The value of this preparation is now widely known, and every day the field of its upefulness in extending. It is approved and highly recommend ed by Physician ;, and is admitted to be the most powerful and searching preparation from the root that has ever been employed in medical practice. The unfortunate victim of hereditary disease, with wollen glands, contracted sinews and bones half has been restored to health and vigor. The scrofulous patient, covered with ulcers, loath some to himself and to his attendance, has been whole. Hundreds of persons, who had ed hopelessly for years under cutaneous and greaned hopelessly for years under cutaning and many er complaints springing from a derangement of secretive organs and the circulation, have been the see raised as it were from the rack of disease, and now. with regenerated constitutions, gladly testify to the efficacy of this inestimable preparation. The test of those who have been cured by its use with their residences, has been published from time to time, and were it desirable a mass of the st overwhelming tertimony could be brought rd, proving most conclusively its inestimable

The great beauty and superiority of this Sarsaparilla over all other medicine is, that while it eradicates disease, it in-vigorates the body. It is one of the very hest SPRING AND SUMMER MEDICINES

Ever known; it not only purifies the whole system, and strengthens the person, but it CREATES NEW, PURE and RICH strengthens the person, but it CREATES NEW, PURG and RICH BLOOD; a power possessed by no other medicine. And in this lies the grand secret of its wonderful success. It has performed within the last five years, more than 100,000 cures of severe cases of disease; at least 15,000 were consi-dered incurable. It has saved the lives of more than 5,000 ebilden during the met search. children during the past season. 10.000 cases of General Debility and want of

Nervous Energy. Dr. Townsend's Sarsaparilla invigorates the whole system permanently. To those who have lost their muscular en-ergy by the use of medicine or indiscretion committed in youth, or the excessive indulgence of the passions, and brought on a general physical prostration of the nervous system. lassitude, want of ambition, faining sensations, pre-mature decay and decline, instening towards that faul disease, Consumption, can be entirely restored by this pleas-ant remedy. This Sarsaparilla is far superior to any IN-VIGORATING CORDIAL, as it removes and invigorates the system, gives activity to the limbs, and strength to the muscular system, in a most extraordinary degree. BLACKWELL'S ISLAND, Sept. 14, 1847. Dr. TOWNSEND Dear Sir: I have suffered terribly for nine years with the Rheumatism; considerable of the time I could not eat, sleep or walk. I had the utmost distressing pains, and my limbs were terribly swollen. I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good. I am so much better—indeed, I am entirely relieved. You are at liberty to use this for the benefit of the afflicted. Yours respectfully, JAMES UMMINGS. Fits! Fits!

Fits! Fits! Fits!

Dr. Townsend, not having tested his Sarsaparilla in cases of Fits, of course never recommended it, and was surprised to receive the following from an intelligent and respectable Farmer in Westchester county: ForDHAM, Aug. 13, 1847.

FORDHAM, AUG. 13, 1847. Dr. Townsend—Dear Sir; I have a little girl seven years of age, who has been several years afflicted with Fits; we tried almost everything for her, but without success; at hat, although we could find no recommendation in our circulars for cases like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it has not only restored her strength, but she had no return of the Fits, to our grett pleasure are very glad we did, for it has not only restored her already but she has had no return of the Fits, to our grett pleasure and surprise. She is fast becoming rugged and hearty, for which we feel gratful. Yours, respectfully, JOHN BUTLER, Jr.

Female Medicine.

Female Medicine. Dr. Townsend's Sarsaparilla is a sovereign and speedy cure for Incipient onsumption, Barreness, Prolapsus Uteri, or falling of the womb, ostivness, Piles, Leucorrhœa, or Whites, obstructed or difficult Menstruation, Incontinence of Urine, or involuntary discharge thereof, and for the gen-eral prostration of the system; no matter whether the result of inherent cause, produced by irregularity, illness or acci-dent. Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and las-situde, from taking it, at once become robust and full of eneffects on the human frame. Persons all weakness all dis-situde, from taking it, at once become robust and full of en-ergy under its influence. It immediately counteracts the nervelessness of the female frame, which is the great couse of barreness. It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed but we can assure the afflicted, that hundreds of cases have the standard of cases where families been reported to us; thousands of cases where families have been without children after using a few bottles of this invaluable medicine, have been blessed with fine, healthy

offspring. To Mothers and Married Ladies.

This Extract of Sarsaparilla has been expressly prepared in reference to female complaints. No female who has rea-son to suppose she is approaching that critical period, "The turn of life," should not neglect to take it, as it is a certain preventative for any of the numerous and horrible diseases to which femamales are subject at this time of life. This period may be delayed several years by using this medicine. Nor is it less valuable for those who are approaching woman-hood, as it is calculated to assist nature, by quickning the blood and invigorating the system. Indeed, this medicine is invaluable for all the delicate diseases to which woman are subject.

