

Telegraphic--Foreign News.

VIENNA, June 19.—The Czar, when he returns from his visit to Warsaw, will pass through Bohemia. The Emperor of Austria will greet him at the frontier.

LONDON, June 21.—A contest took place on Saturday, at Edinburgh, between riflemen of England, Ireland and Scotland, for an international challenge trophy. Scotland won by 20 points ahead of England and 139 ahead of Ireland.

The steamship Corinthian, from Quebec for Glasgow, arrived in the Clyde; was in collision with an iceberg and lost bow-sprit and figure-head.

PARIS, June 21.—There is reason to believe that the Government has decided that a general election shall be held this year, and there is no doubt that the Assembly will vote for a final dissolution, as the Government assents to it.

DUBLIN, June 20.—Three persons have died from the effects of drinking whiskey at the fire Friday night, and seventeen are in the hospital for the same cause.

The American riflemen, by invitation of the Lord Mayor, attended divine service to-day at St. Patrick's Cathedral. The sermon, which was preached by Canon Keeper, was an eulogy of monarchy and the Established Church. Residents of the city comment severely on the speaker's taste. In the evening the visitors enjoyed the hospitalities of the Lord Mayor's mansion.

LONDON, June 19.—A new circular note of the Russian Government to the powers, dated May 20, says that the object of the St. Petersburg conference is not the conclusion of the formal international treaty. Negotiations will be resumed when all the governments have replied to the September circular. It is believed that Russia intends that a protocol shall be drafted, enumerating the principles of international law, accompanied with a declaration from each of the powers signing it that they will observe the principles as far as possible.

PARIS, June 20.—The Committee of Thirty have been considering the electoral bill. They have decided to maintain the system of voting by departments. In the Assembly, yesterday, violent recriminations passed between M. Gambetta and the Bonapartists as to the responsibility for the extraordinary taxation made necessary by the late war. The Assembly has decided to take up the public powers bill to-morrow for debate.

LONDON, June 21.—There is an uneasy feeling in the stock market, in consequence of rumors of further failures.

The Carlist Committee of this city announce that they are in receipt of intelligence that the Carlists have entered Castile in strong force, and that they have been well received everywhere.

HAVANA, June 21.—Captain-General Valmaseda left for the interior.

Telegraphic--American News.

ST. LOUIS, June 20.—Reports from all parts of Southern Nebraska, say the grass-hopper ravages have been exaggerated. The hoppers have left all that section of the State, or the few that remain are doing very little damage. Those which came from Kansas and Missouri made but a brief stay, and did but little injury. Wheat and other small grain will harvest from a half to a whole crop, according to the locality, and the corn crop will be full. In the sections where corn and other grains are seriously injured, the farmers are replanting, and expect fine crops.

KANSAS CITY, June 21.—Crop prospects in this State are better than ever before, and harvest hands are hard to get. The crops will be so large that fears are entertained that enough men cannot be obtained to save them.

BALTIMORE, June 21.—It is learned on good authority, that as the result of the conference on Saturday in Philadelphia, between the Baltimore and Ohio and Pennsylvania Railroads, ticket and freight rates on Western bound freights will be advanced to-day in Philadelphia and Baltimore, and that rates will be further advanced in a few days. There will be no change in passenger rates for a day or two.

PHILADELPHIA, June 21.—All the States will be represented at the meeting of bank presidents and bankers, on Thursday, the 24th; the purpose is to organize a centennial association.

The stock of Herman & Exnee, liquor dealers of Louisville, was seized on Saturday, and one of the members of the firm arrested. Crooked whiskey.

The yacht Octavia, which was lately detained by the New York Custom House officials, sailed Saturday, for Aspinwall. The Spaniards insist that Cuba is her destination.

A naval force with steam launches will be ordered to proceed to the mouth of the Rio Grande, to look after our interest there and co-operate with the army in the suppression of Mexican raids.

The Postmaster-General has invited the Presidents of the principal telegraph companies to consult with him concerning a reduction of the rates charged the Government, a modification of the present arrangement being desirable.

NORFOLK, Va., June 21.—The blue and gray mingled and joined hands, this afternoon, to welcome home from the Boston centennial the Norfolk Light Artillery Blues. They were met by a battalion of marines, with the marine band, the City Guards, fire department and a vast concourse of enthusiastic citizens. Speeches were made by Gen. Fitzhugh Lee, Col. Waller H. Taylor and others, testifying to the cordial and spontaneous ovation they received at the hands of the Boston people.

SAN FRANCISCO, June 21.—The defalcation of John Miller, Secretary of the Contract and Finance Company Central Pacific Railroad, is confirmed. He is in private custody, and expresses the hope of his ability to make the deficit good.

