AYER'S AGUE CURE.

FOR THE SPEEDY CURE OF INTERMITTENT FEVER, or Fever and Ague, Remittent Fever, Chill Fever, Dumb Ague, Periodical Headache, or Bilious Headache, and Bilious Fevers, indeed for the whole class of diseases origi nating in biliary derangement, caused by the Maiari of minsmatic countries. No one remedy is louder valled for by the necessi-ties of the American people than a sure and safe core

or Fever and Ague. Fever and Ague is not alone the consequence of the miasmatic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Rheu-matism, Gout, Headache, Blindness, Toothache, Earache, Catarrh, Asthma, Palpitation, Painful Affection of the Spleen, Hysterics, Pain in the Bowels, Colic. Paralysis, and Perangement of the Stomach, all of which, when originating in this cause, put on the intermittent type, or become periodical. This "CURE expels the poison from the blood, and consequently cures them all alike. It is an invaluable protection to in.migrants and persons travelling or temporarily residing in the malarious districts. If taken occasion ally or daily while exposed to the infection, that wil be exercised from the system, and cannot accumulate in sufficient quantity to ricen into disease. Hence it is even more valuable for protection than core, and few will ever suffer from Intermittents, if they avail

Ayer's Sarsaparilla

A compound remedy, in which we have labored to produce the most effectual alterative that can be made. It is a concentrated extract of Para Sarsaparilla, so combined with other substances of still greater alterative power as to afford an effective autidate for the diseases Sarsaparilla is reputed a cure. It is believed that such a remedy is canted by those who that such a remedy is canted by those who suffer from Strumous complaints, and that one which will accomplish their cure must prove of immense service to this large class of our afflicted fellow-citizens. How completely this compound will do it has been proven by experiment on many of the worst cases to be found of the following complaines.

of the following complaints:

Scriptian And Scriptious Complaints,
Eruptions and Eruptive Diseases, Ulcers,
Pimples, Blotches, Temors, Salt Rheem,
Scald Head, Syphilasiand Syphilatic Ap-FECTIONS, MERCURIAL DISEASE, DROPSY, NEC-RALGIA OR TIC DOCLOURECK, DEBILITY, DYS-PEPSIA AND INDIGESTION, ERYSIPELAS, ROSE OR ST. ANTHONY'S FIRE, and indeed the whole class of complaints arising from IMPURITY OF THE BLOOD.

This compound will be found a great promoter of health, when taken in the spring, to expel the foul humors which fester in the expel the foul humors which fester in the blood at that season of the year. By the time-ly expulsion of them many rankling disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of foul cruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleans out the by an alterative medicine. Cleanse out the oy an atterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, craptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell whenever it is foul, and your feelings will tell you when. Even where no particular disorder is felt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with this pabulum of life disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machinery of life is disordered or overthrown.

Sarsaparilla has, and deserves much, the reputation of accomplishing these ends. But the world has been egregiously deceived by preparations of it, partly because the drug alone has not all the virtue that is claimed for it, but more because many preparations, pretending to be concentrated extracts of it, contain but little of the virtue of Sarsaparilla,

or any thing else ring late years the public have been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for one dollar. Most of these have been fraudy upon the sick, for they not only contain little, if any, Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsaparilla which flood the market, until the saraparina when noot the market, until the name itself is justly despised, and has become synonymous with imposition and cheat. Still we call this compound Sarsaparilla, and intend to supply such a remedy-as shall rescue the name from the load of obloquy which rests upon it. And we think we have ground for believing it has virtues which are irresistible, but the ordinary run of the discount irresistible. by the ordinary run of the diseases it is intended to cure. In order to secure their complete eradication from the system, the remedy should be judiciously taken according to directions on
