

**REGULAR DEATH-BED REQUEST.**  
Mrs. Lowrey, who recently died in New York, according to the New York Sun, made a singular request on her death-bed. She was passionately fond of dancing, and her death was hastened by an over-indulgence in that amusement. When she realized that she was about to die, she requested that her remains might be laid out on a board instead of in a coffin, and that she should be dressed in her new ball-dress of flesh-colored satin, with white alpaca. She also asked that a fashionable hair-dresser should be employed to dress her hair in the latest style, and that her head should be turned to one side after death, to show the hair to advantage. Her desire was complied with, excepting that a casket was substituted for the board.

Lately a wild cat made a raid on a farmer's house just above Sioux City. He tore the family dog into pieces; he pulled the fiddle strings out of the family cat; he chased the family in all directions, and at last succumbed to the family rifle.

A newspaper warmed and placed inside the waistcoat, will keep out cold far better than a large quantity of clothing. Now is the time to subscribe. \$500 dozen fresh eggs just received and for sale at reduced price, at Hardy Solomon's.

10,000 cigars, at \$2.50 per 100, for sale at Solomon's.

**A Good Opportunity.**  
We are doing an extensive business in CLOTHING and CUSTOM TAILORING, through Local Agents, who are supplied with samples showing our Ready-made and Custom Piece Stock. The plan is working well for consumers, agents and ourselves. We desire to extend our business in this line, and for that purpose will correspond with bona fide applicants for agencies. **Schenck's Pulmonic Syrup, Sea Weed Tonic and Mandrake Pills.**  
These deservedly celebrated and popular medicines have effected a revolution in the healing art, and proved the fallacy of several maxims which have for many years obstructed the progress of medical science. The false supposition that "Consumption is incurable," deterred physicians from attempting to find remedies for that disease, and patients afflicted with it reconciled themselves to death without making an effort to escape from a doom which they supposed to be unavoidable. It is now proved, however, that Consumption can be cured, and that it has been cured in a very great number of cases (some of them apparently desperate cases) by Schenck's Pulmonic Syrup alone; and in other cases by the same medicine in connection with Schenck's Sea Weed Tonic and Mandrake Pills, one or both, according to the requirements of the case.

Dr. Schenck, himself, who enjoyed uninterrupted good health for more than forty years, was supposed, at one time to be at the very gate of death, his physicians having pronounced his case hopeless, and abandoned him to his fate. He was cured by the aforesaid medicines, and, since his recovery, many thousands similarly affected have used Dr. Schenck's preparations with the same remarkable success.

Full directions accompany each, making it not absolutely necessary to personally see Dr. Schenck, unless patients wish their lungs examined, and for this purpose he is professionally at his principal office, corner Sixth and Arch streets, Philadelphia, every Monday, where all letters for advice must be addressed. Schenck's medicines are sold by all druggists. Jan 9 '13.

# THE DAILY PHENIX.

"Let our Just Censures Attend the True Event."  
BY J. A. SELBY. COLUMBIA, S. C., TUESDAY MORNING, FEBRUARY 9, 1875. VOL. X—NO. 277.

**BROKER ON DRUGS AND MEDICINES.**  
Referring to the want of fidelity between man and man, which begets a spirit of fraud, he says: "Medicines are adulterated; bread is adulterated; coffee is mixed; your sugar is adulterated." This is all true; and we may add some startling revelations with regard to the adulterations and mixture of medicines, which our people, with blind credulity, swallow upon faith: Brandreth's Pills contain extract of pokeberries, saffron, cloves, aloes; Radway's Relief contains tincture of pepper, alcohol, camphor; your spices, too, are mixed with saw-dust and ground-up rusty ship crackers; cream of tartar is mixed with white earth and lime, and cooking soda is a mixture of powdered washing soda. Your security, then, is to buy articles prepared at home, of warranted purity and approved worth.

Heinitsh's Baking Powder—cook's favorite—is the best and cheapest. Heinitsh's Pure Baking Soda and Cream Tartar, for bread and biscuit. Heinitsh's Pure Ground Pepper, Mustard and Cinnamon. Heinitsh's Pure Flavoring Extracts. Heinitsh's Quaker Liniment better than Ready Relief; a speedy cure. Heinitsh's Blood and Liver Pills, entirely vegetable, and a marvelous medicine for the Liver, Stomach and Bowels. Heinitsh's Blood Purifying Liver Pills cures Liver Complaint, Headache, Stomach Disorders, Indigestion and Constipation.

