LONDON, July 15.—Despatches from all parts of the country bring intelligence of very heavy rain storms. The Central News Association published a despatch announcing that an immense dam in Cinderford Valley, Gloucestershire, has burst, renewing the danger in the forest of Dean, which, it was previously thought, was averted; no loss of life reported.

The recent rains have swollen the rivers and streams in the valley of Severn, in France, and have caused serious inundations. A number of dwellings have been flooded, and the waters continue to rise rapidly. There is great excitement.

The meeting called by the Radical clubs to-night at Trafalgar Square, to protest against the grant for the Prince of Wales' Indian journey, was a failure.

Advices from the Spanish frontier, received by way of Bayonne, report that Gen. Dorregaray being unable to penetrate into French territory, has turned back in the direction of Barbastro. Six officers and 172 men belonging to his rear guard were compelled to take refuge in France. They were promptly arrested by the French authorities and disarmed. Troops have been sent from Paris to guard the frontier. Don Carlos is at Villa Real with a strong force.

The Imparcial states that a diplomatic agent of China is coming to Madrid, and that Chinese consuls will be appointed in Cuba.

MADRID, July 14.—It is asserted that the article of the new Constitution, embodying the principle of religious liberty, will be supported when it comes up for final action in the Constitutional Committee by a vote of 23 to 10.

VERSAILLES, July 15.—The vote declaring the proposition for an election in Nivernais failed—yeas 296, nays 335. Roubier resumed his speech; he wished to defend the dead Emperor against calumny. The Loyalists and Orleanists, after 1830 and 1848, in the same way sought to defend their respective sovereigns. Here the Legitimists and Orleans Deputies loudly protested against the comparison of their kings with Napoleon III, and the tumult was indescribable. M. Gambetta shouted, "The blood of the second of December chokes you!" M. Roubier, resuming, denied that the Bonapartists had tried to corrupt the army, or had intrigued with the Socialists and Communists. Addressing the Left, he said: "Your object is to obtain a renewal of the vote overthrowing the empire; we will give you no pretext for such a step. We will respect the Republican Constitution, but the republic is the result of an ephemeral compromise of Radicals and Orleanists. The Legitimists centre their hopes on the revision of the Constitution. The Bonapartists exercise the same right to hope."

MADRID, July 15.—The Official Gazette announces that the Carlist Gen. Dorregaray entered Catalonia by way of Tremp valley, pursued by the Alfonsist Gens. Weiler and Martinez Compos.

RANGOON, July 15.—It is reported that an insurrection broke out in the neighborhood of Bhalo, in Burmah.

Telegraphic--American News.

CHARLESTON, July 15.—Arrived—Steamships Champion, New York; Calvert, Boston.

NEW ORLEANS, July 14.—A bale of new cotton was received last night from St. Landry Parish. It was classified middling fair to fair, new classification, weighed 400 pounds, and was sold at twenty-five cents per pound. The first receipt of Louisiana cotton last year was on August 12.

A letter in the Bulletin, from Milton, Florida, reports the lynching of a white man and negro, each charged with rape. The verdict of the coroner's jury was, "Hanged by parties unknown, and served them right."

CINCINNATI, July 14.—A despatch from Shawneetown, Illinois, says that the heaviest rains that have fallen for years occurred yesterday. The track of the Springfield division of the Erie and Mississippi Railroad, in the vicinity of Mill Shoals, is covered with water from three inches to two feet deep. It put out the fires of the engine to-day as the trains came through it. The people in the bottom lands, along the Ohio and Wabash Rivers, are seriously alarmed on account of the threatened overflow. A great many farmers have lost their entire crops by the flood.

CHICAGO, July 15.—G. W. Adams, grain dealer, suspended; he states he will resume payment to-morrow.

MILWAUKEE, July 15.—Bell & Martin, grain dealers, failed; unable to fill contract to deliver 210,000 bushels of wheat.

OMAHA, July 15.—Soldiers killed two Indians and wounded others on Little White Raith River reservation. The Indians are greatly excited and all negotiations and work of the Commissioners suspended.

SARATOGA, July 15.—C. H. Barbour, of Amherst, won the run—time 4.44; W. A. Platt, of Williams, won mile walk—7.50; W. R. Taylor, of Harvard, won seven mile walk—time 6.51; C. M. Culver, of Union, won quarter mile run—55.

DUNNELLSON, N. J., July 15.—The post office and several adjoining buildings burned; loss \$100,000.

New York, July 15.—The grand jury indicted Price and Loader, for perjury in the Beecher case.

WASHINGTON, July 15.—Gen. Longstreet called on Secretary Bristow for access to the archives of the rebellion, in order to make up his personal record at Gettysburg. Permission was granted.

Ex-Gov. Wells will succeed Fisher as District-Attorney for the District of Columbia.

