Dr. G. K. TYLER'S FEVER AND AGUE PILLS.

If there ever was a medicine that merited the public praise for the great good it has done in curing Chills and Fever, it certainly must be Dr. Tyler's Ague Pills, as they cure the patient in 24 hours. They do not operate as a purgative, but as a tonic, and produce no unpleasant symptoms, and cure permanently, nor can they fail, if used as directed-the trial of a single box will prove the above statements, therefore, if you would secure your health, procure a box of the genuine Tyler's Ague Pills.

Of all the diseases incident to our climate there is none

of all the diseases incident to our climate there is none so universal, and at the same time so insidious and fatal as Consumption. In this country especially, Pulmonary Consumption is emphatically a scourge, and in its resistless career, sweeps over the land as a Destroying Angel, laying low, with a releatless hand, the strongest and fairest of our race. Hitherto all efforts to arrest this dread disease have proved vain, and all that seemed within our power was at best the alleviation of suffering, rendering somewhat smoother, the certain progress to the tomb.

The Proprietor, in offering this preparation to the public, would embrace the opportunity to state upon what grounds it puts forth its merits; and the reason upon which it founds its superior claims to the attention of the afflicted, that all who require its use may repose full confidence in its curative powers. Since its first preparation he has had the pleasure of witnessing its happy results in numerous instances; but he was determined not to offer it to the public until he had become thoroughly convinced of its efficacy. Having such conviction, he now confidently offers it as a remedy without a parallel in the cure of PULMONARY CON SUMPTION and its kindred diseases.

Let the follywing speak for itself—

't have used Thomson's Compound Syrup of Tar and Wood Naptha, for some time in my practice, and have found it the most efficient remedy I ever used in Consumptive cases, chronic catarrh, &c., when great irritability, with weakness of the pulmonary organs existed. The ramity with which it acts is greatly in its favor where dyspanses, or oppression exists, which is immediately relieved by it. In Pulmonary Consumption it can be used with confidence, being applicable to every form of that disease, and I consider it a medicine well worthy the attention of Physicians, and exempt from the imputation of empiricism.'

UNITED STATES MARSHALL'S OFFICE, New York, December 6th, 1847.

Messis, Wyatt & Ketchan—Gentlemen—Understanding that you are the General Agents for the sale of Dr. Upham's Vegetable Electuary for the cure of Piles, I have ham's Vegetable Electuary for the cure of Piles, I have deemed it a duty to volunteer a recommendation in behalf of that valuable Medicine. I have been afflicted with the Piles many years, and oave tried various remedies, but with no beneficial effects. Inpeed, I began to consider my case hopeless. But, about the first of September last, I was prevailed upon by a friend, to make a trial of the above named medicine; I took his advice, and rejoice to say that I am not only relieved, but I believe perfectly cufed. I most carnestly recommend it to all who may have the misfortune to be afflicted with that annoying and dangerous disease.

Very Respectfully, your ob't, servant, ELY MOORE.

New York, September 6th, 1847.

Messrs. Wyait & Ketcham—Gentlemen—I am constrained to give you a statement of the benefit I derived from using Dr. Upman's Electuary, in a case of Piles, by so doing, I shall render a bendfit to those who are suffering from that troublesome disease. I was reduced for several years by the Piles so much that it was with great difficulty for me to walk or attend to my business. I also suffered from other disease, which were extremely troublesome, and which I am pleased to say two boxes of the Electury entirely removed; and that my health is better now than it has been for many years. It has done me and my family since more good, and with less expense, than all the physicians to whom I have applied, or medicine that I have used.

I remain, still in perfect health.

NEW YORK, November 2, 1847.

Me SIS, Wyatt & Ketcham—Gendlemen—I consider it a duty which I not suly owe to you, but to my fellow beings, to speak in praise of Dr. Upham's Electrary, a medicine which I think has saved my life, and restored me to full health. For several years I was afflicted with Piles, together with Dyspepsia, and a general derangement of the system. I employed different physicians, with no good result, and they at least told me they could do no more for me, and said that I must die. I thus had given up all hopes of ever having my health restured, until I had called to mind the benefits that a nephew of mine in Philadelphia (Benjamin Pereival) had derived in a severe case of chronicle dysentery, by your medicine, that I purchased a box, which, to any surprise, after taking a few loses, I received great relef, and thank God, by continuing its use, that I am now restored to perfect health.

GREAT CONDITION MEDICINE.

Besides their specific action upon diseases of the lungs and windpipe, the Tattersall's Heave Powders, from their great alterative and restorative properties, are effectual in horses as sarsapasilia proves to be in the human race for the removal of impurities of the blood and predispositions to disease. Many, cases of founder has been prevented and cured by a few doses of the Heave Powders, when thrown into the food that is given the heated animal after a hard drive or exposure to inclement weather. They are warranted to cure the worst cough in a few days, and will wholly cradicate a recent cold by the use of 1 or 2 doses. As a conditi on medicine, they are unequalled, especially when a tight hide, starting coat, loss of appetite, ect, denotes a derangement of the digestive functions, or existence of botts and worms in the alimentary canal, as described in the following certificate:

JEW DAVID'S OR HEBREW PLASTER WHERE THIS PLASTER IS APPLIED PAIN CANNOT

EXIST.