Stanley's Cough Syrup cures all kinds of Coughs, Hoarseness, Bronchitis, incipient Consumption. Try it; don't delay. A Cough gets worse with every day's neglect. Medicines of all kinds, of warranted quality, at the lowest prices. Make but one trial and be convinced.

**AN INVALUABLE TRAVELING COMPANION.**—Change of climate, water or diet is apt to induce harassing and often dangerous diseases. The three changes combined are fatal to thousands of emigrants every year. Is it not, then, of the last importance to know that Hostetter's Stomach Bitters are an absolute preventive of the hurtful consequences arising from these causes? Travelers, voyagers, and emigrants to new countries cannot be too often reminded of the fact, that this agreeable vegetable tonic is the most reliable safe-guard against disorders to which they are far more liable than the habitual denizens of healthy regions. The primal effect of the unwholesome atmosphere which produces what are called malarious fevers, is to depress and debilitate the system. The body, then, becomes an easy prey to the malignant principle in the air. It is manifest, therefore, that the surest way to avoid all epidemic and endemic maladies of an intermittent type, is to counteract the weakening tendencies of miasma by artificial invigoration. That Hostetter's Stomach Bitters is the surest restituent of flagging vigor, is a fact which is best appreciated wherever influences inimical to health exist. But it is not alone against malaria that they protect the system. They so toughen it as to enable it to endure with impunity extremes of heat and cold to which travelers are often subjected, and they neutralize those elements in unaccustomed water or diet, which would otherwise beget disorders of the stomach and bowels. The brackish water with which voyagers by sea are often compelled to quench their thirst, is apt to provoke dysentery and other serious complaints, but when the Bitters are mixed with it, it becomes harmless. Truly, this great protective invigorant is an invaluable traveling companion.

The symptoms of Liver Complaint are uneasiness and pain in the side. Sometimes the pain is in the shoulder, and is mistaken for rheumatism. The stomach is affected with loss of appetite and sickness, bowels, in general, costive, sometimes alternating with lax. The head is troubled with pain, (and dull, heavy sensation, considerable loss of memory, accompanied with painful sensation of having left undone something which ought to have been done. Often complaining of weakness, debility and low spirits. Sometimes many of the above symptoms attend the disease, and at other times very few of them; but the Liver is generally the organ most involved.

**GUANAHANI GUANO,**  
A N important natural Guano—a genuine Animal Deposit. A Cargo of 500 tons now on the way to this port. This Guano gave great satisfaction in Virginia and North Carolina the past season. Circulars and certificates sent on application.  
Prof. Wilson, of Baltimore, Md., says of this Guano: "By a critical examination of the analysis of the various cargoes you have imported, a striking feature is the great regularity in the per centage of the important constituents essential for the production of all crops."  
Prof. F. A. Genth, of Philadelphia, Penn., says: "The Guano is evidently of animal origin, and the minute bones which were discovered in the same, indicate that it is the result of the decay of bats, mice, &c. The quantity of organic matter which is still present is about 13 per cent., and this yields about 24 per cent. of ammonia. A portion of the nitrogen is present as nitric acid, of which about 3 per cent. were found. All the nitrogen present would be equivalent to about 34 per cent. of ammonia. The phosphoric acid in the Guano averaged about 12 per cent., equal to 27.3 per cent. of Bone Phosphate. A considerable quantity of the phosphoric acid, however, is present as so-called neutral Phosphate of Lime, which, being slightly soluble in water, renders the Guano as quick in its action as a corresponding quantity of Superphosphates would do. The small per centage of potash which was found in analysis adds to its value. From all the experiments which I have made of the Guanahani Guano no doubt can exist that it is a valuable manure."  
Prof. H. C. White, of the Georgia State Agricultural Society, says: "As shown by the analysis, this Guano contains, in good proportion, all the elements which are generally considered as of value for plant food, and the forms and combinations in which they are present are such as to render them available to and assimilable by the plant. I should judge that the proper use of this article for purposes of fertilization would be attended with great profit."  
Prof. Charles U. Shepard, Jr., in a recent analysis of this Guano, says: "This Guano of animal origin, would appear from its physical and chemical properties to answer every reasonable expectation of a commercial manure."
