—Several of the negroes who gave testi-mony in the United States court against the Marion prisoners have been arrested for perjury. The commissioner is binding them over for trial.

—D. A. Straker has been announced as a candidate for Congress from the Seventh 'District, to succeed Mackey.

—A colored preacher by the name of Brewn preaches to the convicts in the chainging at Cuyler's Swamp, near Savannah. He only gets a salary of \$25 a year, but does a great deal of good. Other States.

The city council of Atlanta refused to relieve the German Lutheran Church of that place from the payment of street improvement taxes. This is the poorest congregation in Atlanta, and it is said they will have to sail their church property to pay

- A Quincy. Florida, farmer has sold -Seven varieties of coal are being found in Alabama.

The election in Georgia this year will be an important one. A full State ticket is to be chosen, as well as a Legislature, members of Congress and Presidential electors. The Legislature will elect a successor to Senator Brown, and consider the advisability of the convention to the senator because the ity of calling a convention to revise the present Constitution. Other important questions will also come before it.

-A statue of Gen. R. E. Lee was un-veiled in New Orleans on Friday with mag-

-A prominent party in Texas will soon begin suit in the Court of Claims at Washington to recover the value of slaves emancipated during the late war. This action he bases chiefly on certain clauses of the State Constitution which were approved and endorsed by Congress at the time of the annexation of Texas, and which, it is claimed, make the United States government liable for slave properly. The plaintiff in the case was a strong and pronounced thin the case was a strong and pronounced of the best lawyers of Texas.

the South; and possessing every attraction in the form of natural beauty of a centry, healthy climate, historic scenery, he some of the best lawyers of Texas.

last week without a division. The senti-ment is said to be growing in favor of the Republican party keeping the pledge given in the last state platform to allow the people the privilege of voting on the question. The crevasse in the Mississippi levee below Delin is now 1.500 feet wide and five feet deep and steadily increasing.

In General. Ninety-pine bables were exhibited in New Orleans at a recent contest for beauty and weight. An infant seven months old and weight. An intant seven months off the first prize for weight. There were so many besultes among the infantile candidates that the judges, in their desperation, increased the number of prizes to six before awarding any.

-The Boston Transcript is said to be ex-

—Among the new applications of cotton is its use, in part, in the construction of houses, the material employed for this purpose being the refuse, which, when ground up with about an equal amount of straw and asbestos, is converted into a paste, and this is formed into large slabs or bricks, which acquire, it is said, the hardness of stone, and furnish a really valuable building stock.

do a business of perhaps \$8,000,000 a Only three of the school book publishing houses are south or west of Philadilphis or Baldimore. Two-thirds of the business is done by five firms. It costs such of the larger firms something like \$200,000 a year for agents and other expenses under the "introduction accounts." with you. I think we can easily reach some understanding which will aid us in our plans, and benefit your place and its citizens without imposing any material burden upon them."

With you. I think we can easily reach site of the gospel, millers engaged in grist or merchant mills where they are kept open six days in the week, and the warner for five days.

The overseer shall make a list for the warner requiring him to give notice to each part of the solution of the larger firms something like the control of the larger firms and stations at the control of the larger firms and stations at the control of the larger firms and stations at the control of the larger firms and stations at the control of the larger firms and stations at the control of the larger firms

Things look more cheerful in the West. The Ohlo river has fallen to its normal height and the people who were drowned out now have plenty of food.

—The Democratic National Committee met in Washington on Friday and fixed on Obloago as the place and July 8th as the time for the next National Convention. This is believed to settle the Tilden movement his friends having selected 8t. Louis, the

They have a very simple way in Missisaippi of convincing colored citizens that it is their duty to vote the Democratic ticks.

They employ the pistel.—Oincinnate Commercial Gasette. They have a very simple way in New England of convincing white men that it is their duty to vote the Republican tickst. They quit employing them.—New York World

—The constitutional convention of Mon-tana has completed the proposed constitu-tion for the admission of the territory as a State, and it is now ready to go to the peo-ple for ratification or rejection. A corres-pondent says that some of the best lawyers and business men of the territory have giv-and hosiness men of the territory have giv-an their faithful attention to the work.

The ideal President, says the New York Star, is the man who will have the brains to uncerth and the pluck to punish the departmental corruption in Washington. He is a man who will not be frightened away from his duty by the demuciation of the friends of political criminasis. For twenty years the country has been plundered by the Republican party, and its trusted agents now hold the offices, and think that a shameful animal which befouls its own nest. And yet Wayne MoVeagh says he believes the ideal President is to come from the party which has nurtured all the profligate jobs for the last quarter of a century! The first requisite to the ideal President is that he he a Democrat, whese Jeffersonian principles are above suspicion.

Foreign.

Foreign.