A gentleman in the South of Europe, and Palestine, in 1830 heard so much said in the latter place in favor of Jew David's Plaster, and of the (as he considered,) miraculous cures it had performed, that he was induced to try it on his own person, for a Liver affection, the removal of which had been the chief object of his journey, but which had resisted the genial influence of that balmy and delicious

clime.

He accordingly applied a plaster on the right side of his chest, where the pain was scated, another between the shoulders, and one over the region of the liver. In the meantime he drank freely of an herb tea of luxative qualities. He soon found his health improving, and in a few weeks his cough left him, sallowness of his skin disappeared, his pain was removed, and his health became permanently reinstated.

Since that time he has been recommending it to his friends and acquaintances for all fixed pains whatever

Since that time he has been recommending it to his friends and acquaintances for all fixed pains whatever such as Rheumatism, Gout, Pain in the side, hip, back and limbs, in every case of which it has proved an efficient cure. He has tikewise witnessed the happy effects of its softening and healing qualities in numerous cases o Scrofulous Humoris, Knots, Wens, White Swellings, Hard Tumors, Stiff Joints, Ague Cakes, Ague in the Breast, and the like, to the united satisfaction of himself and others. It has been beneficial in cases of Weakness, such as paid and weakness in the Stomach, weak Limbs, Lameness Affections of the Spine, Female, Weakness, &c. No fe-nale subject to pain or weakness in the back or sides, should be without it. Married ladies in delicate situations find great relief from constantly wearing this plaster.

The application of the plaster between the shoulders has been found a certain remedy for Colds, Coughs, Phthysic, and Lung Affections, in their primary stages. It destroys nflammation by perspiration.

In view of the great benefit resulting from the use of this laster, within his own observation, his confidence in its superiority over every othes plaster, ointment and opadil-doc, before the public in this country, has induced this gentleman to place the Hebrew Plaster into the hands o

gentleman to place the Hebrew Plaster into the hands of those who will give it publicity, believing it will proviself a blessing to the community at large.

The peculiarities of the chemical compound are owing to its extraordinary effect upon the animal fibres or nerves, ligaments and nuscles, its virtue being carried by them to the immediate sent of the disease or of pain and weakness. A PLANTATION FOR SALE.

In Madison County, Mississippi. A plantation containing 1040 of the very best creek bottom and up-land is offered for sale on the most liberal terms. From 550 to 600 acres are in cultivation, of which nearly one half is creek botom well ditched and drained; the up-land in cultivation is circled. The most of it is perfectly fresh; but little of it having been cultivated more than from one to four years. The place has a constantly running stream passing through it, which will afford water enough to gin the cotton crop, and grind all the corn for the use of the plantation. It is well supplied with springs of the best water. It has upon it a large gin house and cotton press; a negro quarter sufficient to acomodate from 75 to 80 negroes and all necessary out-buildings in proportion. The Dwelling House is good and roomy, and the yard is handsomely improved. It has ad- ed to the same will make immediate payment. joining the house, a fine orchard of peach, plum, pear, apricot nectarine, apple trees, grape vines of various kinds, and almost every fruit that comes to perfection in this climate. It is believed to be one of the most desirable tracts of land in the country, not only on account of the land, improve-

ments, water &c., but also health.

It is offered for sale at a less price and on better terms, than any such improvements and land are

being offered at in the country. There will also he sold at the lowest market price, with the pladtation, the crop of corn, a large stock of hogs, about 60 head of cattle, sheep &c., and plantation tools of every description. Also, if wanted, all the Household and Kitchen

ABRAM A. McWILLIE,

The subscriber having obtained a patent for his improvement on the Water Wheel is prepared to sell Rights, either for States, Districts, or to Individuals. The advantages of this wheel over all others now in use, are, that it is not affected by dead or back water so long as there is a good head above it; it increases the speed over the ordinary wheel, so as to grind a bushel in from 3 to 8 minutes-with a good head of water a bushel has been ground in the first mentioned time-its construction is so simple that any one who can make a Tub Wheel can put one of these in operation; in fact,

it is the Tub Wheel improved.

Persons purchasing a right for a State or District will be furnished a model free of charge, and to those who purchase indidual rights all necessary instructions will be given on personal application to the subscriber nine miles west of Camden, where

one of the wheels can be seen in operation. Letters addressed (post paid) to the subscriber, (care of A. M. Kennedy,) will meet with prompt attention. EMANUEL PARKER.

This will certify that I have used Hotchkis's Patent Water Wheels about one year applied by R S. Barwick, and have recently removed them and had the Union Wheels applied by Mr. Chapin and find the latter by far superior to the former. So far, as I have yet tried the latter, they will saw at least doubly as fast as the former, with much less quantity of water, at the same mill site.
