

**SARSAPARILLA**  
**SANDS**  
 IN QUART BOTTLES.

For the removal and permanent cure of all Diseases arising from an impure state of the Blood, or habit of the system, viz:

*Scurvy, or King's Evil, Rheumatism, Obsolete Cutaneous Eruptions, Pimples, or Pusules on the Face, Blotches, Bites, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stubborn Ulcers, Syphilitic Symptoms, Scitica or Lumbago, and Diseases arising from an injudicious use of Mercury, Acids, or Dropsy, Exposure or Imprudence in Life. Also, Chronic Constitutional Disorders will be removed by this Preparation.*

The value of this preparation is now widely known, and every day the field of its usefulness is extending. It is approved and highly recommended by Physicians, and is admitted to be the most powerful and searching preparation from the root that has ever been employed in medical practice. The unfortunate victim of hereditary disease, with swollen glands, contra-tor sinews and bones half paralyzed, has been restored to health and vigor. The scrofulous patient, covered with ulcers, leish, come to himself and to his attendants. Who had groined hopelessly for years under cutaneous and glandular disorders, chronic rheumatism, and many other complaints springing from a derangement of the secretory organs and the circulation, have been released as it were from the rack of disease, and now, with regenerated constitutions, gladly testify to the efficacy of this inestimable preparation. The testimony of those who have been cured by its use, with their residences, has been published from time to time, and were it desirable a mass of the most overwhelming testimony could be brought forward proving most conclusively its inestimable value.

The following certificate from Col. Samuel G. Taylor, a gentleman of high standing and extensive acquaintance through the Southern States and lately appointed Consul to New Granada, commands use to the attention of all.

New York, January 7, 1848.

Messrs. A. B. and D. Sands: Gentlemen—Having used and witnessed the effects of your excellent preparation of Sarsaparilla on different persons in various parts of the Southern country, viz: Virginia, Louisiana, Texas and Mexico, I feel much pleasure in stating my high opinion entertained of the great medicinal value. In my own case it acted like a charm, removing speedily the enervated state of the system, and exciting in the most agreeable manner, a tonic and invigorating influence.

Your Sarsaparilla is highly approved and extensively used by the United States Army in Mexico, and my cousin Gen. Zachary Taylor, has for the past five years been in the habit of using it, and recommends the same; he and myself adopted the article at the same time, and it is now considered an almost indispensable requisite in the Army. In conclusion I would say, that the better it is known the more highly it will be prized, and I trust that its health restoring virtues will make it generally known throughout the length and breadth of our widely extended country.

Yours very respectfully,  
 S. G. TAYLOR,  
 U. S. Consul to New Granada.

**REMARKABLE CURE OF BRONCHITIS.**  
 New York, Feb. 17, 1848.

Messrs. Sands—Having suffered many years with a disease of my throat, affecting the larynx, during which time I was treated by the most distinguished physicians in Europe and the United States, without receiving any permanent benefit, but all the time my general health and strength declining, and the disease making fearful progress; various applications were used, and whatever else I thought most efficient for producing a cure; but I am confident the deplorable situation I was in, the dyspnea being accompanied with phthisis and great difficulty in breathing, would soon have terminated my life, had I not obtained relief thro' the medium of your invaluable Sarsaparilla. I must say, gentlemen, when I commenced using the Sarsaparilla I did not place much confidence in its virtues; and this will not surprise you, when you are informed I had tried more than fifty different remedies during the past four years, without any success; but after taking your Sarsaparilla a few weeks, I was obliged at last to yield to evidence. This marvellous specific has not only relieved but cured me; and I therefore think it my duty, gentlemen, for the benefit of suffering humanity, to give you this attestation of my cure.

Yours very truly,  
 D. PARENT.

Complate of France in the United States.  
 The above statement and signature were acknowledged in our presence by Mr. D. Parent as true.

For the Consul General of France,  
 L. BORG, Vice Consul.

**SANDS' SARSAPARILLA**—It has ever been a prime article of our medical creed, to recommend to advertised medicines, for we are opposed to them conscientiously and professionally, but we feel bound to deviate from this rule, and recommend to the suffering the article at the head of this notice. The great medicinal virtues of Sarsaparilla, are well known and appreciated by physicians, but the uncertainty of the strength of the different preparations of the root, some being almost inert, has caused the medicine itself to fall into disrepute. The Messrs. Sands, it would appear, have succeeded in obtaining a powerful and uniform preparation of it. We have seen an abundance of testimonials to its efficacy from the highest authority, and we recommend it with pleasure.—*Southern Warg.*

The following interesting case is presented, and the reader invited to its careful perusal. Comment on such evidence is unnecessary.

New York, April 26, 1847.

Messrs. Sands: Gentlemen—Having long been afflicted with general debility, weakness, loss of appetite, &c., receiving no benefit from the various remedies prescribed, I concluded about three months since to make use of your Sarsaparilla. I now have the pleasure of informing you that its effects have been attended with the happiest results in restoring my health, and I am induced to add my testimony to the many others you already possess, and to those desiring further information, I will personally give the particulars of my case, and the effects of this invaluable medicine, by calling at 255 Bowery, New York.