A despatch reached the Navy Department, reporting one death and four new cases in Key West for the previous twenty-four hours.

Probabilities—For the South Atlantic

and Gulf States, falling barometer, South-east to Westerly winds and continued warm and clear or partly cloudy weather, will prevail, with rain areas in the former.

WASHINGTON, July 15.—The July returns to the Department of Agriculture are unusually full, showing an improvement of the cotton crop during June in all the cotton States, except Texas. The State averages are as follows: North Carolina, 95—an improvement of 3 per cent.; South Carolina, 99—improved 2 per cent.; Georgia, 97—improved 6 per cent.; Florida, 101—improved 7 per cent.; Alabama, 102—improved 1 per cent.; Mississippi, 103—improved 3 per cent.; Louisiana, 105—improved 10 per cent.; Texas, 93—declined 3 per cent.; Arkansas, 104—improved 14 per cent.; Tennessee, 109—improved 10 per cent. Some portions of the cotton area were affected with drought, which, however, was less injurious to cotton than to other crops. Its injuries were mostly compensated by the opportunity it afforded for the better working of other crops. In Texas, cut worms, cotton caterpillars and grass-hoppers were injurious in some localities. A few isolated reports also mention cotton lice, but insect depredations so far have not affected the crop to an extent worth mentioning.

RALEIGH, N. C., July 15.—The congress adjourned to-day, at 1 o'clock, after a harmonious and interesting session of three days. The only business of importance transacted to-day, hearing an address, by appointment of the last congress, from Col. J. L. Bridgers, of North Carolina, on the general subject of agriculture in the Southern States. There was compelled to be a change of agriculture in the States; population and prosperity were diminishing in quantity and quality. Loss on production from 1860 to 1870 had been enormous, while loss in area of cultivated land was over 7,000,000 acres; he opposed the cutting up land into small farms, as tending to reduce all farming to the forty-acre-and-a-mule system; inert minerals in the earth are sufficient to produce good crops by atmospheric action. This action was to be found in composition; the South could save \$100,000,000 in feeding horses on oats and clover, instead of corn and fodder. His speech was full of facts and practical suggestions and listened to with great attention. Its publication was ordered in all Southern agricultural journals. A resolution adopted, yesterday, asking Congress to make greenbacks a legal tender for all dues to the Government and on all importations, was recognized and its further consideration postponed until next session of congress. A grand banquet last night to the congress was a success.

A DOUBLE DANGER AVERTED.—The inhabitant of a malarious region is threatened by a double danger. He is not only compelled to breathe the miasma, but to swallow it, since it infects, not only the atmosphere, but the water. The aerial poison threatens his system through the lungs and pores, the liquid through the stomach. Against this double peril there is but one protection, and that is to invigorate the entire body through the digestive and secretory organs. Ordinary tonics usually fail to accomplish this—Hostetter's Stomach Bitters never. In the tropics, where the diseases originated by malaria are of a far more malignant type than those originated by the same cause in the temperate zone, it enjoys immense and constantly increasing sales, and there is no portion of this continent where it is not the reigning specific for miasmatic fevers and disorders of the stomach, liver and bowels, proceeding from malaria and other causes. Nothing is more lady-like than the use of fine note paper and a neat fashionable envelope. So think the fortunate receivers of such billet-doux. The sweetness of a charming sentence is rendered more delicious, if conveyed on a delicate tinted sheet of Pirie's Note Paper. It is bad taste in a gentleman writing to a lady on inferior stationery. If you wish to be posted on the latest novelties, the fashion in these matters, enclose a stamp to Walker, Evans & Cogswell, for one of their little fashion books "Card Etiquette," or send an order for a recherche lot of paper and envelopes of the latest style. Do not forget at the same time to order a monogram. J16+

A SUIT FOR MILLIONS.—The Savannah (Ga.) Advertiser notices the institution of a suit in that city by the heirs of Robert Bolton, who died in 1802, for the recovery of a large amount of property, aggregating several millions in value, in Georgia and Florida, of which they claim to have been defrauded by John Bolton, a partner and cousin of the deceased. The Advertiser states that the parties have commenced suit in the United States Circuit Court, District of Maryland, for the recovery of considerable property in Baltimore.

The only thing which seems to trouble the Keely motor people is the difficulty of getting machinery strong enough to hold in the gigantic power which Keely claims to have captured. If they make a mistake about material they may succeed in blowing themselves into eternity at short notice. Perhaps, with the alleged explosive possibilities of the motor, this would be the best way to rid the world of an imminent danger. Keely may be blown to thunder at any moment, with his secret.

Senator Jones, of Nevada, A. T. Stewart of New York, and J. D. Coughlin, and Geo. Brown, of California, have bought a piece of land at Delord and Annunciation streets, New Orleans, whereon they intend to build an artificial ice factory 150 long, 160 feet wide, and more than 50 feet high, to cost \$125,000. They have an ice factory in California, one in Chattanooga, one nearly finished in Galveston, and are about to build one in Atlanta.

