some cotton from the wreck of the French bark Ville de Bordeaux, which went ashore on Colorado reef while on her way from New Orleans to Havre. A most disastrous inundation has occurred at the village of Mayari, which was over flooded for forty hours. Nearly all the houses within its limits were destroyed, entailing much suffering and destitution. No particulars of casualties have been received up to date.

LONDON, November 13.—There is a report here that the documents demanded by the German Government of Count Von Arnim were sent from this country to Berlin on Wednesday last, and that the Count has them and will deliver them to Emperor William.

BERLIN, November 13.—Count Von Arnim is confined in his own house, and not in a cell at the police station, as was reported last night. The Police Commissioner and several constables appeared at the Count's house yesterday, with a warrant for his arrest and conveyance to prison. His physicians were immediately summoned, and they certified that the state of the Count's health was such that his removal would be attended with most serious consequences. He was, therefore, permitted to remain at home.

LONDON, November 14.—A special to the News, dated Herdage, Friday evening, says Generals Lagorner and Loma, with the main body of their troops, marched to San Sebastian, after leaving reinforcements in Iran and fortifying San Marcial. The Carlists are re-appearing in small numbers. The News' correspondent reports that so great was the discontent in the Republican army, that the victory before Iran was rendered almost abortive by the withdrawal of large numbers of troops, before their commanders were able to follow it up with heavier blows at the insurgents.

Generals Lazerner, Mariones and Portilla seriously threaten Estella. During the retreat of the Carlists from Iran, fifty or sixty men of the Bisoy battalion were frozen to death in the snow.

The Prussian Court of Ratibar recently fined the Archbishop of Oiments, of Austria, for illegally appointing priests in the Prussian part of his diocese. The Austrian Government refused to surrender the Archbishop, on the demand of the Prussian authorities for his extradition. The Court has, accordingly, issued a warrant against him, and confiscated all his revenues and estates in Prussia.

The shock caused by the second arrest has seriously affected the health of Count Von Arnim, who is confined to his bed. A formal complaint has been lodged by the Government law officers against the Count.

The Daily Telegraph reports a Socialist conspiracy in Russia, and adds that 3,000 persons, including many leaders, have been arrested, and a commission has been appointed to investigate the conspiracy, the exact object of which is still unknown. Several persons of exalted rank are said to be implicated. A vast amount of money seems to have been at the disposal of the conspirators. The arrests since the discovery of the plot have been so numerous, that a perfect reign of terror exists. In St. Petersburg, it was proposed that the police should search every house in the city in one night.

A Standard telegram from Paris says the impression in circles favorable to Don Carlos is that his cause is utterly ruined and his situation hopeless.

There are Cabinet disagreements in Austria and France.

EDINBURGH, November 14.—The Earl of Derby has been elected Lord Rector of Edinburgh College.

PHILADELPHIA, November 13.—This morning the extensive woolen mills of John and James Dobson, at the falls of the Schuylkill, stopped running, on account of dissatisfaction among the workmen, in consequence of a notification from the employees that on and after this date their wages would be reduced.

The Health Association, which has been in session here several days, adjourned to meet in Baltimore in November, 1875. At the election of officers, Joseph M. Toner, of Washington, was elected President. Dr. Smith, the present President of the Association, was re-elected on the first ballot, but declined to serve on account of the pressure of official duties.

Dr. Harris, Secretary, holds over for two more years. At the session to-day Professor Gross offered the following resolutions:

Resolved, That a committee consisting of one member of this Association from each State and Territory of the Union, of which the President of the Association shall be chairman, be appointed to petition Congress at its next session to institute a Bureau of Health, to be located at Washington

City, with a branch at the seat of each State and Territorial government.

Resolved, That we hereby invite the co-operation of all auxiliary branches of the association, and of all kindred bodies in the Union, to the carrying out of the objects of the foregoing resolutions.

Prof. Gross and Dr. Joseph Curtis, of Washington, advocated the passage of the resolutions, which were referred to a special committee on legislation. A resolution was adopted declaring abolition should be located as far as possible from the centres of population, and, if possible, upon tide water.

The following was also adopted: Resolved, That this association urge upon the Governor and Legislature of each and every State in the Union the importance of enacting laws creating State Boards of Health and adequate measures for a sanitary administration throughout the State.

A resolution was adopted providing for the appointment of a committee to report at the next meeting of the association upon the sanitary and unsanitary conditions of watering places in this country.

SALISBURY, N. C., November 13.—Two negroes entered the house of an old man residing near here, for the purpose of robbing him, and upon his refusal to give up his money, fired upon him without fatal effect. The wife of the old man, aged about fifty, then attacked one of the negroes with a spade, giving him a fatal blow upon the head.

NEW ORLEANS, November 13.—The Returning Board, which met to-day, received the Conservative committee of three, and authorized a like committee of Republicans to be present. The Conservatives gave notice of a desire to file a protest against the board canvassing returns on the grounds: First, that the law creating the board was unconstitutional; second, that the law gives them judicial power which they could not possess; and, thirdly, admitting it to be constitutional, its personnel was not according to the spirit or letter of the law. Gov. Wells replied that the question of the constitutionality of a law was a thing for the courts to decide, but he believed the board was properly and legally organized. The Conservatives were allowed until to-morrow morning to file their protests. Gen. Anderson made some remarks relative to his desire to have a fair count, and of his willingness to resign if called upon. He was followed by Gov. Wells and Mr. Cassanova. Gov. Wells said they must have a legal count, but as some doubts were expressed regarding the integrity of the board, he would be glad to surrender his place to a more acceptable party. Members of the board favored the taking up of the city returns first, in order that the officers elect might take their places at the proper time. The Conservatives then showed a resolution passed by the city officers elect, wherein they pledged themselves not to enter on the duties of their offices till all returns of the State were canvassed. Awaiting the readiness of the Conservatives' committee, the board adjourned until to-morrow.

