The Great Cough Remedy.

CHERRY PECTORAL

For the Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA and CONSUMPTION.

In offering to the community this justly celebrated remedy for diseases of the throat and lungs, it is not our wish to trifle with the lives or health of the afflicted, but frankly to lay before them the opinions of distinguished men and some of the evidences of its success, from which they can judge for themselves.

Many proofs are here given, and we solicit inquiry from the public into all we publish, being assured they will find them perfectly reliable, and the medicine worthy their best confidence and patronage.

PROF. CLEVELAND, of Bowdoin College, Maine, writes—"I have witnessed the effects of your 'Cherry Pectoral' in my own family and that of my friends, and it gives me satisfaction to state in its favor that no medicine I have ever known has proved so eminently successful in curing diseases of the throat and lungs."

REV. DR. OSGOOD, writes—"That he considers 'Cherry Pectoral' the best medicine for Pulmonary Affections ever given to the public, and states that 'his daughter after being obliged to keep the room four months with severe settled cough, accompanied by raising of blood, night sweats, and the attendant symptoms of consumption, commenced the use of the 'Cherry Pectoral' and has completely recovered."

EX-GOVERNOR KING, of New York, says: "I have been a great sufferer with Bronchitis, and but for the use of the 'Cherry Pectoral' might have continued to be so for many years to come, but that has cured me and I am happy to bear testimony to its efficacy."

From such testimony we ask the public to judge for themselves.

Hear the Patient.

Dr. Ayer—Dear Sir: For two years I was afflicted with a very severe cough, accompanied by spitting of blood and profuse night sweats. — By the advice of my attending physician I was induced to use your 'Cherry Pectoral', and continued to do so till I considered myself cured, and ascribe the effect to your preparation.

JAMES RANDALL.
Hamden ss. SPRINGFIELD, Nov. 27, 1848.

This day appeared the above named James Randall, and pronounced the above statement true in every respect.

The Remedy That Cures.

Dr. Ayer: I have been long afflicted with Asthma which grew yearly worse until last autumn, it brought on a cough which confined me in my chamber, and began to assume the alarming symptoms of consumption. I had used the best advice and the best medicine to no purpose, until I used your 'Cherry Pectoral', which has cured me, and you may well believe me. Gratefully yours, J. D. FISHERS.
