Journal, to be called .. HE EK BIME ...

In making this announcement, I am aware that I propose to engage in an enterprise not free from diffi-culties; but these I will endeavor to provide against, by securing a Subscription List that will place the paper beyond the reach of failure. South Carolina can richly support, at her Capital, a leading Literary and Political Weekly Journal, and to her people I now issue this Prospectus, feeling assured the enter-prise will be sustained, and that they will support a Home Journal of the character of that now proposed.

LITERARY JOURNAL,

For the home circle, THE EXAMINER will be conduct ed with a view to render it at least equal to any ever inblished at the South. The choicest selections of English and American Literature will be made for its columns and a number of able Contributors will be secured. I will endeavor, in this department, to make it a Journal worthy of the patronage and steady support of the people of this State and of the South.

POLITICAL JOURNAL,

Tue Francez will abide by the old land-marks of the State Rights Democracy. Independent of national parties, it will take a stand as a faithful co-operator in the great work of maintaining Southern Rights and promoting Southern union. It will be the organ of no political party—the exponent of no political reed which has not for one of its cardinal principles "the Espelity of the South in the Halling and Laboratory." Equality of the South in the Union, or Independence ont of it." This is no new faith, but one which South Carolina has long and earnestly contended for. NEWS JOURNAL.

THE EXAMINER Will contain the Latest News, Foreign and Domestic, received up to the hour of publication. It will give full, and correct MARKET REPORTS and PRICES CURRENT. Our readers in the country may rely on strict attention being paid to this important feature of a newspaper. It will give full and accurate reports of the Processings of the Legislatune and of Congness and the acts and doings of the various political organizations. All news worth giving to its readers will be carefully culled for its colum is. SIZE AND STYLE.

THE EXAMINER will be one of the LARGEST Week y Journals in the Southern States, printed with new and elegant type, on fine white paper, and issued in large quarto form of eight pages, containing forty columns of interesting reading matter. It will be the handsomest paper ever published in South Carolina. I have thus given an outline of the principal features

of the Examiner. Carolinians or the people of the South ought to need no further appeal, in view of the present aspect of political affairs, to induce them to sustain with vigor and efficiency their own Press and

Two Dollars per annum, payable in advance. The first year's payment will be required on the receipt of the first number of the paper, which will be issued so soon as I receive a sufficient number of subscribers to ensure its success. Send forward your names. Postmasters who will be so kind as to forward

me names of subscribers will confer a favor, and will receive a copy of the Examines without charge. Ad dress me at this place. WM. B. JOHNSTON.

One important object in the establishment of our paper was to present a cheap vehicle of information. DOCTOR HOOFLAND'S German Bitters,

DR. C. M. JACKSON, Philad's., Pa.; WILL EFFECTUALLY CURE LIVER COMPLAINT, DYSPEPSIA, JAUNDICE Chronic or Nervous Debility, Diseases of the Kidneys, and all diseases arising from a disordered Liver or Stomach.

as Consti, a-

tion, luward Piles, Fullness, or Blood to the Head, Acidity of the Stemach, Nausca, Heartburn, Disgust for Food Fulness or weight in the Stomach, Sour Eructions, Sinking or Fluttering at the Pit of the Stomach, Swimming of the Head, Hurried, D.ffleult Breathing, Fluttering at the Heart, Chokng or Suffocating Sensations, when in a lying Posture Dimness of Vision, Dots or Webs before the Sight, Fever and dull Pain in the Head, Deficiency of Perspiration, Ye.lowness of the Skin and Eyes, Pain in the Side, Back, Chest, Li bs. etc., Sudden Flushes of Heat Burning in the Flesh, Constant Imaginings of

Evil, and great Depression of Spirits. In attributing such valuable Medical properties to this remedy, no rash or unwarrantable assertion is made, but is simply stated a fact; proven undeniably and conclusively by the extraordinary cures, and benefits derived from its use, under the direction of its illustrious originator, Dr. Hoofland, among all classes of European society and from the immense mass of testimony, from all parts of the American con-tinent, accumulated during the last ten years, in the hands of the present proprietor. The prevalence of diseases to which the German Bitters are adapted, it is with sorrow we say it, is almost universal, indeed there is scarcely a family throughout the whole ex-tent of our country in which there cannot be found

among its members that peculiar sallow and languid appearance, denoting a diseased Liver, or an emacia ed and suffering Dyspeptic. Then of what immense importance to this class of invalids, that a certain and reliable remedy should be placed within their reach; one in which no baneful or injurious drug enters into its composition; a remedy on which the patient can rely with the utmost confidence and certainty and be assured from actual and tangible proofs that the article he is using really possesses the virtues attributed to it. Such a remedy is "Hoofland's German Bitters." Thousands of dollars ble terms have been expended in its manufacture and diffusion throughout all parts of this continent, and the proprietor feels the greatest satisfaction in stating, that

here is no State, County or even Vil age where the Medicine has been introduced, that there cannot be found numbers willing, to testif, to its virtues. It is used constantly in the practice of a large number of the most prominent physicians in the country, who have also adde their written tests nony, in evidence of its great virtues. In our means then, we would respectfully ask of all those direction with any of the above diseases, to give the pitters a trial, and rest assured it will never be regretted. In proof of the statements above made, all are invited to Receipt Book," for Farmers and Families containing a great number of useful re cipts, in addition to the testimony, in favor of the Bitters, from the most prom inent and well-known individuals, in all parts of the Union. All agents for the Bitters are authorized to distribute the "Receipt Book" gratuitously.

3. The North British Review, (Free Church.) 4. The Westminster Review, (Liberal.)
5. Blackwood's Edinburgh Magazine, (Tory) The present critical state of European affairs will render these publications unusually interesting during the forthcoming year. They will occupy a middle ground between the hastily written news items, crude

pecul tions, and flying rumors of the daily journal, and the ponderous tome of the future historian, written after the living interest and excitement of the great political events of the time shall have passed away. It is to these periodicals that readers must look for the only really intelligible and reliable history of cur-rent events, and as such, in addition to their well established literary, scientific, and theological character, we urge them upon the consideration of the reading oublic.