According to your directions **a** part was distributed in Vera Cruz, the other I kept for the use of my seamen and others on board, belleving I should have use for it as I had on board frequently from one to three hundred persons, and that many on leaving 3-erico would be on the sick list. Such was the fact, Dysentery, Diarrhoea etc. extensively prevailed. I used the Cordial freely and not in a single instance do I recollect of its hav-ing failed to completely cure. My own crew would often he attacked with Diarrhoea, Dysentery, peculiar to nearly all after getting on shore and cating fruit and vegetables— insuch cases the Cordial failed in none to cure speedily. I mentioned When in New Orleans a friend informed me of a Phila-delphia gentleman, S. Churchman Esq., was sick with the Dysentery and despaired of by the Doctor. I mentioned having a bottle or so of your Cordial—he sent it to him and in a few days I had the pleasure of seeing him on change and well. I can give you many names and testi-monials of the efficacy of your Cordial if necessary. I have given it to one Ship-master of this port in particular, (Capt. SANDS' SARSAPARILLA .- It has ever been a me article of our medical creed, to recommend no advertised medicines, for we are opposed to them conscientiously and professionally, but we feel bound to deviate from this rule, and recommend to the suffering the article at the head of this notice. The great medical virtues of Sarsaparilla, are well known and appreciated by physi-cians, but the uncertainty of the strength of the different preparations of the root, some being alnest inert, has caused the medicine itself to fall nto disrepute. The Messre. Sande, it would seem, have succeeded in obtaining a powerful and inform preparation of it. We have seen an aby lance of testimonials to its efficacy from the highest authority, and we recommend it with plea sure .- Southern Whig.

It braces the whole system, renews permanently the nat-ural energies, by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation, which is the case of most medicines taken for female weakness and disease. By using a few bottles of this medicine, many severe and painful surgical operations may be prevented.

Notice to the Ladies.

Notice to the Ladies. Those that imitate Dr. Townsend's Sarsaparilla, have invariably called their stuff a great Remedy for Females, &c. and have copied our bills and circulars which relate to the complaints of women, word for word—other men who put up medicine, have since the great success of Dr. Town-send's Sarsaparilla in complaints incident to females, recom-mended theirs, although previously they did not. A num-ber of these Mixture, Pills, &c. are injurious 'o females, as aggravate disease, and undermine the constitution. Scrofula Cured. This certificate conductively proves that this Sarsaparilla

This certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate diseases of the Blood. Three persous cured in one house is unprecedented. Three Children.

DR. TOWNSEND Dear Sir: I have the pleasure to inform you that three of my children have been cured of the Scrof-ula by the use of your excellent medicine. They were af-flicted very severely with had sores; have taken only four bottles; it took them away, for which I feel myself under

great obligation. Yours, respet'ly, ISAAC W. CRAIN, 106 Wooster-st. Opinions of Physicians.

Dr. Towdsend is almost daily receiving orders from Phy-sicians in differt parts of the Union. This is to certify that we, the undersigned, Physicians of the City of Albany, have in numerous cases prescribed Dr. Townsend's Sarsaparilla, and believe it to be one of the most valuable preparations in the market.

Another Miraculous Cure.

Read the following letter, and then, if you are troubled rith any disease of the lungs, go and get a bottle of DR. HASTINGS' COMPOUND SYRUP OF NAPTHA.

St. Johnsville, N. Y. Feb. 5, 1849. Mr. Harrison,-Sir. I will trouble your patience a few minutes by informing you of the great triumph which your Naptha Sruyp has obtained in the case of my brother. He increased the dose as you directed, and the result was that Increased the dose as you directed, and the beam was inter the began to raise very freely, and it scented so badly that it was impossible to stay in the room where he was, on the fifth day after the increase of the dose. In a day or so after he began to get better, and at this present time is quite revived, has a good appetite, and don't cough a quar-ter as much as he did previously. A severe cough and imter as much as he did previously. A severe couch and im-mense expectoration were the prominent symptom of the disease. I blink this case a singular one - none of the phy-sicians here had ever heard or seen any thing of the kind before. I mentioned all these particulars, as I am firm in the belief that, had it not breen for the Naphtha Syrup, he could have expected nothing but a speedy grave, as there were an immense number of tubercles formed on his lungs which the medscine took immediate hold of, and in a few days he threw them up by the quantity, some of them was as large as a bean. If he improves as fast as he has done, I do not think that he will need any more than the six bot-tles I now send for Enclosed are five dollars. Direct the box as before to Jonas Snell, care of Chas. Kingsland, Rail Rnad Dept.
