

"Let our Just Censures"

Attend the True Event."

BY JULIAN A. SELBY.

COLUMBIA, S. C., WEDNESDAY MORNING, JUNE 23, 1875.

VOLUME XI—NUMBER 79.

**FOUR MEN HUNG BY JUDGE LYNCH.**—A special correspondent of the Kansas, City Times just from South-western Kansas, reports the hanging of four horse thieves, at Wittington, Sumner County, on Thursday night last, by the vigilants. A great number of horses have been stolen in that section during the last two months. The leader of the gang was a man named Cook. He was among the number lynched.

The ratio of mortality of the white population of the District of Columbia for the year ending May 31, was 17.96 per 1,000, while the mortality of the colored population was 49.40 per 1,000. The rate of decrease by deaths over births of the colored population was 24.70 per 1,000.

Three miners drank from a bottle of whiskey found in the road, near Keokuk, Ill., a few days ago, and one of them died; the others were saved by proper remedies. An old man is suspected of poisoning the spirits and has been arrested.

The Atlanta papers have discovered that the 4th of July, 1875, is the centennial anniversary of Georgia. On that day, 100 years ago, the first Provincial Congress of Georgia, organized in opposition to the Provincial Legislature, which was controlled by the British Governor, was assembled in Savannah.

The Governor has appointed W. W. Moore, Trial Justice of Darlington; N. H. Carey, Notary Public of Barnwell; George S. Boon, Notary Public of Williamsburg.

A Washington special says another grand council is to be held with the Sioux chiefs concerning the Black Hills. It is doubtful if the hills can be opened this summer or autumn in time for operation.

The young man, Gibson, who killed his father in Richmond County, N. C., last week, did it in self-defence. The old man was roaring drunk, and attempted to cut his son's throat.

The symptoms of Liver Complaint are uneasiness and pain in the side. Sometimes the pain is in the shoulder, and is mistaken for rheumatism. The stomach is affected with loss of appetite and sickness, bowels in general costive, and sometimes alternating with lax. The head is troubled with pain, and dull, heavy sensation, considerable loss of memory, accompanied with painful sensation of having left undone something which ought to have been done. Often complaining of weakness, debility and low spirits. Sometimes many of the above symptoms attend the disease, and at other times, very few of them; but the Liver is generally the organ most involved.
