BRASIL, March 9.—The Government has been informed that the President intended to order an experimental concentration of troops on the Eastern frontier early in the spring, intimating to President MacMahon that it would direct the mobilization of two army corps on the Rhine, if France persisted in carrying out her intention.

PARIS, March 9.—The Cabinet combination of yesterday has failed, in consequence of M. Buffet's refusal to enter the proposed ministry, and the general unwillingness of leading politicians to join a Government, the existence of which is considered precarious. M. Buffet presided at today's sitting of the Assembly, after announcing, yesterday, that his doing so would signify that he had relinquished the attempt to form a Cabinet. When the Assembly had adjourned, M. Buffet received and rejected overtures to join a combination formed by a fraction of the Assembly, and this scheme has also fallen through. The Left are indignant over the delay in the formation of a ministry.

LONDON, March 10.—A heavy gale, with numerous disasters, reported on the English and Irish coasts; several lives lost.

A motion will be made in the House of Commons to adjourn over Easter holidays—from March 22 to April 5.

The Times Paris special says the Ministry was upset by the Bonapartists, who persuaded MacMahon to oppose it; likewise Duke de Audifert, Pasquier and M. Wallen; it was also opposed by the Bishop of Orleans, on behalf of the clergy. The correspondent says MacMahon, while urging Buffet to accept, several times threatened to resign.

PARIS, March 10.—Rumors of a contemplated coup d'etat by the Bonapartists in circulation cause some uneasiness.

VENICE, March 9.—The budget committee of the Reichstag threw out the appropriation of 75,000 thalers proposed by the Government for the expenses of the representatives to the United States Centennial exhibition.

PANAMA, March 10.—Capt. Lull's survey for a canal across the isthmus continues, with favorable results. A bread riot occurred in Bogota, and all the baker shops were gutted.

PANAMA, March 2.—Fears are apprehended that the troops will interfere in the approaching election to seat the Government candidates. Captain Lull, surveying for the canal, finds water more bountiful than he expected.

TORONTO, March 10.—Rev. James Richardson, Methodist Episcopal Bishop, is dead.

Telegraphic—American Matters.

ST. LOUIS, March 10.—It has been decided in the Chandler-Buel slander case that the Poland gag law does not apply to Buel. Recourse must be had to the law of 1789. The indictment is faulty, and Judge Treat, of the United States District Court, has no jurisdiction. The District Attorney gave notice that he would appeal. The case comes before the Circuit Court, March term.

COLUMBUS, Ohio, March 10.—The State Grange reports 1,148 working granges, with a membership of 6,500.

BOSTON, March 10.—A number of fishermen from Sandwich report three vessels sunk and two missing; five men lost.

A number of wrecks are reported along the coast. The schooner Laura D. Trow, from St. John's for Havana, was abandoned, and the officer and first mate were overboard. The captain and five men were found clinging to the rigging.

SCRANTON, Pa., March 10.—Two boys attending a coal stove were crushed to death; one was caught, and the other, going to his assistance, was also caught.

WASHINGTON, March 10.—Cabinet decided yesterday to discontinue the competitive feature in civil service reform.

In the Senate, immediately after reading of the journal, the consideration of a resolution for the admission of Pinchback was resumed, and Merrimon, of North Carolina, continued his argument in opposition to his admission.

Nominations.—J. Burnham Kinman, District Judge, Western District Arkansas; Capt. John O. Beaumont to be Commodore of the Navy. Confirmations.—Belvin, Pension Agent, Raleigh; Bradford, Collector of Second District North Carolina; Martin, Postmaster, Montgomery, Ala.; Webster, Postmaster, Orangeburg, S. C.

Probabilities.—For the Gulf States and Tennessee, falling barometer, southerly winds, warmer and blonder weather and rain. For the South Atlantic States, stationary pressure, westerly winds, and partly cloudy weather and northerly winds. Rivers rise at Memphis, Vicksburg, Cincinnati and Louisville, and fall at Pittsburg and St. Louis.

Camden, N. J., March 10.—The Democrats elected the City Treasurer and Auditor.

