

"Let our Just Censures"

Attend the True Event."

BY JULIAN A. SELBY.

COLUMBIA, S. C., WEDNESDAY MORNING, APRIL 7, 1875.

VOLUME XI—NUMBER 13.

RULES ON POKER.—By GEN. SKUNK. 1. Don't buy half as many chips at the start as the other players.

2. Never ante up until some one tells you to, and then say that you have and stick to it, which will generally persuade some one else to "come in" twice.

3. Toward the end of the evening it is always better to owe up your ante "for a minute" than to put up, as the winner of the pot frequently forgets to charge up the debts, and none of the other players will remind him, as they may wish to do the same thing.

4. When the credit system begins to creep in, as it generally does about the middle of the game, you should always owe up if possible, and bet chiefly against those who always put up.

5. In dealing, always observe the bottom card, which you can easily do before the cut. Then, by noticing how thick a cut is made, you can tell whether that card goes out. This may help you in the draw.

6. Keep a sharp eye on the discard. They may be of service if your draw is not satisfactory.

7. When you are "in luck," watch your opportunity from time to time to put some of your checks in your pocket without being seen.

8. When any one wants to buy more checks and you have plenty, get him to buy of you, if possible, in preference to the bank.

9. When you are "chipping out" for drinks, &c., put a cigar in your pocket every once in a while.
