Of all the diseases incident to our climate there is none so universal, and at the same time so insitious and fatal as Consumption. In this country especially, Pulm-nary Consumption is emphatically a scourge, and in its resistless career, aweeps over the land as a Destroying Angel, laying low, with a relentless hand, the strongestand fairest of our race. Hitherto all efforts to arrest this dread disease have proved vain, and all that seemed within our power was at best the alleviation of suffering, rendering a mewhat smoother, the certain progress to the tomb.

The Proprieter, in offering this preparation to the public, would embrace the opportunity to state upon what grounds it puts forth its merits; and the reason upon which it founds its superior claims to the attention of the afflicted, that ail who require its use may repose full confidence in its cura-

in superior claims to the attention of the afflicted, that all who require its use may repose full confidence in its curative powers. Since its first preparation he has had the pleasure of witnessing its happy results in numerous instances; but he was determined not to offer it to the public until he had become thoroughly convinced of its efficacy. Having such conviction, he now confidently offers it as a remedy without a parallel in the curs of PULMONARY CON SUMPTION and its kindred diseases.

Let the follywing speak for itself—
"I have used Thomson's Compound Syrup of Tar and Wood Naptha, for some time in my practice, and have found it the most efficient remedy I ever used in Consumptive cases, chronic catarth, &c., when great irritability, with weakness of the pulmonary organs existed. The rapidity with which it acts is greatly in its favor where dyspiness or oppression exists, which is immediately relieved by it. In Pulmonary Consumption it can be used with confidence, being applicable to every form of that disease, and I consider it a medicine well worstly the attention of Physicians, and exempt from the imputation of empiricism." UNITED STATES MARSHALL'S OFFICE, New York, December 6th, 1847.

Messrs. Wyatt & Ketchan—Gentlemen—Understanding that you are the General Agents for the sale of Dr. Uphan's Vegetable Electuary for the cure of Piles, I have deemed it a duty to volunteer a recommendation in behalf of that valuable Medicine. I have been afflicted with the Piles many years, and oave tried various remedies, but with no beneficial effects. Inpeed, I began to consider my case hopeless. But, about the first of September last, I was prevailed upon by a friend, to make a trial of the above named medicine; I took his advice, and rejoice to say that I am not only relieved, but I believe perfectly cufed. I most earnest-ly recommend it to all who may have the misfortupe to be only renewed, out I believe periectly cured. I must carriestly recommend it to all who may have the misfortune to be afflicted with that annoying and dangerous disease.

Very Respectfully, your ob't, servant,

ELY MOORE.

NEW YORK, September 6th, 1847.

Messrs. Wyatt & Ketcham—Gentlemen—I am constrained to give you a statement of the benefit I derived from using Dr. Upnam's Electuary, in a case of Piles, by so doing, I shall render a bendfit to those who are suffering from that troublesome disease. I was reduced for several years by the Piles so much that it was with great difficulty for me to walk or attend to my business. I also suffered from other disease, which were extremely troublesome, and which I am pleased to say two boxes of the Electury entirely removed; and that my health is better now than it has been for many years. It has done me and, my family since more good, and with less expense, than all the physicians to whom I have applied, or medicine that I have used.

I remain, still in perfect health,

Your ob't serv't. NELSON NEWTON,

280 Spring street, cor. Renwick.

New York, November 2, 1847. Messrs. Wyatt & Ketcham—Gentlemen—I consider it a duty which I not snly owe to you, but to my fellow beings, to speak in praise of Dr. Upham's Electuary, a medicine which I think has saved my life, and restored me to full which I think has saved my life, and restored me to full health. For several years I was afflicted with Piles, together with Dyspepsia, and a general derangement of the system. I employed different physicians, with no good result, and they at least told me they could do no more for me, and said that I must die. I thus had given up all hopes of ever having my health restored, until I had called to mind the benefits that a nephew of mine in Philadelphia (Benjamin Percival) had derived in a severe case of chronicle dysentery, by your medicine, that I nurchoad a low which is rereival) had derived in a severe case of chronicic dysen-tery, by your medicine, that I purchased a box, which, to my surprise, after taking a few doses, I received great re-lef, and thank God, by continuing its use, that I am now re-stored to perfect health.

may 17. JEW DAVID'S OR HEBREW PLASTER WHERE THIS PLASTER IS APPLIED PAIN CANNOT

EXIST.

A gentleman in the South of Europe, and Palestine, in 1830 heard so much said in the latter place in favor of Jew David's Plaster, and of the (as he considered.) miraculous cures it had performed, that he was induced to try it on his own person, for a Liver affection, the removal of which had been the chief object of his journey, but which had resisted the genial influence of that balmy and delicious clime. He accordingly applied a plaster on the right side of his

chest, where the pain was scated, another between the shoulders, and one over the region of the liver. In the meantime he drank freely of an herb tea of luxative qualities. He soon found his health improving, and in a few weeks his cough left him, sallowness of his skin disappeared, his pain was removed, and his health became per-manently reinstated.