NEW YORK, March 10.—The race opened today at Coney Island Park. The 300 yds race won by Atlantic O. X. time 1.20. Mile dash won by Century—time 1.55.

FLETCHER, 80.—45 towns in the Third District give State, Republican, 7,433; Kent, Democrat, 7,029; scattering 49; 58 towns in the First District give Whitehouse, Republican, 9,933; Jones, Democrat, 10,023; scattering 194. Whole number of towns in the District, 87. Later returns of the night seem to have changed the face of the election somewhat—making what at an earlier hour appeared an overwhelming Republican victory, rather doubtful. Returns of the Congressional Districts are meagre, and insufficient to indicate the results positively. The Republicans claim to have elected Pike in the Second District and Blair in the Third, and think Jones, the Democratic candidate in the First District, is defeated; on the other hand, the Democrats claim to have elected Jones in the First, Bell in the Second, and think the later returns may show the election of Kent in the Third District. The Second and Third Districts seem doubtful, with chances somewhat in favor of Jones in the First District. The Republicans claim to have elected the Governor, but the latest returns have reduced the gains so that no election by the people seems not improbable. The Legislature will be very close.

LATEST.—Returns from 232 towns and wards give Cheney, Republican, 87,012; Roberts, Democrat, 38,096; White and scattering, 824; the net Republican gain over last year's vote is 2,869. The remaining towns, last year, gave a Democratic majority over all others of 790. This indicates that Cheney and Roberts will run with about an even vote, the scattering votes defeating the election of either by the people. Both parties claim a majority in Senatorial Districts. The Democrats claim the House by 15 to 20, while the Republicans also claim 13 majority in the same body. In the First Congressional District, the election of Jones, Democrat, is conceded by both parties. Blair is elected over Kent, Democrat, in the Third District, while the second is still in doubt, and confidently claimed by both parties. The Monitor, Republican newspaper, claims Pike and Blair, both Republicans, are elected to Congress; that the Republicans have a good working majority in the House of Representatives, and that the Republicans have elected six of twelve Senators, with several Districts in doubt. The Patriot, Democrat, says there is no election of Governor by the people; that the Republicans have five Senators and the Democrats five, with two Districts in doubt, and that the Democrats have a majority in the House of Representatives. The Patriot also claims the election of Jones and Bell, Democrats, to Congress, with the Third District in doubt. The People, Democrat, also claims a substantial victory for its party, with the exception of the Third District, which it considers doubtful.

Regular Meeting City Council. COUNCIL CHAMBER. COLUMBIA, S. C., March 9, 1875. Council met at 7.30 P. M. Present.—His Honor the Mayor, John Alexander; Aldermen Carroll, Swygert, Carr, Wells, Pugh, Davis, Furvis, Griffin, Brown and Thomas. The minutes of the last regular meeting were read and confirmed.

Petitions of H. McElrone, H. Skipper, H. & S. Beard, Fagan Bros., M. E. Carr, J. T. Sims and J. D. Trade-well were referred to Committee on Ways and Means. Petition of B. Holmes, to Committee on Streets; W. M. Hayne, to Committee on Licenses. Bills of R. Hannan, Fagan Bros., J. C. Dial and John Alexander were referred to Committee on Accounts.

Petition of Hagood & Trenlen was, on motion of Alderman Carroll, granted. Alderman Carroll, from Committee on Accounts, reported back the following bills, and recommended payment: Guard House—Cooper & Taylor, \$22.10; W. B. Stanley, \$13.50; T. J. Harper, \$81.25; W. D. Starling, \$9.15; Union Hotel, \$18.50; John D. Dial, 90c. Council Chamber—M. E. Carr, \$15; W. B. Stanley, \$2. Opera House—W. B. Stanley, \$27.80; W. D. Love, \$193.30. Market—Cooper & Taylor, \$3. Indigent Poor—E. H. Hemmish, (1871, \$8.74) \$176.35; Fagan Bros., \$22. Bell Tower—Cooper & Taylor, \$7.65. Street Department—Lorick & Lawrence, \$133.90. Police—Union Herald, \$46.25; R. L. Bryan, \$23.95. Contingent—H. L. Bryan, \$8. Stationery—R. L. Bryan, \$28. Alms House and Hospital—W. D. Starling, \$109.92.