Frozen peaches will be shipped to Europe this summer in large quantities. A successful experiment was made last year, and it was demonstrated that fruit kept frozen during the ocean voyage, thawed out fresh and fine of flavor upon arrival in England, where it was sold at enormous prices.

A mocking-bird belonging to Judge Hood, of Rome, Ga., is a natural born ventriloquist. While mimicking the call of a turkey, it throws its voice into the yard. The only surprising thing about this is that some of the chickens haven't picked the voice up.

Mrs. Mary Ann Osteen, died on Tuesday 13th instant, from dropsy of the heart. Her age was about sixty years. She was the wife of Mr. Willis Osteen, of Privateer Township, and the mother of eighteen children.

On Wednesday of last week, lightning struck and killed Miss Harriet Rippey, a mile North of Shelby, N. C. The young lady's mother was stunned by the same shock.

Mrs. John Ansell, sr., of Walhalla, died a few days ago.

It is reported that the dreaded grasshopper has appeared at Rock Hill.

Miss Bres, a New Orleans woman who recently graduated at a medical school in Paris, has been appointed physician to the Sultan's harem at Constantinople.

Money can now be had in Walhalla. The bank has begun its operations, and is making loans, receiving deposits, and selling exchange.

Men sometimes get in advance of their age; women never do.

MARRIED, On the 16th June, by the Rev. P. J. Quilter, at St. Peter's Church, Mr. JOS. F. MURPHY, of Charleston, to Miss SALLIE, youngest daughter of Hugh McElrone, Esq., of Columbia. Charleston News and Courier please copy.

Funeral Invitations. The friends and acquaintances of Mrs. JAMES CLAFFY are invited to attend her funeral, from the South Carolina Railroad Depot to the Catholic Church, TO-DAY, at 1 o'clock.

The relatives, friends and acquaintances of Mr. and Mrs. WILLIAM MARTIN, W. B. Stanley and Geo. A. Shields, are respectfully invited to attend the funeral of the former, from his late residence, East end Plain street, beyond Oak street, (Waverly,) at half-past 10 o'clock, THIS (Friday) MORNING.

The relatives, friends and acquaintances of Mr. and Mrs. CHARLES V. CARRINGTON and family are respectfully invited to attend the funeral of the former, at Trinity Church, TO-MORROW (Saturday) AFTERNOON, at 5 o'clock.

Information Wanted OF my wife, Mina Brusch, who left my bed and board, with my child, on Tuesday last. Any information respecting her whereabouts will be thankfully received and suitably rewarded.

Auction Sales.

SEIBELS & EZELL, REAL ESTATE AUCTIONEERS. IMPORTANT sale of VALUABLE LOTS in the flourishing town of SENECA CITY, at the crossing of the Air Line and Blue Ridge Railroads, beginning on WEDNESDAY, 11th day of August, 12 o'clock, and continuing from day to day until the entire property is disposed of. This will afford an opportunity for purchasers to buy the unsold Lots, many of which are very desirable, in this healthy and fast improving town.

Seneca City possesses peculiar advantages in being located in one of the most healthy sections of the world, with a full supply of Pure Free Stone Water. Located within the Cotton Belt, it must command a good trade in that staple, as well as the rich harvests gathered in the valleys of the Seneca and Tugalo Rivers. Conners, Cane and Martin Creeks and Little River afford numerous and extensive Water Powers, within a few miles of the city, which, taken in connection with the fact that extensive Beds of Fine Iron Ore and Rich Gold Mines are found near by, insures the success of the place, and, before many years shall lapse, it will undoubtedly be the largest city in the Western section of South Carolina.

Parties in want of a Pleasant Home, will do well to attend the sale, which will be without reserve, on the following terms:

One-third cash; balance in two equal payments of four and eight months. Purchasers to pay for papers. Arrangements will be made with the Railroads to take parties attending the sale at reduced rates of fare. July 15 13

Spartanburg and Asheville Railroad Company. Annual Meeting of the Stockholders at Hendersonville, N. C.

THE annual meeting of stockholders of this Company will be held at Hendersonville, N. C., on WEDNESDAY, August 11, 1875, at 12 o'clock M. On this occasion, "the President will make a report of the affairs and condition of the Company, and an election will be held for twelve (12) Directors to serve for the ensuing year." Attention is called to Rules 2d and 8th of the By-Laws:

Rule II. "No stockholder who has not paid all the installments due upon his stock shall be entitled to transfer the same, or to receive dividends upon it, or to vote at meetings of the Company; and in all matters relating to stock, the books of the Company shall be deemed conclusive evidence."

Rule VIII. "None but stockholders shall be admitted to represent shares of other stockholders." It is particularly requested that each and every stockholder do attend this meeting.
