These difficulties and expenses will be much greater, because I shall have to encounter the malignity and enmity of countless thou ands who are engaged in the liquor trade, and making fortunes by the manufacture of infamous imitations of "Brandy" made from poisonous compounds—their of 'Brandy' made from poisonous compounds—their use being alike destructive to healthy human life, and of course speedy death to the feeble invalid, or those in whose behalf emment physicians have urged upon me the importation of a pure, invigorating article of Brandy.
