A NEW VOLUME. JANUARY, 1842. GRAHAM'S

Lady's and Gentleman's Magazine. With more eplentid Embellishments than any other Magazine in the Union.

EDITED BY GEORGE R. GRAHAM, C. J. PETERSON, EAGAR A. Poe, Mrs. Ann S. Stephens, Mrs. Emma C. EMBURY.

Permauent and reguler Contributors.
Miss E. Leslie, T. S. Fay, Geo. P. Morris. This work devoted to both sexes will open a New Volume with the number for January, 1842, with an array of Constitutors of talent and fame, which no periodical in the country can hoast or ptetend to

The Volume will be opened with a new and beautiful type, the finest white paper, and with the first of a new series of embelishments unsurpassed by any which have yet appeared in any Magazine.

The style of eleganice, the branty and finish of these illustrations, and the extensive improvements which will be made in its typographical appearance, and above all the tone of its literary department which will be given it by the brilliant array of its contributors, whose articles will enrich the p. ges of each number will ensure it a character above any Magazine in the Union.

Ta. Magazine has become the standard of taste in matters of embellishment, and has led the way in everything to lly butiful published in the Magazines of last year. The voice of the public press, while it places the work at the head of American literature is unanimous in the announcement, that no work ever started in the country has been so elegantly embellished, or has so rapidly increased .-For the new volume, the most extensive arrange. ments have been made, with the most distinguished artist in the country for a supply of elegant embel. lishments of all sorts.

OUR BEAUTIFUL MEZZOTINT ENGRAVINGS .- It affords as much satisfaction to be able to state, that we have made arrangements with Mr. SARTAIN. the accomplished mezzotint engraver, whose plates have contributed so much to the beauty of the magazine heretofore, by which we secure his splendid mezzotints for this work alone. No other magazine of this kind can have them without permission from us.

In oddition to these we have secured the burin of another talented mezzotint engraving, H. S. Sadd, Esq. of N. Y. that there may be no disappointment as to number or regularity. These will be equal to any thing published, so that we are able confidently to promise a mezzotint in every number.

The beautiful engravings will therefore form a feature of Graham's Magazine, in every number, so that we shall be able to distance any thing like competition on this ground. These plates are the most expensive that can be got up for a magazine of large circulation, in consequence of the great price of printing-being more than double that of line engranings-and the necessity of reduplicating the plates; our edition already rendering it necessary that two or three plates of the same subject must be prepared for every number in which they are used. We now print an edition greater than that of any cotemporary for the last year, and confidently assert that at the same rate of increase we shall issue in 1842, an edition of not less than 35,000 copies monthly, and shall soon have an edition unequalled in the history of magazine publishing

OUR SPLENDID STREE ENGRAVINGS -We have also entered into a distinct and permanent arrangement with R wdon, Wright, Hatch & Smillie, and with A. L. Dick, Esq. of N. Y for a series of splenby any that have ever been done in this country for others to follow in the way of h eral and judi- dation of Drovers, &c. cios expenditure, and fix a new era in the history of . It is also a desirable and advantageous stand for a mag zine publishing in this country.

ELEGANT EMBOSSED WORK. An agreement has made known on the day. been made with that meritorious and accomplished artist, F. Quarre, Esq. for a full supply of tasteful embroidery, lace work, birds, flowers, and landsepes, colored in the most finished and eleg at style

This will from an entensive; but popular and attractive feature is the work, and with the variety which will be thus introduced, will always be novel and nie sing

RICHLY COL RED FASHIONS .- In compliance with a plate of fashious, and shall also give the style, for sed at ten dollars, and may be seen at Dr. BOOK OF FASHION. the Union over.

GREAT INCREASE OF READING MATTER - The reputation of the Magazine thus far, would be a sufficient guarantee for the future, but that it may be seen that nothing has I een left undone, to maintain every department of the work, and to elevate the liter. ary, as well as pectorial department, we beg leave to amount of reading matter will be greatly increased, one third more than any of the other three dollar to settle and adjust the same. magazines, and about the same amount as the five dollar monthlies usually present.

THE LIST OF CONTRIBUTORS .- In addition to the old contributors, whose names and articles have given a high celebriety to the Magazine, a number of new ones, it will be perceived, are added, of worth and note, so that we may fairly say that we have the strength of American talent enlisted in the work.

In a bilition to this brilliant array of nancs known to fame, the distinguished services of a host of anonymous writers of no ordinary abilities will give worth and character to the pages of the Magazine. The eries of the well known n utical papers entitled "Cruizing in the Last War," and The Reefer of 75, have had a run unequalled by any series published in any Magazine for ten years .-The author promises to onen a new series of tales of the sea. And from his known abilities as a depictor of sea scenes and life, much may be re-ied pon from him in a sintaining the popularity of the Magazine. Papers may be expected during the volume also, from the author of the well known ararticles e ti led i he Log of Old fronside, beside a variety of choice articles in prese and verse, from vorious writers of cel brity, as Contributors to the

prominent M gazices of the country.

ACARD.

DR. WM. REXNOLDS desires to inform his friends and the public generally, that having entered into onnection with Dr. Blanding, of Columbia, he will now devote himself entirely to the practice of

DENTISTRY.

This occasion cannot be allowed to pass, without a sincere expression of grateful acknowledgements to his friends and patrons for that confidence which has always been manifested towards him, whilst before them as a medical practitioner. Now about to ent. bark extensively; in the practice of Dentistry, he bers to assure them that it shall be his aim, still to preserve this confidence; and in all his Dental Operations, (surgical or mechanical,) to give such sutisfaction as will insure a continuance of it.

The well-deserved and extensive reputation which Dr. Blandiag has long since acquired, needs no comment. Therefore, when thus connected, the hope is expressed, that without presumption, they may look or that confidence from an enlightened and discerning public, which they severally and individually on-Jan. 19. joyed.
