Of all the diseases incident to our climate there is none our versal, and at the same time so insidious and fatal as Consumption. In this country especially, Pulm-nary Consumption is emphatically a scourge, and in its resistless career, sweeps over the land as a Destroying Angel, laying low, with a relentless hand, the strongestand fairest of our race. Hitherto all efforts to arrest this dread disease have proved vain, and all that seemed within our power was at best the alleviation of suffering, rendering somewhat amoother, the certain progress to the tomb.

The Proprietor, in offering this preparation to the public, would embrace the opportunity to state upon what grounds it puts forth its merits; and the reason upon which it founds its superior claims to the attention of the afflicted, that ail who require its use may repose full confidence in its curative powers. Since its first preparation he has had the pleasure of witnessing its happy results in numerous instances; but he was determined not to offer it to the public until he had become thoroughly convliced of its efficacy. Having such conviction, he now confidently offers it as a remedy without a parallel in the cure of PULMONARY CON SUMPTION and its kindred diseases.

Let the follywing speak for itself—

Messif. Wyatt & Ketchan—Gentlemen—Understanding that you are the General Agents for the sale of Dr. Upham's Vegetable Electuary for the cure of Piles, I have deemed it a duty to volunteer a recommendation in behalf of that valuable Medicine. I have been afflicted with the Piles many years, and oave tried various remedies, but with no beneficial effects. Inpeed, I began to consider my case hopeless. But, about the first of September last, I was prevailed upon by a friend, to make a trial of the above named medicine; I took his advice, and rejoice to say that I am not only relieved, but I believe perfectly cufed. I most carnestly recommend it to all who may have the misfortune to be afflicted with that annoying and dangerous disease.

Very Respectfully, your ob't, servant,

ELY MOORE.

New York, September 6th, 1847.

Messrs, Wyatt & Ketcham—Gentlemen—I am constrained to give you a statement of the benefit I derived from using Dr. Upnam's Electuary, in a case of Piles, by so doing. I shall render a bendfit to those who are suffering from that troublesome disease. I was reduced for several years by the Piles so much that it was with great difficulty for me to walk or attend to my business. I also suffered from other disease, which were extremely troublesome, and which I am pleased to say two boxes of the Electury entirely removed; and that my health is better now than it has been for many years. It has done me and my family since more good, and with less expense, than all the physicians to whom I have applied, or medicine that I have used.

I remain, still in perfect health.

Your ob't serv't. NELSON NEWTON, 280 Spring street, cor. Renwick.

New York, November 2, 1847.

Messrs. Wyatt & Ketcham—Gentlemen—I consider it a duty which I not snly owe to you, but to my fellow beings, to speak in praise of Dr. Upham's Electuary, a medicine which I think has saved my life, and restored me to full health. For several years I was afflicted with Piles, together with Dyspepsia, and a general derangement of the system. I employed different physicians, with no good result, and they at least told me they could do no more for me, and said that I must die. I thus had given up all hopes of ever having my health restored, until I had called to mind the benefits that a nephew of mine in Philadelphia (Benjamin Percival) had derived in a severe case of chronicle dysentery, by your medicine, that I purchased a box, which, to my surprise, after taking a few doses, I received great relef, and thank God, by continuing its use, that I am now restored to perfect health.

MRS. SARAH T. AMES, NEW YORK, November 2, 1847.

Notice.—The genuine Upham's Electuary has his written signature thus (25° A. Upham, M. D.) The hand is also done with the pen. Price \$1 a box.
