

From the South Carolinian.
To the People of the State.
The following forms of petition to the Legislature are recommended to obtain a law to submit prohibition to the people.

The members of the Central Committee residing in the different districts, counties and parishes are requested to have petitions prepared, and to set about having them signed both by men and women, according to the forms below.

JOHN BELTON O'NEALL,
Chairman of the Central Committee.
(No. 1.)
THE STATE OF SOUTH CAROLINA.
To the Honorable the Senate and House of Representatives of the State of South Carolina:

The undersigned citizens, desiring the repeal of the liquor laws, and the prohibition of the manufacture or sale of intoxicating drink as a beverage, respectfully ask your honorable bodies for the passage of a law, whereby the will of the people may be ascertained. This is done not that the people should enact the law, (which they admit would be unconstitutional), but that you, before the enactment of such a law of prohibition as is desired, may know that it has its foundation in the convictions of the people, and will therefore be sustained.

(No. 2.)
THE STATE OF SOUTH CAROLINA.
To the Honorable the Senate and House of Representatives of the State:

The undersigned, mothers, wives and daughters of the people of the State, approach most respectfully your honorable bodies, and beg leave to state that they are great sufferers by the use of intoxicating drink on the part of the men of the State.

The dram shops of the cities, towns, villages and country places are the charnel-houses where are found crushed and dead many of their fondest hopes and expectations.

They would respectfully ask that the question of prohibiting the manufacture or sale of intoxicating drinks as a beverage may be left to a popular vote; so that you being thus formed of the people's will, may conform to it, and make the hearts of the mothers, wives and daughters of the land to leap with joy.

Other papers will please copy.
RETURN OF GEN. GADSDEN TO MEXICO.
The U. S. steamer Fulton, Lieut. Mitchell, commanding, arrived at this port on Saturday, having been ordered hither for the purpose of receiving on board Gen. James Gadsden, our Minister to Mexico, whom she is to convey to Vera Cruz. She sailed on her mission yesterday morning.—*Charleston Standard of Monday.*

NIAGARA FALLS A NOVELTY.—It is very surprising, says a writer, that two of the greatest natural curiosities in the world are in the United States, and scarcely known to our best geographers and naturalists; the one is a beautiful fall in Franklin, Habersham county, Georgia; the other a stupendous precipice in Pendleton district, South Carolina. They are both faintly mentioned in the late edition of Morse's Geography, but not as they merit. The Tucco fall is much higher than the Niagara. The column of water is propelled beautifully over a perpendicular rock, and when the stream is full, it passes down without being broken. All the prismatic effects seen at Niagara, illustrate the spray at Tucco. The table mountain in Pendleton district is an awful precipice of nine hundred feet. Many persons reside within five, seven, or ten miles of this grand spectacle, who never had the curiosity to visit it. It is now visited by curious travellers, and sometimes by men of science.

Hon. Thomas H. Benton is announced as a candidate for re-election to the House of Representatives in the St. Louis district, subject to the decision of the Democratic party as expressed by a primary election. The St. Louis Democrat says it is also authorized to announce that he is likewise a candidate before the people of the State at large for re-election to the Senate of the United States.

GREELEY MAD.—In speaking of the resistance which, in the opinion of the New York Tribune, ought to be offered to the Nebraska bill, the editor of that sheet delivered himself yesterday of the following sentiment:

"We urge, therefore, unbending determination on the part of the Northern members, hostile to this intolerable outrage, and demand of them in behalf of peace, in behalf of freedom, in behalf of justice and humanity, resistance to the last. Better that confusion should ensue—better that discord should reign in the national councils—better that Congress should break up in wild disorder—nay, better that the Capital itself should blaze by the torch of the incendiary, or fall and bury all its inmates beneath its crumbling ruins—than that this perfidious and wrong should finally be accomplished."