Aldermen Pugh, from Committee on Streets, presented the following report: COLUMBIA, S. C., March 9, 1875. To his Honor the Mayor of the City of Columbia.—Sir: The petition of Needham Carter, which was referred to the Committee on Streets, beg leave to make the following report: That after carefully examining the case, we would recommend that he be paid the sum of twenty-five dollars for the loss he has sustained. Your committee also report unfavorably upon the petition of the purchase of the Brooks' Alley, on Pulaski street, by City Council. Your committee would call the attention of the Council to the condition of the stock on hand, which is totally unable to perform the labor required of them, and would recommend that three of the mules be sold, and three be purchased in their stead that will be able to perform the service required; and call your attention to hands on the streets. The number now employed is not sufficient to perform the labor required on the streets, and would recommend that three additional hands be employed, making in all fifteen hands. All of which is respectfully submitted.

JOHN A. PUGH, Chairman Committee on Streets. Alderman Brown moved to pay E. Carter \$25 for loss of horse. Adopted. Alderman Griffin moved that the Committee on Streets ascertain on what terms they can dispose of three of the city mules, and purchase three or four others.

The City Clerk was instructed to advertise for the white-washing of the Market to the lowest responsible bidder. Alderman Davis, from Committee on Guard House and Police, reported on the resolution of Council of February 23.

Alderman Carroll moved the adoption of the report and its publication with the proceedings of Council.

M. R. Nixon, Chief of Police, in account with City of Columbia, S. C., May, 1874, to January, 1875, inclusive: Dr.—1874—May 31, to amount of fines, as per police docket, \$133.25; June 30, \$248.85; July 31, \$90.80; August 31, \$109.25; September 30, \$184.00; October 31, \$74.50; November 30, \$68.00; December 31, \$84.50. 1875—January 31, \$76.90—total, \$999.05.

1874—May, to receipts from balls, as verbally reported, \$20; November, \$50; December, \$35. 1875—January, \$20—total, \$125. Grand total, \$1,124.05.

Or—1874—May, by expenditures, no vouchers, \$64.95; June, \$39.65; July, \$21.50; August, \$38.45; September, \$26.00; October, \$31.75; November, \$64.55; December, \$18.50. 1875—January, \$50.40—total, \$353.75. Cash paid to policemen, May, \$566.90; City Treasurer, W. R. Jones, \$67. Grand total, \$987.65. Cash to Dr. Chief of Police, \$136.40. Amount paid to police on pay roll, \$696.25; paid to police, per report, \$566.90.

GENTLEMEN: In compliance with the accompanying resolution, we have to report, that we have examined the book, &c., of the Chief of Police, and furnish therefrom the annexed statement for your approval or otherwise. It shows a balance to the debit of the Chief of \$136.40, to be charged; to his account by the City Treasurer—less \$50, which he says he paid to the late Treasurer, Mr. W. R. Jones, and which will be placed to his credit at the proper time. We find that all swine, goats, horses, &c., taken up have been released by order of his Honor the Mayor, on the payment of the policeman's moiety of the fines; therefore, no funds have accrued from that source. We have no vouchers for any of the accounts to show, but there are entries on the Chief of Police's books for all except receipts from balls, &c. Respectfully submitted.

Report of Committee on Water Works was received as information. Alderman Purvis spoke at some length on the application of Col. S. A. Pearce, Jr., for the use of the old water works, (which reverted, by contract, to the city in December last,) by the Columbia Water Power Company, upholding that the said company had not fulfilled the contract with the city in any way, since it was made, and that the city would not be justified in complying. He hoped the Council would unanimously vote against it. In conclusion, he offered the following preamble and resolution:

Whereas, by the terms of the contract with the Columbia Water Power Company, the old city water works have reverted back to the city, and proper demand has been made upon the agent, Col. S. A. Pearce, Jr., to turn over the same; and whereas the contractor has not complied, and shows no disposition to do so, but, on the contrary, is now soliciting the use of the works, and has been during the late frost using the old city water works, the new having proved entirely inefficient;

Be it resolved, That the Mayor be instructed to take possession of and work the same for the sole benefit of the city.

