AYER'S AGUE CURE,
FOR THE SPEEDY CURE OF
INTERMITTENT FEVER, or Fever and Ague,
Remittent Fever, Chill Fever, Dumb Ague, Peri-
odical Headache or Bilious Headache, and Bilious
Fever, induced by a whole class of diseases origi-
nating in bilious derangement, caused by the Malaria
of miasmatic countries.
No one remedy is called for by the necessities
of the American people than a sure and safe cure
for Fever and Ague.

Fever and Ague is not alone the consequence of the
miasmatic poison. A great variety of disorders arise
from its irritation, among which are Neuralgia, Rheu-
matism, Gout, Headache, Blindness, Toothache, Eru-
ption, Catarrh, Asthma, Palpitation, Painful Affection
of the Spleen, Hydrops, Pain in the Bowels, Colic,
Paralysis, and Derangement of the Stomach, all of
which, when originating in this cause, put on the in-
termittent type, or become periodical. This "CURE"
expels the poison from the blood, and consequently
cures them all alike. It is an invaluable protection
to immigrants and persons traveling, or tempo-
rarily residing in the miasmatic districts. It taken occa-
sionally or daily while exposed to the infection, that will
be excreted from the system, and cannot accumulate
in sufficient quantity to ripen into disease. Hence it
is even more valuable for prevention than cure, and
few will ever suffer from Intermittents, if they avail
themselves of the protection this remedy affords.