PURCHASE OF MOUNT VERNON.—Mr. Morton, of Florida, on Wednesday, made a report to the Senate from the Committee on Agriculture in favor of the purchase of Mount Vernon by the Government and the establishment there of an agricultural school, under the same sort of government and regulations as the Military and Naval Academy.

FEMALES AS PHYSICIANS.—The female Medical College of Massachusetts received a grant from the Legislature of \$1000 annually for five years. The wording of the resolution appropriates the money "in aid of the medical education of females by the establishment of forty scholarships, the beneficiaries of which shall be selected from the several Senatorial Districts, in numbers according to the Senatorial appointment."

The N. Y. Tribune has, in the centre of its leading page, surrounded by double black lines under the head of "The Roll of Infamy," the names of the representatives from the free States who voted for the Nebraska bill.

According to the Washington Star it is said that Horace Greeley, of the New York Tribune will be arrested for urging the abolition members of Congress, and those who herd with them to burn the Capitol.

Two gentlemen, Dr. Taylor and Mr. Cummings from New Orleans, shot at each other at Pass Christian, last Thursday with rifles.—First fire no damage. Second fire, Cummings received a ball through his hat, and Taylor one through the lapel of his coat. Reconciliation ensued.

TELEGRAPHIC INTELLIGENCE
LATER FROM EUROPE.
Arrival of the Steamer Europa.
SEVERAL ALLIED VICTORIES.
NEW YORK, May 20, 1854.

The steamer Europa, with news three days later than was brought by the Atlantic, arrived here on Friday.

The commercial news is as follows: Denistoun's circular says that the sales of the week amount to 34,000 bales. Fair Orleans 6 1-2—middling 5 3-8; fair uplands 6 1-4—middling 5 1-8. Lower grades declined 1 4 to 5 16; but better qualities are firm. Wright and Gandy quote middling Orleans at 5 3-8; fair uplands 6 1-8. Speculators and exporters took 2,000 each.

Manchester trade remains unchanged. Flour declined 6d. a ls. Western Canal 36.6 a 37—Ohio 38 a 38.6. Wheat firm—white 12 a 12 1-4. Corn declined 2s.—yellow and white 38. Lard in moderate demand; holders are not pressing the article on the market, and the sales are making at 52s. Beef unchanged, and in moderate demand. Pork—demand moderate. Bacon declined 1s.

The London breadstuffs market unchanged. Sugars in moderate request. Rice flat. Coffee quiet. Pig iron 83. Money tighter.—Consols closed at 87 1-2 a 88 1-2. The transactions in American securities are small, and they have mostly declined.

The war news by this steamer is important. The allied fleets had bombarded the city of Sulina Boghaz, at the mouth of the Danube. Omer Pacha also obtained a signal victory over the Russian General Luder.

The American privateer Grape Shot is reported to have captured a French brig off Land's End.

Additional Intelligence.
On the 18th and 19th Omer Pacha, with 70,000 men, gave battle to General Luder, between Silistria and Rusechuk. The engagement lasted for several hours. During the previous night Omer Pacha had sent a division towards sea, which division, during the night of the battle, attacked the Russians in the rear, causing tremendous confusion. The Russians retreated behind Chermawoda, with the loss of many guns, stores, baggage, and military chests. The Russians continued the attack on Silistria.

The Turks, on the 20th, crossed the Danube, for the purpose of destroying the Russian batteries, advanced to Kalarnel, and after hard fighting returned on the 23d to Silistria in good order.

Prince Paskiewitch has ordered the Russians to advance no further into the Dobruza.

An important battle was fought on the 25th between the Turks and Greek insurgents. Aita was taken by assault in fifty minutes by the Turks. The Greek leaders, Karasski and Isavitsa, fled. The slaughter was considerable. The important town of Meizo was also taken by the Turks, and pillaged by the Albanians. The Greek leader Grives fled. Except the Pirous all the coast of Greece is closely blockaded by the allies.

On the 19th a fight ensued between the Turks and Montenegrins at Nicksick, commanded by the chief George Petrovitch.—Hostilities have now fairly commenced, and each steamer will but enhance the interest felt in the contest in the East.

