ROGERS' LIVERWORT AND TAR. For the complete Cure of Coughs, Colds, Influenza, Asthma, Bronchitis, Spitting of Blood, and all other Lung Complaints tending to Con-

sumption. Alls preparation is getting into use all over our L Country. The numerous letters we receive from our various agents, informing us of cures effected in their imm ediate neighborhoods, warrant us in saying it is one of the best, if not the very best Cough Medicine not before the public. It almost invariably relieves and not unfrequently cures the very worst cases.
When all other Cough preparations have failed, this has relieved the patient, as Druggists, dealers in Medicines, and Physicians can testify. Ask the Agent in your nearest town, what has Leen his experience of the effects of this medicine. If he has been selling it for any length of time he will tell you

IT IS THE BEST MEDICINE EXTANT.

Below we give a few extracts from letters we have received lately regarding the virtues of this medicine.
Dr. S. S. Uslin, of Knoxville, Ga., says: I have
been using your Liverwort and Tar very extensively
in my practice for three years past, and, it is with pleasure I state my belief in its superiority over all other articles with which I am acquainted, for which

Messrs. Fitzgerald & Benners, writing from Waynes rille, N. C. say: "The Liverwort and Tar is becoming daily more popular in this country, and we think justly so. All who have tried it speak in commendable terms of it, and say it is very beneficial in alleyi-ating the complaints for weich it is recommended." Our Agent in Pickens District, S. C., Mr. S. R. Mc-Fall, assures us" that he uses it with great benefit in his own family, and recommends it to his neighbors." He gives an instance of a negro-woman, in his vicini ty, who had been suffering with disease of the Longs for years, attended with severe cough, who was relieved by the Liverwort and Tar.

Such are the good reports we hear of this Medicate from all parts of the couth. For a report of the surprising cures it has performed in the Western and Northern and Eastern States, we would invite the suf fering patient to read the pamphlet which accompanies each bottle. To all, we say, have hope, have hope! TRY THE MEDICINE!!

Be warned in season !!! And neglect not that cough which is daily weakening your constitution, irritating your throat and lungs. nd inviting on that dread disease, Consumption, a her so soothing and healing a remedy can be obtained abr. Rogers' Syrup of Liverwort and Tar.

It is a remarkable fact, that among the hundreds of eminent physicians who have examined the recipe by which Bull's Sarssparilla is prepared not one has condemned it, but all approved it, and commend it in the highest terms. Many physicians who have press themselves stroigly in the belief that it is decidedly the best preparation of Sarsaparilla that has ever been placed before the public. Although there are many physicians who field reine time to having their names appended to the recommendation of any particular remedy, not with standing they may approve of it in the highest degree, there are others, who frankly yield their support in favor of a remedy which they know is capable of doing so much good in an afflicted community. As an evidence, read the following from old and respectable physicians, of high standing in the community in which they live:

TESTIMONY

Testimony like the following gard; as superflows all comments on the efficacy of Bull's Saraparilla. From Dr. L. P. Yandell, Professor of Chemistry in the Louisville Medical College: I have looked over the list of ingredients composing John Bull's Compound Extract of Saraparilla, and have no hestation in saving that they form a safe compound, and one that promises well in chronic diseases, to which lide applicable.

L. P. YANDELL, M. D. Louisville, June 6, 1848.

What Dr. Pyles, physician by appointment to the Louisville Marine Hospital, says of Bull's Sarasparilla.

I have examined the prescription for the proparation of John Bull's Sarasparilla, and I believe the combination to be an excilent one, and well calculated to produce an alterative impression on the system. I have used it both in public and private practice, and think it the best article of Sarasparilla now in use.

Loudon, Kr., April 25th, 1850.

Sin — Permit me to address to you a few lines, and do me the honor to reply to a request that I will make in the conclusion of this letter, &c.

