Messrs. WYATT & KETCHAN-Gentlemen-Understand-ing that you are the General Agents for the sale of Dr. Up-ham's Vegetable Electuary for the cure of Piles. I have deemed it a duty to volunteer a recommendation in behalf of that valuable Medicine. I have been afflicted with the Piles many years, and oave tried various remedies, but with no beneficial effects. Inpeed, I began to consider my case hopeless. But, about the first of September last, I was pre-vailed upon by a friend, to make a trial of the above named medicines. I took his advice, and endors to say that I are not valied upon by a friend, to make a trial of the above named medicine; I took his advice, and rejoice to say that I am not only relieved, but I believe perfectly cufed. I most earnest-ly recommend it to all who may have the misforkine to be afflicited with that annoying and dangerous disease. Very Respectfully, your ob't, servant, ELY MOORE.

I was reduced for several years by the Piles so much that it was with great difficulty for me to walk or attend to my business. I also suffered from other disease, which were extremely troublesome, and which I am pleased to say two boxes of the Electury entire-ly removed; and that my health is better now than it has been for many years. It has done me and my family since more good, and with less expense, than all the physicians to whom I have applied, or melicine that I have used. I remain, still in perfect health. Your ob't serv't. New York, November 2, 1847. Messrs. Wyatt & Ketcham – Gentlemen – I consider it a duty which I not snly owe to you, but to my fellow beings, to speak in praise of Dr. Upham's Electuary, a medicine which I think has saved my life, and restored me to full health. For several years I was affiited with Piles, togeth-er with Dyspepsia, and a general derangement of the sys-tem. I employed different physicians, with no good result, and they at least told me they could do no more for me, and said that I must die. I thus had given up all hopes of ever having my health restared, until I had called to mind the benefits that a nephew of mine in Philadelphia (Benjamin Percival) had derived in a severe case of chronicle dysca-tery, by your medicine, that I purchased a box, which, to my surprise, after taking a few doses, I received great re-lef, and thank God, by continuing its use, that I am now re-stored to perfect health. Hives, Norcous Tre-mours, Liver Sonplaint, Discussed Kilneys, and Affections generally of the Throat, Breast, and Lungs, Of all the diseases incident to our climate there is none so universal, and at the same time so insidious and fatal as Consumption. In this country especially, Pulm mary Con-sumption is emphatically a scourge, and in its resistless ca-reer, sweeps over the land as a Destroying Angel, laying low, with a relenties hand, the strongest and fairest of our

reer, sweeps over the land as a Destroying Angel, laying reer, sweeps over the land as a Destroying Angel, laying reer, sweeps over the land as a Destroying Angel, laying race. Hitherto all efforts to arrest this dread disease have proved vain, and all that seemed within our power was at best the alleviation of suffering, rendering somewhat amother, the certain progress to the tomb. The Proprietor, in offering this preparation to the public, would embrace the opportunity to state upon what grounds it puts forth its merits; and the reason upon which it found-its superior claims to the attention of the afflicted, that all who require its use may repose full confidence in its cura-tive powers. Since its first preparation he has had the pleasure of witnessing its happy results in numerous instan-ces; but he was determined not to offer it to the public un-til he had become thoroaghly, convinced of its efficary. Ha-ving such coaviction, he now confidently offers it as a rem-edy wibtout a parallel in the cure of PULMONARY CON SUMPTION and its kindred diseases. Let the follywing speak for itself-

SUMPTION and its kindred diseases. Let the follywing speak for itself... 'I have used Thomsoo's Compound Syrup of Tar and Wood Napiba, for some time in my practice, and have found it the most efficient remedy I ever used in Consump-tive enses, channic catarrh, &c., when great irritability, with weakness of the polmonary organs existed. The ra-pidity with which it acts is greatly in its favor where dys-mets or oppression exists, which is immediately relieved by it. In Palmonary Consumption it can be used with confidence, being applicable to every form of that disease, and I consider it a medicine well worthy the attention of Physicians, and exempt from the imputation of empiricism.." # TO MILL WRIGHTS AND MILL OWNERS.

The subscriber having obtained a patent for his mprovement on the Water Wheel is prepared to sell Rights, either for States, Districts, or to Individuals. The advantages of this wheel over all others now in use, are, that it is not affected by dead or back water so long as there is a good head above it; it increases the speed over the ordinary wheel, so as to grind a bashel in from 3 to 8 min-utes—with a good head of water a bushel has been ground in the first mentioned time—its construction is so simple that any one who can make a Tub Wheel can put one of these in operation; in fact, t is the Tub Wheel improvea.

Persons purchasing a right for a State or Dis-trict will be furnished a model free of charge, and to those who purchase indidual rights all necessary instructions will be given on personal application to the subscriber nine nules west of Camden, where one of the wheels can be seen in operation.