H. W. PURVIS, Alderman Wells presented report of Committee on Police, Hook and Ladder House.

Alderman Purvis moved the adoption of the report. Carried. Report of Chief of Police was referred to Committee on Guard House.

Alderman Wells moved to reconsider the petition of Hagood & Trenlen. Carried.

Alderman Purvis moved that the petition of Hagood & Trenlen be referred to the Committee on Ways and Means.

Alderman Carroll moved that the report of his Honor the Mayor on City Hall, &c., be adopted and published with the proceedings of Council, as follows:

COLUMBIA, S. C., March 8, 1875. To the City Council.—GENTS: I have examined the report of the City Architect on new City Hall, and report the following for your information: The amount of contract to build the City Hall is \$86,500; and the contract says, first, the said Clark Waring to credit the city of Columbia, upon the acceptance and execution of the contract, with the sum of \$7,000, on account of money heretofore paid by the city to James M. Allen, the former contractor, the said credit to be made in part of the aforesaid sum of \$86,500.

Below I give you the Architect's estimate of the amount of work done and the amount of orders given, which do not include the \$7,000 mentioned above: Amount of work done as per report of Architect, \$63,700; amount of orders given by Architect, \$65,400; deduct ten per cent. as per contract, \$5,540; value of work over orders, \$2,760; deduct amount to be credited to city, \$7,000; amount over paid on work done, \$4,240.

Mr. Clark Waring, the contractor, claims for extra work \$2,002; but as the Committee on City Hall, together with the contractor, has agreed to do away with a great deal of the work upon the same, named in the contract, such as the difference in cost of brick and granite sills of the back windows, also between galvanized iron and wooden cornices for the first story and the finishing up of the corner basement, which, in my opinion, will be worth more than the extra work claimed. The architect has given since the above estimate orders to the amount of \$175, which has been paid in part for closing in the tower, which is slowly progressing now and will be done sometime. I would recommend to Council that the contractor be notified to have the tower enclosed at once,

also the windows in the second and third stories put in at once, and in the event of his not complying within the same within the ten days named in the contract, that the Council have the work done. The stores were to have been finished before this time, and the city is losing by the delay. The corner store is rented to Mr. George Symmers, and he is anxious to get into the same at once; and to enable him to get into it, the tower will have to be finished and the second and third store windows put in; also the cellar steps and bars in cellar windows. Since making out the above report, I find, upon examination, with the City Treasurer, that the contractor has been paid over the orders given. All of which is respectfully submitted.

JOHN ALEXANDER, Mayor. Council adjourned. RICHARD JONES, City Clerk.

Radical courses, says the Nashville Banner, like chickens, have at last come home to roost. Carpet-baggers have saddled the South with millions of debt and taxes, but now the people of the North, have an opportunity to know how it is themselves. The new revenue bill, levying \$40,000,000 of additional taxation on the whole country, passed the Senate Tuesday night, by a vote of thirty to twenty-nine. Among the thirty who assisted to fasten this enormous burden upon a people already depressed by financial misfortunes, we had no less than nine Southern carpet-bag Senators, including such fellows as Clayton, Dorsey, Spencer and West. Florida alone, which is not likely to pay \$100 of this whole \$40,000,000, furnished two affirmative votes, those of Conover and Gilbert. Cast out these two carpet-baggers, and the bill would have failed.

It is stated that in 1492, when the continent of America was discovered, the supply of gold and silver in the old world had become nearly exhausted. Since that time, the sums exported from this Western continent amount to \$3,200,000,000 in gold and \$6,300,000,000 in silver. This is a total of \$9,500,000,000—two-thirds of which was produced before the Spaniards were expelled from the Americas. From 1492 to 1874, the products of gold and silver in other countries than those upon the Western continent amounted to about \$2,850,000,000—or about one-third that in America. Two-thirds of this gold has been made into ornamental and useful articles. The United States are now the great gold and silver producing regions of the Western world.