—A German paper publishes some curlous details of the private life of the Chinese Superor, who is a lad of thirteen years of age. He lives in a state of semi-seclusion in the Palace of Jan-Chien-Tien, where he is waited on by a staff of picked retainers, who never approach him otherwise than on their knees. His mother visits him once a month, and she kneels while ultering her first someone. His father goes through exactly the same coremonial. The Emperor devotes two hours and a half daily to the study of Chinese, and the same time to Manches Reedless to say, the professors approach him on their knees, but to mark the respect to letters which Chinese traditions exact even from the Emperor, he invites, or rather commands, them to rise when the lesson hegins. He passes two when the lesson hegins, He passes two hours and day in riding and archery, and in miner he iskes sledging exercise.

—Zhe Soudan, now interesting as the

"The Soudan, now interesting as the soons of war, is an immense fract inhabited by two distinct saots. North of the eleventh parellel of north latitude the inhabitants are almost whelly pure Arabs, professing a more or less addictrated form of Mohammedanism. South of the eleventh parallel the country is peopled by negro telbes, really pagents. The Arabs are nomads; the negroes sedentary and cultivators. Besides these two main divisions there are other races and hybrid people.

—Advices from Madigascar staty that favor is rife among the Frenchmen as Tamatave,

CAMDEN, S. C., FEB. 28, 1884. In purchasing or ordering goods, or in making inquiry concerning anything advertised in this paper, you will confer a favor on the publisher, as well as the ad-vertiser, by stating that you saw the ad-vertisement in The Kershaw Gazette.

THE PALMETTO RAILROAD. At the 1882-83 session of the Legislature of this State an Act was passed in corporating the Palmetto Railroad, to be built from Hamlet, a station on the N. C. Central Railroad, via Cheraw, Camden, Columbia and Alken, to Augusta, Ga. The purpose of the corporators seems to have been the construction

the South by the most direct route. As we understand it, there is now in operation a railroad from Richmond, via Raleigh, to Hamlet, N. C., and work is at present being prosecuted between Hamlet and Cheraw in this State.

of a grand trunk line from the North to

This line will undoubtedly be built, and at no distant day. The survey between Cheraw and Camden will naturally lie through an almost unbroken territory, crossing but few streams, and indeed only one that will require bridging of any moment—that is Lynches River.

With an outlet to the Northess River. tween Cheraw and Camden will natu-

be, Camden will acquire advantages little dreamed of heretofore by most of her in his district. people. With this line built and combeyond peradventure be placed upon the main trank line between the North and the South; and possessing every attraction in the form of natural beauty of pleted (even to Columbia,) Camden will centre of attraction to persons visiting and build bridges of same, whenever he may

in the building of a railroad from the He shall determine the number of days for North, via Camden, to some more south-ern point, and our credulity has been ed not more than twelve days work shall be reading a letter from Mr. A. Wellford, The prospect for the passage of the prohibitory amendment through the New York legislature is more promising. It was ordered to a third reading in the Assembly of the Campan, who is Presiden, of the Campan, Who is Presiden, "Palmetto Railroad Co.," to Mr. W. A. ways shall be deemed guilty of a misdemeanor, and upon conviction, before a Trial Justice, shall be fined not less than \$10 nor of the Camden Short-Line R. R. In this letter, Mr. Wellford says: "As you are doubtless aware, we have,

under the name of the "Palmetto Rail Road," a charter to build from Hamlet Cheraw, which we intend doing. Qure engineers are now making the tinal location between those points and as soon as they can give us the line, we will put it the contract and the contract, superintendents shall require their hands to do such work on bridges, as will preserve them and keep them in order, when it can be conveniently done. If bridges need such repairs as should be given out under contract, superintendents shall require their hands to do such work on bridges, as will preserve them and keep them in order to conveniently done. If bridges need such repairs as should be given out under contract, superintendents shall require their hands to do such work on bridges, as will preserve them and keep them in order. clusively owned by women.

The bodies of DeLong and his comrade's reached New York on Thursday, having been brought 8,061 miles from the Lena facilities, and think they cannot be in an action in the name of the county comtagos over all others in directness, length, grades, amount of obligations, as well as in construction, steel rails and iron beligate throughout bridges throughout.

which acquire, it is said, the hardness of stone, and furnish a really valuable building stock.

Before the 1st of May I think you will see our engineers in your city and before that time I hope to be there myself, with our chief, Maj. W. S. Greene, when I will be very do a business of perhaps \$8,000,000 a will be very glad to meet and county boards of examiners, school trustees, members of boards of aswill be very glad to meet and confer sessors, teachers and students at colleges,

TERRIBLE TORNADO.

The cyclone which passed over many portions of this State last week wrought ruin, death and desolution in its track. The tornado was not only the guest of South Carolina but other States suffered, South Carolina but other States suffered, be fined not less than \$5, nor more than some even more than ours. At Rocking-\$10, or be imprisoned in the county jail for ham, in North Carolina, thirty-three

Fortunately, Kershaw seems to have a chosen spot exempt from the evils attendant upon such visitations. We have heard of no instance where any damage was produced in this county by the heavy winds of last week.

(From the Chicago Herald.)

