

A CARD

DR. WM. REYNOLDS desires to inform his friends and the public generally, that having entered into connection with Dr. BLANDING of Columbia, he will now devote himself entirely to the practice of Dentistry.

This opportunity cannot be allowed to pass, without a sincere expression of grateful acknowledgments to his friends and patrons, for that confidence which has always been manifested towards him, whilst before them as a medical practitioner. Now about to embark, more extensively, in the practice of Dentistry, he begs to assure them that it shall be his aim, still to preserve this confidence; and in all his Dental operations, (surgical or mechanical,) to give such satisfaction as will insure a continuance of it.

The well deserved and extensive reputation which Dr. Blanding has long since acquired, needs no comment. Therefore, when thus connected, the hope is expressed, that without presumption, they may look for that confidence from an enlightened and discriminating public, which they, severally, and individually enjoyed. Dr. R. will visit Camden frequently, and Dr. B. intends doing so shortly. Jan. 19.

Philadelphia Mammoth!

ENLARGEMENT OF THE SATURDAY EVENING POST.

A new volume of this well established and highly popular family newspaper, greatly enlarged and improved, with entirely new type, commenced May 1st, 1841. The paper is printed in beautiful type, and has received the praise of many editors of taste, as "the handsomest family sheet in the Union."

Our efforts have been directed to the combining of beauty and simplicity with utility and taste. The Post is printed on a stout white paper, rendering it neat and durable for filing. It is issued at the old established rate of two dollars per annum cash, or three dollars if not paid in advance, and may truly be said, now that it is enlarged, to be the largest paper in the country at the price it is sold. It has all the merits, and none of the defects of the large papers of the day, for while the earliest literary matter may be found in its columns, a judicious compilation of domestic and foreign news, with the usual variety of wit and sentiment, will render it a better family paper. The proprietors make no flourish of trumpets about the size and cheapness of the paper, or the firm basis upon which the "OLD POST" stands. It is not necessary. It has borne the battle and the breeze for the last TWENTY-ONE YEARS, and has held its position in the midst of tottering and crumbling rivals, and has faced and buried all kinds of opponents.

THE MODE OF CONDUCTING IT.—The proprietors, having for a long time deprecated the floods of foreign literature, indiscriminately re-published in this country, have determined, without altogether neglecting this field, to select nothing but the choicest tales and sketches, from the English periodicals; and they have made arrangements by which they can furnish these to their subscribers in advance of every other paper. The editors will also keep an eye to the best American tales of the day, giving, always, the preference to the writers of their own country. We shall still continue the plan of giving original stories from popular American writers. The well known Author of "Cruising in the Last War," opened the volume with the first of a new series of thrilling nautical tales. In addition to the old, a number of new Contributors will enrich its columns with choice and entertaining original articles. In order that the SATURDAY EVENING POST may maintain its high position, as the first Family Newspaper in the United States, arrangements have been made for a regular supply of choice and entertaining ORIGINAL TALES, historical sketches, poetry, &c. We have been publishing for months past an unbroken series of choice original stories which have been procured at great cost, and have been widely copied and read. These we shall continue.

THE NEWS DEPARTMENT.—While it shall be the care of the proprietors to preserve for the paper, a high literary reputation; the great desideratum for a family newspaper, a carefully selected news department, shall not be made second in interest or importance. While every thing of note that is passing either in this country or in Europe shall be carefully collected or collated for our readers, a due regard shall be paid to the character of the matter. So that the paper may be with safety and propriety introduced and read in the family circle.

THE LADIES' DEPARTMENT will still be preserved, shall be choice and select, and shall receive strict attention. It shall be the effort of the editors to embrace in this department such selections of the floating literature of the day, as may be in an especial manner suited to the instruction and amusement of the female sex, and to combine the fashionable, with the truly useful and good.

Such things as may suit that important and large class of our subscribers, the FARMERS, will not be overlooked. In order to gratify, as much as possible, the laudable desire of our readers, a portion of our attention will be devoted to the collection and diffusion of such news as may seem important to Agriculturalists, and the population resident without the confines of our great cities. The state of the markets and the fluctuations in the prices, will be regularly, and what is of more moment, correctly given.

We determined at the outset, that while the paper continued under our control, it should be strictly Neutral in Politics, and that as news, and literary journalists, we had nothing to do with the matter; this determination has been strictly and rigidly adhered to, and while we shall continue to give our readers such public documents, as may be deemed of interest to all, and such a history of the progress of political events, as are strictly in keeping with our duty, and the character of the paper, we shall studiously avoid any contamination of partizan politics.

THE TERMS.

The "Saturday Evening Post" will be furnished at the exceeding low price of Two Dollars per annum, invariably in advance. We shall send a copy to any person who may wish to see a specimen, by giving notice, post paid.

INDUCEMENTS TO CLUBS.—As friends and neighbors often wish to club together to facilitate remittances, we will send 3 copies for 5 dollars in advance, post paid; 7 copies for 10 do. do. No new subscribers received without the money.

We have no desire to extend our list, but with cash subscribers, and the paper is sufficiently established, to enable us to exact compliance with this golden rule. The Post is made worth more than the money, and it must be paid by those who wish the paper.

To those who wish to subscribe, we would say, that the safest plan is to enclose the money in a letter and direct to us. Most postmasters will frank their letters if relating to nothing but the business of the office, and all post-masters who will be kind enough to do so, we shall be pleased to acknowledge as agents.

Editors who may wish to exchange, will please copy, and forward a number of their paper, marked with ink, to this office, and their favor shall be promptly acknowledged without fraud or delay, as is but too often the case. Address GEO. R. GRAHAM & CO. South West corner of Third and Chestnut streets, Philadelphia.

BLACKSMITHING.

THE Subscriber respectfully informs his friends and the public generally, that he has erected a shop on the corner of DeKalb and Lytleton Streets, where he will carry on the above business.

To those acquainted with his manner of doing business, he need say nothing to ensure their custom. To those unacquainted, he will only say, come and try. He will keep ready made Horse Shoes always on hand, so that those wishing their horses shod, can have it done on the shortest notice.