NEW YORK, November 14.—A Herald special from Herdage, dated 13th, says a heavy snow has covered the mountains around Iran. The Republicans have driven the inhabitants from their homes, which were burned. The surrounding country is covered with women and children, exposed to the inclemency of the weather. Gen. Loma holds a triangle formed of Iran, Hernani and San Sebastian. He made a very energetic fight on the way to Toulouse, and may turn Estella. The Carlists are not discouraged. They hold Andrian—a good defensive position—and mean to fight again.

A Little Rock despatch says Lieut. Gov. Smith has returned from the East, and Gov. Baxter having vacated the gubernatorial chair, he claims it. Smith thus concludes his proclamation: "Now, therefore, I, V. V. Smith, Lieutenant-Governor of the State of Arkansas, Elisha Baxter, the recognized Governor of said State, having abdicated and abandoned said office, do hereby, and by these presents, make application to the President of the United States," &c., &c.

The appeal is signed V. V. Smith, Governor of Arkansas.

BALTIMORE, November 14.—The steamers Falcon and Louisiana collided in Chesapeake Bay, last night, and the latter went down. The passengers, crew, baggage and express matter were saved; but the freight was lost. There were three ladies among the passengers. The Louisiana was a favorite steamer of the Bay Line; 1,300 tons, valued at \$150,000; no insurance. Her cargo, which was lost, consisted of 200 bales of cotton, a large quantity of tobacco, thirty tons pig iron and other freight.

Father Gerdemann, ex-pastor of St. Boniface's Church, Philadelphia, was held to-day on a telegram from Capt. Hindes, Chief Detective of Philadelphia. Father Gerdemann and wife are at the Police Marshal's office.

SAN FRANCISCO, November 14.—The four mile heat running race, for a purse of \$25,000 gold, took place here to-day. The first heat was won by Katy Peas, Joe Daniels second, Thad. Stevens third—time 7.43 1/2. Second heat and race was won by Katy Peas, Harry second, Hardwood third, Thad. Stevens fourth, Hock Hooking fifth, Joe Daniels broke down—time 7.36 1/4.

ROCHESTER, N. Y., November 14.—Late last night, Mrs. Harry Raynor, the second lady in the Opera House Company, accompanied by her son, entered the Democrat and Chronicle editorial room, and waited for the coming of the dramatic critic, Adams. When he came, she asked if he wrote the criticism of her acting as Eliza

both, to the effect that her equally carriage was far from perfect and her intonation and expression very poor. He said he wrote the article, when she drew a small riding whip and struck at him. The first blow glanced from his arm and then Mr. Adams seized the whip and her son out of the room. The latter threatened the use of a knife, but he was walked out by the shoulder, and mother and son disappeared together.

MONTGOMERY, ALA., November 14.—Renfro and Bullock, the Sumter County prisoners now in jail in Mobile, by decision of Commissioner Gillett, on a charge of violation of the Enforcement Act, were admitted to bail to-day, on a joint bond of \$12,000 by United States Circuit Judge Woods. The Legislature meets on Monday. The members are already coming in. The contest apprehended by the Radical candidates is dissipated, and they acknowledge their defeat and submit.

PHILADELPHIA, November 14.—The committee of creditors of Jay Cooke & Co. have issued notice of a meeting to be held December 1, when they will present a schedule of assets, and then proceed to declare a dividend in cash. The committee will continue in session from day to day till the 12th December, during which time any creditor can be heard by the committee who may have any suggestions to make in the matter of the estate, or accounts or objections to submit to claims against the estate.

WASHINGTON, November 14.—High authority denies that the President in Cabinet insisted upon a peremptory demand for the Virginia outrage indemnity from Spain.

Wm. Leopold, one of the commissioners of the Freedmen's Bank, has prepared, in anticipation of being called upon by Congress to do, a report, setting forth the actual condition of the financial affairs of that institution. It may have been an oversight on the part of Congress, but as the law now is, those in charge of the bank are not required to make a report to any one. Anticipating such a call, however, the report has been made and covers upwards of 1,500 pages of manuscript, showing the available assets on hand and the liabilities of the bank, classifying its assets as good, bad and absolutely worthless. It is the intention to print this report after the session of Congress in pamphlet form, for the examination of those interested. From the report it would appear that the bank is in a worse condition than has been anticipated. Up to date, the total amount of assets collected and in hand is but \$70,000, which is scarcely three per cent. of the liabilities.

There will be no action in Arkansas affairs until Gov. Garland has been heard. Probabilities—For the South Atlantic States, generally clear weather and low temperature will prevail, with North-east winds and high barometer. For the Gulf States, partly cloudy weather, with a slight rise of temperature, East to South winds and no decided change of pressure.
