Seeds, Seeds.
Just received, a fine variety of Fresh Garden Seeds, and for sale very low by
FRANCIS L. ZEMP.

A CURE FOR LIFE SECURED
DR. UFFAN'S
VEGETABLE ELECTUARY,
OR INTERNAL REMEDY FOR THE PILES.
Dr. Uffan's Electuary is a certain cure for that distressing complaint, whether Bleeding or Blind, Internal or External, and also for other diseases of a similar nature, which are frequently found in conjunction with Piles—such as
Inflammation of the Liver and Spleen;
Inflammation of the Stomach;
Inflammation of the Bowels, Kidney and Bladder;
Tetter and Inflammation of the Liver;
Impurity of Blood and Internal Humors;
Weakness and Inflammation of the Spine;
Severe and Habitual Constipation;
Flow of Blood to the head, Dizziness, &c.
Mark this—it is an internal remedy—not an external application, and will cure any case of piles, either bleeding or blind internally—external, and the only thing that will. It is a positive cure—speedy and permanent. It is a convenient medicine to take, and improves the general health in an excellent manner. It is very mild in its operation, and may be taken in the most acute inflammation without danger. All external applications are in the highest degree disagreeable, inconvenient and offensive, and do not reach the seat of the disease, temporary in their effect. This medicine attacks the disease at its source, and by curing the cause, renders the cure certain and permanent. For sale in Camden, S. C., by
JAMES R. MCKAIN.

At wholesale and retail, by WYATT & ANDERSON, 21 Broad-st., N. Y.

For Sale.
A negro woman and her daughter. Apply to

For sale by
JOHN INGRAM.

TO MILL WRIGHTS AND MILL OWNERS.
The subscriber having obtained a patent for his improvement on the Water Wheel is prepared to sell Rights, either for States, Districts, or to Individuals. The advantages of this wheel over all others now in use, are, that it is not affected by flood or back water so long as there is a good head above it; it increases the speed over the ordinary wheel, so as to grind a bushel in from 3 to 8 minutes, with a good head of water a bushel has been ground in the first mentioned time—its construction is so simple that any one who can make a Tub Wheel can put one of these in operation; in fact, it is the Tub Wheel improved.
Persons purchasing a right for a State or District will be furnished a model free of charge, and to those who purchase individual rights all necessary instructions will be given on personal application to the subscriber nine miles west of Camden, where one of the wheels can be seen in operation.
Letters addressed (post paid) to the subscriber, (care of A. M. Kennedy) will meet with prompt attention.
EMANUEL PARKER.
Attention is invited to the annexed certificate
"Can be S. C. March 1, 1847."
"This is to certify that I have used the Water Wheel I invented by Mr. Emanuel Parker, I applied it to my Mill, which had previously ground one bushel in twenty minutes, but which, after its application, ground a bushel in five minutes, with two-thirds of the water power. The result is equally good, it is not better than before."
A. A. McDOWELL.
South-Carolina-Kershaw District.
I do hereby certify that I have in use, attached to my Grist Mill, the improved Water Wheel, the Patent of which Emanuel Parker of Kershaw District has obtained, and find it superior to any wheel I have before had in use, and more than making up most valuable expenditure.
A. A. McDOWELL.
December 9, 1847.
South-Carolina-Kershaw District.
This is to certify that Mr. E. Parker has allowed his Patent Wheel to my Grist Mill, and I am very much pleased with its performance, and feel confident that it exceeds any thing of the kind that I have ever seen.
W. J. TAYLOR.
December 1, 1847.

Rice.
Having reared a crop of Rice for market, and succeeded in preparing it to a point of perfection that has fully competed with the best Charleston Rice that has been exhibited this season, in the Camden market, we propose to deliver to merchants dealing in the article, at a fair valuation, covering the expenses of transportation from the city.
To private families, and citizens generally of the surrounding country, we propose to deliver in Camden, in such quantities as may suit their convenience at all times, fresh and pure, in character and quality, and at less cost than can reasonably be procured at retail prices. All demands for that article, if left at this office, or at the store of W. B. Johnston Esq., will be promptly attended to.
JOSEPH S. BOSSARD.
Nov. 24, 1847.