Yours respectfully,  
 JANET MCINTOSH.

This certifies that Miss Janet McIntosh is known to be a member of the Church, in good standing, and worthy of confidence.

**Important Remedy.**  
**MITCHELL'S EYE SALVE.**  
*A certain, safe and effectual cure for Sore, Weak and Inflamed Eyes, designed expressly for diseases of the Eye.*

The unparalleled success which has attended the use of this preparation, and the acknowledged necessity for some article which can be relied upon, as a remedy in severe cases of Ophthalmic affections which are so prevalent in this country, induce the Proprietor to make arrangements through his Agents, to place this Salve within the reach of every individual who may need the benefits which result from its use.

The great advantages possessed by this article over every other, its CERTAINTY, SAFETY, CONVENIENCE and ECONOMY, are all points which render it a great desideratum to be apprehended from drugging the eye when in an inflamed and unhealthy state. In the use of this Salve this objection is entirely removed, as no harm can possibly result from its being, in all cases applied to the external portions of the eye; thereby avoiding all the inconvenience, pain and danger, which necessarily attend the introduction of any pungent article into the eye.

Such a remedy in a salubrious preparation is so great that but few cases require the use of more than one bottle to effect a perfect cure.

J. R. MCKAIN, Agent for Camden.

**DR. GORDON'S VEGETABLE ANTI-BILIOUS FAMILY PILLS.**

For the cure of Headache, Giddiness, Salt Rheum, Rheumatism, Pains, Heartburn, Worms, Dyspepsia, Cholera Morbus, Pains in the Back Limbs and Joints, Constipation, Biliousness, Consumption, Palpitation of the Heart, Liver Complaint, Rising in the Throat, Erysipelas, Deafness, Dropsy, Arthritic, Itchings of the Skin, Fevers of all kinds, Colds, Gout, Gravel, Female Complaints, Nervous Complaints, and all other Diseases arising from the impurities of the blood, and morbid secretions of the LIVER and STOMACH.

Every disease to which the human frame is subject, originates from impurities of the blood or derangement of the digestive organs.

**Dr. Gordon's Family Pills.**  
 Being compounded exclusively of such ingredients as Nature intended should operate on the impurities of the Human System.

Strike at the root of the disease, removing all impurities from the body, opening the pores externally and internally, separating all foreign and obnoxious particles from the Chyle, so that the blood, of which it is the origin, must be thoroughly purified, necessarily securing a free and vigorous action to the Heart, Lungs, Liver and Stomach, thereby RESTORING HEALTH, by opening the pores, cleansing the veins and arteries, unimpeding all the natural vigour of the blood; thus rendering the system not only thoroughly purified, but also impervious to disease, EVEN WHEN ALL OTHER MEANS HAVE FAILED.

Within the last twelve months, more than one hundred cases of the most aggravated forms of dyspepsia have been cured by the Medicine, where other means had failed, and almost every other means had been resorted to without any benefit, and when death stared its miserable victim fully in the face. If Dr. Gordon's Pills were not adapted to the cure of any, but this sort of ailment, it is directed to the cure of any, in this disease alone would be sufficient to "warrant to fame" the name of their inventor, as a BENEFICENT FACTOR OF HIS SPECIES.

This Medicine never fails to cure the worst cases of BILIOUSNESS, and in more detailed description of the Medicine, the manner of its operation, the complaints it is adapted to, and the cures it has performed, we refer the reader to our agents, who will give him a complete Pamphlet gratis.

For sale by JAMES R. MCKAIN, F. L. ZEMP, and Z. J. DEHAY, Camden, also, for sale at all the towns and country stores in the South and West.

They do not operate as a purgative, but as a tonic, and produce no unpleasant symptoms, and cure permanently, nor can they fail if used as directed—the trial of a single box will prove the above statements, therefore, if you would secure your health, procure a box of the genuine Tyler's Ague Pills.

For sale by J. R. MCKAIN and F. L. ZEMP, in Camden, and on enquiry will be found at most of the towns and country stores.

**DR. TOWNSEND'S COMPOUND EXTRACT OF SARSAPARILLA,**  
 WONDER AND BLESSING OF THE AGE.  
**The Most Extraordinary Medicine in the World.**  
 This Extract is put up in quart bottles; it is six times cheaper, pleasanter, and warranted superior to any sold elsewhere without vomiting, purging, sickening, or debilitating the Patient.

The great beauty and superiority of this Sarsaparilla over all other medicine is, that while it eradicates disease, it invigorates the body. It is one of the very best purgatives known; it not only purifies the whole system, and strengthens the person, but it creates SEVERE, PURE and RICH blood; a power possessed by no other medicine. And it has performed within the last five years, more than 100,000 cases of severe disease; at least 15,000 were considered incurable. It has saved the lives of more than 5,000 children during the past season.

**Nervous Energy.**  
 Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular energy, by the use of medicine, or who have committed it to the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system, lessening, want of ambition, fainting sensations, prostration of the body, and a general debility, this Sarsaparilla restores decay and decline, and entirely restores by this invigorating remedy. This Sarsaparilla is far superior to any IN-VIGORATING CORDIAL, as it removes and invigorates the system, gives activity to the limbs, and strength to the muscular system.