Since that time he has been recommending it to his

friends and acquaintances for all fixed pains whatever, such as Rheumatism, Gout, Pain in the side, hip, back and limbs, in every case of which it has proved an efficient cure. He has tikewise witnessed the happy effects cient cure. He has likewise witnessed the happy effects of its softening and healing qualities in numerons cases of Scroft!ous Humors, Knots, Wens, White Swellings, Hard Tumors, Stiff Joints, Ague Cakes, Ague in the Breast, and the like, to the united estisfaction of himself and others. It has been beneficial in cases of Weakness, such as paid and weakness in the Stomach, weak Limbs, Lameness Affections of the Spine, Female Weakness, Gr. No female subject to pain or weakness in the back or sides, should be without it. Married ladies in delicate situations find great relief from constantly wearing this plaster.

The application of the plaster between the shoulders has been found a certain remedy for Colds, Coughs, Phthysic, and Lung Affections, in their primary stages. It destroys inflammation by perspiration.

and Lung Affections, in their primary stages. It destroys inflammation by perspiration.

In view of the great benefit resulting from the use of this plaster, within his own observation, his confidence in its superiority over every other plaster, ointment and opadildoc, before the public in this country, has induced this gentleman to place the Hebrew Plaster into the hands of those who will give it publicity, believing it will prove itself a blessing to the community at large.

The peculiarities of the chemical compound are owing to its extraordinary effect upon the animal fibres or nerves, ligaments and nuscles, its virtue being carried by them to the immediate seat of the disease or of pain and weakness.

A PLANTATION FOR SALE,

In Madison County, Mississippi. A plantation containing 1040 of the very best creek bottom and up-land is offered for sale on the most liberal terms. From 550 to 600 acres are in cultivation, of which nearly one half is creek bottom well ditched and drained; the up-land in cultivation is circled. The most of it is perfectly fresh; but little of it having been cultivated more than from one to four years. The place has a constantly running stream passing through it, which will afford water enough to gin the cotton crop, and grind all the corn for the use of the plantation. It is well supplied with springs of the best water. It has upon it a large gin house and cotton press; a negro quarter sufficient to acomodate from 75 to 80 negroes and all necessary out-buildings in proportion. The Dwelling House is good and roomy, and the yard is handsomely improved. It has adjoining the house, a fine orchard of peach, plum, will present them duly attested, and those indebtpear, apricot nectarine, apple trees, grape vines of ed to the same will make immediate payment. various kinds, and almost every fruit that comes to perfection in this climate. It is believed to be one of the most desirable tracts of land in the country, not only on account of the land, improve-

ments, water d.c., but also health.

It is offered for sale at a less price and on better terms, than any such improvements and land are

being offered at in the country.

There will also he sold at the lowest market price, with the pladtation, the crop of corn, a large stock of hogs, about 60 head of cattle, sheep &c., and plantation tools of every description Also, if wanted, all the Household and Kitchen

furniture. The above mentioned Plantation is adjoining the lands of William McWillie, and W. E. Johnson. For further information or purchase apply to ABRAM A. McWILLIE,

Near Camden, Mississippi. TO MILL WRIGHTS AND MILL OWNERS.

The subscriber having obtained a patent for his improvement on the Water Wheel is prepared to sell Rights, either for States, Districts, or to Individuals. The advantages of this wheel over all others now in use, are, that it is not affected by dead or back water so long as there is a good head above it; it increases the speed over the ordinary wheel, so as to grind a bushel in from 3 to 8 minutes-with a good head of water a bushel has been ground in the first mentioned time-its construction is so simple that any one who can make a Tub Wheel can put one of these in operation; in fact, it is the Tub Wheel improved.

Persons purchasing a right for a State or Dis-trict will be furnished a model free of charge, and to those who purchase indidual rights all necessary instructions will be given on personal application to the subscriber nine miles west of Camden, where one of the wheels can be seen in operation. Letters addressed (post paid) to the subscriber,

(care of A. M. Kennedy,) will meet with prompt attention.

This Water Whee has been so long in use in South Carolina, that little or nothing can be said respecting it that s not already general. y known. It is appliable to all kinds of machinery in either a horizontal or vertical position. It operates with great power and

tf

speed and with a less quantity of water than any wheel in use, (except the over shot under extreme high heads) is very simple; and illiable to disasters, and Jurable, being made entirely out of cast iron.

The subscriber will sell district or individual Rights, with or without wheels. Satisfactory references can be given in regard to the success of the wheel, by application to the subscriber, who can be consulted personally at the Columbia Hotel, or by letter through the Post Office at Colum-MARTIN CHAPIN.

15 This will certify that I have used Hotchkis's Patent Water Wheels about one year applied by R. S, Barwick, and have recently removed them and had the Union Wheels applied by Mr. Chapin and find the latter by far superior to the former. So far, as I have yet tried the latter, they will saw at least doubly as fast as the former, with much less quantity of water, at the same mill site. THO. STARKE.