New York, June 21.—A Boston despatch, of yesterday, says only one of the military organizations from the South remains in Boston, and that is the Richmond Commandery of Knights Templars they leave to-day. Their reception here has been the grandest of the great demonstrations of welcome made during the past week. The appropriation for the entertainment of these seventy men was \$20,000, and a great deal more has been expended for the same object by private citizens. The collation given them by St. Andrew's Lodge, which has only thirty-eight members, cost \$3,000. They were treated to a carriage drive about the suburbs—resting from time to time at the elegant residences to which they were invited; they were also splendidly entertained in Newton. The guests are overpowered by all these and other evidences of Massachusetts hospitality, and say they will go home with revived affection for their sister commonwealth and new interest in our common country. Their spirit is set forth in an extract from a speech of one of their members—ex-Gov. Walker—when the Commandery and their hosts made a Masonic visit to the scene of Warren's death, at Bunker Hill. The Governor said, in closing his remarks: "We come here to say that we fully recognize that the flames of war have subsided, and that the glorious emblems of peace are growing for all of us. [Cries of 'good,' and applause.] We come here to say that in honest reality we desire to extend to you the right hand of fellowship, and in future to march on with you as one people, laboring to accomplish one great object—the perpetuation of the American Union, in all its purity and all sublimity and in all the grandeur in which our fathers founded it and in which it flourished from the first. [Applause and cheers.] To be brief, we stand here to say to you that we hope the sons of Massachusetts and Virginia may always be able in future to say, 'Behold how good and pleasant a thing it is for brethren to dwell together in unity.'" [Applause and cheers.] The sentiments here expressed seem to be shared by all Southerners who have attended the celebration.

The Cincinnati, Atlantic and Great Western Eastward bound passenger train, which left here at 10 o'clock last night, was thrown from the track at Hamilton by a displaced switch. The fireman, James Kirkup, was killed and Engineer James Grey badly bruised. No other person injured.

The business portion of the town of Grand Rapids has been destroyed by fire; loss \$150,000.

The editorial excursionists from Alabama and Tennessee called on Governor Tilden, at his residence in Grammercy Park, to-day. The Governor addressed them, expressing his pleasure at bidding them welcome to the North and the hope and trust that hereafter there will be more intercourse between the two sections, and that we shall stand thoroughly united with the common purpose of establishing and perpetuating good government everywhere. Hon. R. H. Powell, of Union Springs, responded, returning thanks to the Governor for his cordial greeting, and agreeing with him in a remark that if the people of the two sections had known each other better, the devastation of the late war would not have occurred. Everywhere, he said, in the North, they had been received with open hands and open arms, and they have found that the people of this section of country entertain for the South the most kindly sentiments, which are most cordially reciprocated. They have determined for the future to co-operate with gentlemen of the North in securing and perpetuating our common country. The members of the association were then each introduced to the Governor, when they withdrew.

WASHINGTON, June 21.—Robeson has gone to Annapolis, to distribute diplomas. Bristow has gone to New York. Surgeon James Simmons has been relieved from and Assistant-Surgeon Ely McClellan assigned to duty in the Department of the South. It is reported the steamer Saranac foundered off California.

Gentlemen in official position are apprehensive that unless prompt measures be taken with regard to the continued raids on the Texas border, the United States and Mexico may become involved in serious difficulties. There is no doubt the Mexican Government, as it has repeatedly informed our own in reply to frequent protests, is anxious for the removal of all causes that could possibly produce a conflict of arms between the two countries; but the border being far from the capital, it cannot exercise its desired control over the Northern States of that republic. Two years ago, the Mexican Government protested against the invasion of its soil by Gen. McKenzie, in pursuit of Mexican raiders, but our Government could make no amends, and did not censure that officer, considering that the pursuit was justified by circumstances. The army will now act promptly in protecting American citizens, assisted by such naval appliances as necessity may demand. The steamer Plymouth, Capt. Russell, has been ordered to the mouth of the Rio Grande, whence the crew will proceed in armed launches to the points where their services will be required. The command on the border is entrusted to General Ord, in whom the Government has entire confidence, both as to his discretion and efficiency.

Probabilities.—For the South Atlantic and Gulf States, stationary or falling barometer, South-easterly winds, warmer and partly cloudy weather will prevail.

The Navy Department has advised that the United Steamer Saranac ran upon a sunken rock, in Seymour Pass, Johnson Straits, on Sunday morning. No one appears to have been lost. The news comes by telegraph from Victoria, where

Lieutenant Commander Sanden had arrived in one of the ships' boats, for the purpose of chartering a steamer to go to the assistance of the ship-wrecked mariners.

PROVIDENCE, R. I., June 21.—Richmond Commandery Knights Templar arrived from Boston this morning and were received by St. John's and Calvary Commanderies and entertained by an elegant collation at Howard Hall. Afterwards the three Commanderies took a special steamer for Rocky Point, where a Narragansett shore banquet is to be served.

WILKESBARRE, Pa., June 21.—The long-looked-for resumption of work at the mines of the Lehigh and Wilkesbarre Coal Company's collieries at Sugar Notch, Wanamic, Hanover, Nautico, Empire, Diamond, Plymouth, Hollingback and others, took place, this morning, at a reduction of ten per cent. from prices formerly paid. The six months' suspension in this region is now ended. The men of the Riverside Coal Company and individual operators also commenced work this morning.

HAZELTON, June 21.—Three suffocated in the Stockton mine; three others insensible but recovering.

CHARLESTON, June 21.—Arrived, steamships Gulf Stream, New York; Calvert, Baltimore.