It is reported that the Austrians will occupy the Provinces.

Admiral Napier is closely blockading all the Baltic ports, and Russia is fitting out a fleet of 800 armed boats to send against him.

MADISON SPRINGS,
Madison County, Geo.
THANKFUL for the liberal patronage extended to my Spring, and feeling my entire incapacity for their management, I have arranged with AARON GAGE, Esq. of Mobile, Alabama, the popular host of the "EUTA HOUSE," to take an interest in them.

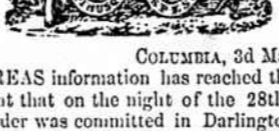

The Hotel will be under his management during the approaching season. Mr. Gage's high reputation as a Hotel Keeper, connected with the fact that he intends making Georgia his future home, is a sure guarantee that nothing will be wanting under his management to give entire satisfaction.

The reputation of this Watering Place for health, salubrity of climate, variety and efficacy of its waters, the comfort and beauty of its improvements, with fine rides, agreeable walks, and distant mountain views, make it a popular resort during the Summer months, and always insures for it the finest society.

The Hotel will be kept in the best style, and with the aid of the fine market which the country contiguous furnishes, the table will be second to none in the country. Ample arrangements exist for the accommodation of families.
The fine German Band from Charleston, whose music was so much admired last season, are engaged again. One member of the Band will give lessons in Dancing, and another in Music.

The Springs are twenty-two miles from Athens, Georgia, where two lines of Stages are always in readiness to convey passengers. Persons leaving Augusta or Atlanta by the morning train can sleep at the Springs.
Rates of Board will be for the season of four months, \$20 per month; three months, \$25 per month; and for three months, \$30 months; per day, \$1.50. Children and servants half-price. Applications for Board can be made to the undersigned, per mail, at the Springs, or to Mr. Aaron Gage, Mobile, Ala.

COLUMBIA, 3d May, 1854.
WHEREAS information has reached this Department that on the night of the 28th February last, a murder was committed in Darlington District upon the body of a slave named Peter, the property of L. A. Williamson, by a gun-shot wound inflicted by Wm. L. Williamson, who has fled from justice.

Now to the intent that the said Wm. L. Williamson should be apprehended and brought to trial and condign punishment, I hereby offer a reward of TWO HUNDRED AND FIFTY DOLLARS for his delivery into any of the jails of this State. The said Williamson is about five feet eight inches in height, well formed, sandy hair, red complexion, gentlemanly in deportment, and supposed to be thirty-four years old. Given under my hand and the seal of the State, at Columbia, this third day of May, A. D. 1854.

LUCK, Esq., now in the city of Richmond, and for many years in the Post Office, has such confidence in the extraordinary efficacy of CARTER'S SPANISH MIXTURE, that he has bought upwards of 50 bottles, which he has given away to the afflicted. Mr. Luck says he has never known it to fail when taken according to directions.

Dr. MINGE, a practicing physician, and formerly of the City Hotel, in the city of Richmond, says he has witnessed in a number of instances the effects of CARTER'S SPANISH MIXTURE were most truly surprising. He says in a case of Consumption, dependent on the Liver, the good effects were wonderful, indeed.

SAMUEL M. DRINKER, of the Firm of Drinker & Morris, Richmond, was cured of liver complaint of 8 years standing by the use of two bottles of Carter's Spanish Mixture.

GREAT CURE OF SCROFULA.—The Editors of the Richmond Republican had a servant employed in their press room, cured of violent Scrofula, combined with Rheumatism, which entirely disabled him from work.—Two bottles of Carter's Spanish Mixture made a perfect cure of him, and the Editor, in a public notice, says they "cheerfully recommend it to all who are afflicted with any disease of the blood."

STILL ANOTHER CURE OF SCROFULA.—I had a very valuable boy cured of Scrofula by Carter's Spanish Mixture. I consider it a truly noble medicine.
