

"Let our Just Censures

Attend the True Event."

BY JULIAN A. SELBY.

COLUMBIA, S. C., FRIDAY MORNING, JULY 9, 1875.

VOLUME XI—NUMBER 93.

The Conservative Press and the Governor.

Mr. Editor: Some of the Democratic newspapers in our State seem bent on ruining us, by lauding Governor Chamberlain for the course he has pursued since Governor C. If they would take one moment to reflect on the consequence of such praise, they would certainly remain silent.

The Governor of Massachusetts has refused to interfere in the matter of Pomeroy, the child-murderer, who is under sentence of death. The Governor does himself credit by resisting the appeals of the philanthropists, so-called.

POSTMASTER-GENERAL JEWELL.—The present Postmaster-General has won the commendation of the press and public by the vigilant and practical manner in which he has superintended the important department placed under his charge.

The symptoms of Liver Complaint are uneasiness and pain in the side. Sometimes the pain is in the shoulder, and is mistaken for rheumatism. The stomach is affected with loss of appetite and sickness, bowels in general costive, and sometimes alternating with lax.

Its Title to Public Confidence.

FIRST—It is a Strong Company. Having, in addition to its ample reserve fund, a fully paid and securely invested capital of \$1,000,000, every dollar of which is pledged to the payment of its policies.

SECOND—It is a Low Rate Company. Doing business exclusively on the Stock Plan; its premium rates are much lower than those of Mutual or Mixed companies, and are the very lowest possible, consistent with security to the policy-holder.

THIRD—It is a Plain Company. It promises no dividends, and it disappoints no expectations. Every policyholder knows just what his insurance will cost, and just what it will realize. The contract is simple and definite, and means Indemnity, not Profit.

FOURTH—It is a Paying Company. During the last year it has paid to the Widows and Orphans of deceased policyholders \$880,000.

FIFTH—It is a Sound Company. It has just passed through a long and rigid examination, and its financial strength is officially attested by the most exacting of State Insurance Commissioners.

SIXTH—It is a Broad Company. Its 20,000 risks being widely distributed through thirty-four States and Territories, no epidemic, however general, can seriously affect its mortality.