There are at least two more Presidents in the bloody shirt," says the vivacious editor of the Globe-Democrat. "Bouth Carolina," said Patterson "is good for five years more stealing." But it wasn't.

The Presidency.

[Wheeling Intelligencer.] It may as well be spoken bluntly—the con It may as well be spoken bluntly—the considerations which Gen. Sherman rehearses
as his reasons for his refusing the Presidency
have a strong and solemn hold upon the people. The builet in Lincoin's brain, the melancholy end of Johnsen's carear, the obscurity into which Hayes at once dropped, and
the tragic end of Garfield, all ways come up in
pathetic review whenever the Presidency
is named and reb it of much of its alluring
aspect. In the minds of many of our great
men the Presidency is no longer a glittering
prize to be eagerly sought and coveted as the
coming event of a great public career.

Sergeant Bates.

Sorgeant Bates, [Abbeville Press and Banner,] We think Sergeant Bates ought to be arrested and sanished for vagrancy, as any officers. If he and his son would go to conest worked earn a livelihood, instead of living on Southern gudgeons, he would be attitled to our respect.

Let the Names Be Printed. [Philadelphia Times.] If it is honest for every United States Se If it is honest for every United States Sen-stor to have a private secretary at Govern-ment expense, it is proper that the people who pay the money should know the names of the secretaries. The names are not given, however, and it is stated in the news from Washington that the names will not be given for the reason that Senators intend to put members of their families, coachnica and servants on the roll as private secretaries. This is a discrepagin suggestion. Possibly it This is a disgraceful suggestion. Possibly it does great injustice to hohorable Senators. If so, the best way is to make public the names of the private secretaries. Until that s done even honorable Sepators are liable to

"Don't Tax The People For It." [Exchange.]
It may do very well for the State to give a common school education to the masses of children, but it is no more required to fur-nish higher education free than it is required to furnish luxuries to the people free. When the State gives the University and Adademy buildings free, it does enough. With such advantages, any live, intelligent faculty ought to keep up a first-class College. By all means, let us have higher education, but let every man pay for what he gets in this line, and don't tax the people for it.

The South Carolina Road Law. The following is a complete synopsis o the road law of this State showing the du-ties of overseers of public highways, their discretionary powers in repairing roads, and a list of exemptions from road duty: With an outlet to the North and West, intendence of highways in his district, such as this promises beyond doubt to der the direction of the county commission-

> Each superintendent shall divide the highways in his district into suitable secassign a squad to each overseer, as far as a specialty.
>
> practicable, assigning the roads to the near- 161-166 Moin Street, COLUMBIA, S. C. est road and shall require the overseer to call out the hands to work the reads repair deem it necessary, after twelve hours no-tice, and shall require each hand to bring required of any hand in a year. For refusing or neglecting to carry out any work required by the county commissioners, or any of them, the superintendent of highmore than \$50. Overseers for neglecting to call out hands and work roads, when re quired by the superintendent, upon convic-tion in trial justice court, shall be fined not less than \$5 nor more than \$20.
> Superintendents shall jointly divide

to Augusta, via Cheraw, Camden, Co-lumbia and Alken. This charter requires us to grade this year from Hamlet to Overseers stall require their hands to do under contract. For this portion we have the means provided. We, however, want to carry it on as far as Camden at least, as soon as possible, and our engineers have orders to carry on the survey and overseer falling to call out hands, for facilities, and think they cannot be improved by any other line as much as by ours. We intend making a trunk from North to South, which will have advantide being summoned, shall be deemed guil-

warner requiring him to give notice to each person of the kind of tools, to be used, which notice shall be given twelve hours before the time fixed in the notice and also state the hour and place of working. If any person, after receiving such notice shall neglect to appear or refuse to work accord-ing to the direction of the overseer, he shall be deemed guilty of a misdemeanor and upon conviction before a trial justice, shall not less than five days, nor more than twenty days. Any person notified to work can pay the county treasurer \$1 per day for the time he is required to work, which shall be received in licu thereof. Overseers shall allow two days labor for a man working one day and furnishing horse and plow, or three days labor for any person working one day and furnishing a wagon and two horses or

mules or oxen.
Ovenseers have the power to out down and use timber, or use any wood or stone or earth, in or near the highway, bridge or causeway to be repaired, necessary for that purpose, but the owner shall be entitled to compensation therefor if demanded. Put oompensation therefor if demanded. But no overseer shall authorize the cutting down of timber trees reserved by the owner, or planted for shade or ornament, either in the fields, around the spring, or about the dwelling house or appurtenances, the cutting of rail timber when other timber can be procured, or the taking of stone or earth from the enclosed grounds without the owner's consent.

soldiers engaged in the Mexican War.

At last this consummation most just is about to assume a form which gives hope to the heart of many a veteran who withstood the shot and shell by which he was surrounded in his services to his country in that memorable conflict.

There can soarcely be a doubt that the present bill before Congress will become a law.