Colorado was admitted as a new State in the last hours of Congress, but the bill admitting New Mexico was rejected. There was a majority vote for both, but the "two-thirds" rule which prevails on the last days of the session, was the cause of New Mexico being rejected, the bill for that State not receiving the necessary two-thirds vote in the House, whilst the Colorado bill did receive it. Colorado is not to be admitted until 1876, however, and her new Senators and members cannot take their seats until after the Presidential election, in which the people of the new State will not participate. By the census of 1870, Colorado had a population of 29,864, whilst New Mexico had 91,874.

A train of cars filled with men and women was recently thrown from the track in Colorado and buried under a snow drift by the wind. The train was the Colorado and had of turning cars upside down, without giving the female passengers a chance to get their skirts about their ankles, speaks like angels, trumpet-tongued, in favor of a more Southern route to the Pacific, nobody with ears to hear will dare to deny.

A DIRTY JOB.—The charter of the town of Abbeville has been amended by our Solons in the Legislature, and her incorporate limits extended. It is a nasty job gotten up for some dirty political purpose. As we are all about out of money, we don't think the instigators of this shabby trick will be paid for their trouble.

[Abbeville Medium.] Trouble is anticipated on the frontier of Texas. At Brownsville, there is great excitement all along the lower part of the city. There are reports from all points of armed Mexicans gathering on their side of the river. General Potter says he has not troops enough to patrol all of the river. Many persons believe that Brownsville is menaced.

CIVIL RIGHTS.—The first instance, in this immediate section, of negroes taking advantage of the new privileges conferred upon them by the Civil Rights Bill, was two "gem" of this race taking a sleeping car from here to Richmond, a few nights ago. We did not learn where they hailed from.

COLLECTOR RANSIER'S DISTRICT.—The Second Internal Revenue District of South Carolina, to the Collector of which ex-Congressman A. J. Ransier has just been appointed, is composed of the Counties of Charleston, Colleton, Barnwell, Orangeburg and Beaufort.

A colored minister of Abbeville, Rev. Mr. Porter, met with a narrow escape, the other day. He attempted to cross a swollen creek, when the horse lost his footing and was carried a long distance down stream; the vehicle was smashed and the horse drowned, but the reverend got shore.

A little two-year-old child disappeared from his home in Abbeville, a few days ago, and was not found till next day—sitting on a fence some distance from his home. When asked where he slept, he said in a fence corner; that he was a little afraid, but that the Good Man took care of him.

A lad of sixteen years, named John H. Johnson, was arrested in Camden last week, for passing United States currency which he had altered from one dollar bills and made them appear as tens.

Hundreds of bridges were destroyed in different parts of the State during the recent flood of waters. The trouble extended from the mountains to the seaboard.

Mr. Warren Thompson, a citizen of Spartanburg, was found dead in his bed Tuesday morning. Cause of death unknown.

An incendiary fire destroyed the dwelling of Mr. John J. Harvin, of Sumter, on the night of the 5th.

The Brooklyn Union, a mammoth daily sheet, supposed heretofore to be on a solid basis, has gone under.

There were 80 deaths in Charleston for the week ending the 24th—white 7; colored 25.

Mr. F. H. Kennedy, of Sumter, died on the 5th, from paralysis.

Funeral Invitation. Died, on Monday, March 8, after a sudden and severe illness, ELIZABETH LYONS, relict of the late Henry Lyons, in the 67th year of her age.

The friends and acquaintances of the family are respectfully invited to attend the funeral, from her late residence, corner of Bull and Lady streets, THIS (Thursday) AFTERNOON, at 4 o'clock.

S. D. EPSTEIN, ATTORNEY AT LAW. OFFICE, Room No. 5, Southern Insurance Company Building, Columbia, S. C. March 11 1mo.

Richland Rifle Club. THE members will attend the regular drill of the corps, THIS EVENING, at 7 o'clock, equipped as heretofore.