I am a graduate of Transylvania Medical Enversity; I have practiced medicine in this wilderness, country, about five years, but owing to exposure to bitter cold weather, I have been indisposed with Acute Rhenniarism about six months After having exhausved my skill in the treatment of my case, and deriving no benefit. I was induced to give your rutin Expancy of Sassylvantal a fair trial and accordingly purchased a bottle of your medicine from your agent, Mr. George P. Brown, about two weeks ago, and I must confess that one bottle has entirely cured me.

It is my opinion, that your preparation of Sarsaparilla is decidedly superior to any other preparation now in use, and I will take great pleasure in recommending it to the afflicted as being a remedial agent, and I will advise the physicians to use it in their practice, &c.

Respectfully yours, B. B. ALLEN, M. D.

Louisville, July 13th 1849.

I have examined the list of articles that compose John Bull's Extract of Sarsaparilla, and I have no bestitation in saying that it is a safe and valuable compound. I would profer it to any article now in use, for the discusse arising from an impute state of the blood or taint of the system confidently recommend it to my friends as Being a powerful Extract, and one that I believe with cure all classes of diseases, for which it is recommended, if used according to diseases, for which it is recommended, if used according to disease, and an an article of the companied with the most officer and protracted cases of Sybilis, accompanied with violent and protracted cases of Syphilis, accompanied with Nodes Trophe, in caries of the bones, whether it ought not to succeed every other remedy. S. R. McCONACHUE, M. D. Honorary Member of the Medical Society, Philadelphia,

The Hear, what Dr. Stapp, a physician who stands at the top of his profession, says of John Bull's Sarsaparilia:

I have been using John Bull's Sarsaparilia in a great variety of chronic diseases, with the most happy effects, and I have no hestitation in recommending it to the public for the cure of scrofula, sphilis, and all cutaneous and quantular diseases. Yours, most fervently,

Lewisport, Ky., April 6th, 1849. WM. STAPP, M. D.

Rev. E. W. SEHON, — Rev. E. STEVENSON
CONCLUSIVE. — The following is a verbatim copy of a pertificate now in the possession of the proprietor of Bull's Sarsaparilla. Rev. E. W. Sehon is widely and generally known as an eloquent and accomplished pastor of the M. E. church, and Rev. E. Stevenson has been known as one of the most talented and zealous members that the Kennucky Conference could boast of for many years, and at this time is filling the high and responsible station of agent for the M. E. Book Concern. Can the word produce better or more satisfactory testimony in favor of any medicine. Better testimony then was ever offered in favor, of any medicine. Rev. E. W. Sehon — Rev. E. Stevenson:

LOUSSHLE, May 20th, 1849
We have used John Bull's Asrasparilla, and hove known it to be used, with entire satisfaction; and we have no bestitation in stating our behef, that it is a safe and valuable medical compound, and calculated to produce much good and relieve much suffering; and therefore would cheerfully and most carnestly recommend it to the afflicted.

E. WESEHON.

We carnestly invite all persons who are suffering with Rev. E. W. SEHON, - Rev. E. STEVENSON

(Signed) E. STEVENSON.

We carnestly invite all persons who are suffering with any of "the fills that fleah is heir to," to call on Dr. John Bull's agent, and get a copy of Bull's Family Journal GRATIS; and for the sake of humanity, we hope that a single individual will not be found unwilling to give bull's Sarsaparilla arthata, after reading, and recollectine, at the same, time, that it is impossible for the Degtor to publish the tenth part of the number of certificates of astounding cures performed by his Sarsaparilla. The amount of sestimony voluntarily showered on Dr Bull's Sarsaparilla from well known and distinguished individuals, boin in public and private life, his been perfectly overwhalming.

WHEN the R. R. R. Theory was first declared to the world, skeptical persons doubted its correctness, and looked with distrust on the re-edies it possessed. Others, however, struck with the originality of its views and conceding merit to the theory, were induced to try if the remedies borne out in practice what was claimed for them in theory. A third class differing from the others and perhaps more numerous, without considering for a moment any merit they might be entitled to, tried them, merely as a v. uture, growing out of a desire for something new We are satisfied with the result, for the public has received the benefit and R.