**Consumption Cured.**  
 Cleanses and Strengthens consumption can be cured. Bronchitis, Consumption, Liver complaint, colds, catarrhs, coughs, Asthma, Spitting of Blood, Soreness of the chest, Hoarse, Hoarse, Night Sweats, Debility or Prostration, Expectorations, Pain in the Side, &c. have been and can be cured.

**SPITTING BLOOD.**  
 Dr. Townsend I verily believe that your Sarsaparilla has been the means, through Providence, of saving my life. I have for several years had a bad cough. It became worse and worse. At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced, and did not expect to live. I have only used your Sarsaparilla a short time and there has a wonderful change been wrought in me. I am now able to walk all over the city. I raise no blood, my cough has left me. You can well imagine that I am thankful for these results.

Your obedient servant,  
 JAMES MCKEEN, 65atherine-st.

**Rheumatism.**  
 This is only one of more than four thousand cases of Rheumatism that Dr. Townsend's Sarsaparilla has cured. The most severe and chronic cases are weekly eradicated by its extraordinary virtues.

James Sumner, Esq., one of the assistants in the Lunatic Asylum, Blackwell's Island, is the gentleman spoken of in the following letter:

BLACKWELL'S ISLAND, Sept. 14, 1847.  
 Dr. Townsend—Sir, I have been troubled terribly for some years with the Rheumatism; considerable of the time I could not eat, sleep or walk. I had the most distressing pains, and my limbs were terribly swollen. I have used more than a thousand dollars worth of medicine, but I am so much better—indeed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted.

Yours respectfully,  
 JES MCKEEN.

**First Fits! First!**  
 Dr. Townsend, not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester county:

FORDHAM, Aug. 13, 1847.  
 Dr. Townsend—Dear Sir, I have a little girl seven years of age, who has been several years afflicted with Fits; we tried almost everything for her, but without success; until we used your Sarsaparilla, and she was cured in a few days. I can assure you that I feel as if I were cured for ever. I am so much better—indeed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted.

Yours respectfully,  
 JOHN BUTLER, Jr.

**Female Medicine.**  
 Dr. Townsend's Sarsaparilla cures Foreign and speedy cure for Incipient Gonorrhoea, Barrenness, Prolapsus Uteri, or falling of the womb, Stiffness, Pile, Leucorrhoea, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary Discharge thereof, and for the general prostration of the system, or morbid disposition in our circulars of inherent causes, produced by irregularity, illness or accident. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and languor, from taking it, at once become robust and vigorous.

**To Mothers and Married Ladies.**  
 This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has occasion to suppose she is approaching that critical period, "the time of life," should neglect to take a course of this medicine, for it is so valuable for those who are approaching womanhood, that it is calculated to prevent all the evils which attend that period, and to invigorate the system. Indeed, this medicine is invaluable for all the delicate diseases to which woman is subject.

**Notice to the Ladies.**  
 Those that imitate Dr. Townsend's Sarsaparilla, have invariably called their stuff a Great Remedy for Females, &c., and have copied our bills and circulars which relate to the same, for the purpose of selling their own inferior medicine, have since the great success of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. A number of these Imitations, &c., &c., are in circulation, as aggravate disease, and undermine the constitution.

**Scrofula Cured.**  
 This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the Blood. Three persons cured in the following manner:

**Three Children.**  
 Dr. Townsend Dear Sir I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine. They were afflicted very severely with bad sores, and other men who put up besides, I took them away for which I feel myself under great obligation.

Yours, respect, ISAAC W. CRAIN, 106 Wooster-st.  
**Opinions of Physicians.**

**Another Miraculous Cure.**  
 Read the following letter, and then, if you are troubled with any disease of the lungs, go and get a bottle of DR. HASTINGS' COMPOUND SYRUP OF NAPHTHA.  
 St. Johnsville, N. Y. Feb. 5, 1849.

Mr. Harrison—Sir, I will trouble your patience a few minutes by informing you of the great triumph which your Naphtha Syrup has obtained in my case. I was afflicted with a cough, and the result was that he began to rave freely, and it seemed so badly that it was impossible to stay in the room where he was, on the fifth day after the increase of the dose. In a short time he began to get better, and at the present time he has recovered, has a good appetite, and don't cough a quarter as much as he did previously. A severe cough and immense expectation were the prominent symptoms of the disease. I think his case a singular one—none of the kind before. I mentioned all these particulars, as I am firm in the belief that, had it not been for the Naphtha Syrup, he could have expected nothing but a speedy grave, as there were an immense number of tubercles formed on his lungs, and he threw them up by the quantity, some of them was as large as a bean. If he improves as fast as he has done, I do not think that he will live any more than six or eight weeks. I now send for enclosed are five dollars. Direct the box as before to Jonas Snell, care of Chas. Kingsland, Rail Road Depot.

Yours Respectfully,  
 JONAS SNELL.

After reading the above you can doubt that Hastings' Naphtha Syrup possesses all the virtues that is claimed of it.
