CELEBRATED GERMAN BITTERS, PREPARED BY DR. C. M. JACKSON, AT THE GERMAN MEDICINE STORE,

120 Arch Street, Philadelphia. Their power over the above diseases is not excelled, il equalled, by any other preparation in the United States, as the circs attest, in many cases after skilful physicians

had failed.

These Bitters are worthy the attention of invalids. Pos-essing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers an weakness and affections of the digestive organs, they are, withal, safe, certain and pleasant.

It is made after a prescription furnished by one of the most celebrated physicians of modern times, the late Dr. Christopher Withelm Hoofland, Professor to the University of Jena, Private Physician to the King of Prussia, and one of the greatest medical writers Germany has ever produced. He was emphasically the enemy of humbug, and therefore a medicine of which he was the inventor and endorser may be confidently relied on. FROM DR. HIRAM COX. Late Professor in Cincinnate Eclectic Medical

give you up to die!!! Your condition cannot be more helpless than

that of Mrs. Rowe. This is to certify that I was taken with a pain in my side and breast, attended with a distressing cough, and for the space of one year grew rapidly worse. Although I had in attendance three phy-

sicians, one of whom was considered very skillful, all of their efforts proved alike unavailing. At last one of the physicians came ir, and decided that I could not live more than one day longer! All of my friends believed that a few days at most would end my earthly career.

My brother at this crisis, hearing of the astonishing cures made by Dr. Rodgers' Liverwort and Tar, went to Chillicothe, distant thirty miles, to procure the above medicine; and, strange to tell, before I had used half a bottle my cough was entire y cured, and when I had used two bottles I was able to attend to my family vocations as usual. HARRIET ROWE.

Mr. Merriweather writes as Follows:

Mr. A. L. Scovill, Dear Sir-Dr. Rogers' Liver wort and Tar came safe to hand. I have sold a number of bottles. I has met with great success. A young man of this place, supposed to have the consumption, has been entirely cured.

The following certificate from one of the most distinguished polysicians in Cincinnati, is entitled to great credit. I feel constrained from a sense of duty to make the following statement conscious that it may appear unprofessional. Mr. Charles Wade, of this city, was quite low with Pulmonary Consumption, for which I had been treating with less than usual success. At his request, and that of his friends, I permitted him to try Dr. Roger's Liverwort and Tar; and I must confess that its effects were really surprising. After using the second bottle my visits were discontinued, and ho was soon restored to peath. I do conscientionsly recommend my brother practioners to prescribe this remedy in all pulmonary comilaints which buffle the ordinary mode of treatment.

JEW DAVID'S. HEBREW PLASTER.

A certain remedy, for all fixed pains in the Side, Clest Loins, Back, Bowels, Muscles, Rheumatism in all its varied forms, Nervous Affections, Lung and Liver Complaints. Spinal Affections, Female Weaknesses, etc. etc. For the above complaints this plaster has no EQUAL.—The great celebrity which it has already acquired, not only in the old, but in the new world—the extraordinary cures it has performed in the most extreme cases of suffering, have acquired for it such a reputation, that the proprietor has not—until recently—been able to supply half medalitand.

medelitand.

The sales throughout every city, town and village in the United States, are without a parallel!

A circumstance not surprising, when the vast amount of human suffering relieved by its use is considered. In spinul defects, the benefit usually is of the most decided character. In Nerveus Complaints, nineteen cases out of twenty readily yield to the penetrating stimula combined in this valuable preparation.

In Rheumatism, either acute or chronic, the claims of the Hebrew Plaster have long since been universally acknowledged. Those who are laboring under weak backs, no matter from what cause the weakness may have originated—even if such persons have been misguided in pre-

nated—even if such persons have been misguided in pre-vious applications—in the use of the Hebrew Plaster they will find the affected part suddenly restored to its origin

As a supporter in cases of constitutional weaknes it will be found of great advantage. It is paracularly recom-mended to females who are suffering from sudde weak mess, or general debility. In short, it ombraces all the vir-tues which the most scientific mind was capable, of com-pounding from valuable substances found in the old world and will be found entirely free from those objection which are a source of complaint with the numerous spread asters now before the public.

Where this Pluster is applied, pain cannot exist. Where this ruster is apputed, pain cannot exist.

These Plasters possess the advantage of being put up in air-tight boxes, hence they retain their full virtues in all climates. We have just received the following testimonial from C. C. Sellers, an eminent lawyer in successful practice in Wilcox county, Alabama. He is a gentleman in high standing, and one whose influence has great weight:

TRUTH IS STRNGER THAN FICTION." The attention of the reader is called to the following asonishing cure, effected by the use of Sands' Sarsaparilla.

This is to certify that I have a colored woman wild has been afflicted for the last five years with Acrofula, and all the remedics I used had no effect in arresting the progress of the complaint; on the contrary, she constantly grew worse; and after expending between \$70 and \$30 with physicians, busides using other popular remedies without suc cess, till the disease had eaten away the cartilage of her nose, made its ravages in the roof of her mouth.

In this dreadful situation, with the prospect of death staring her in the lace, I stated her case to Dr. Disosway, the agent for Sands' Sarsapariila in Newbern, N. . ., by whom I was advised to use hat artice; and to my surprise and to that of my neighbors, she was restored to perfect health, and that in the space of three weeks and was able to work in two weeks from the time she commenced taking it.

In witness of the truth of this statement, I have hereunto affixed my name, this 9th Sept., 1547. JOSEPH McCOTTER, J. P. Mouth of Neuse River, Craven Co. N. C. SORE THROAT.

The following is an extract from a letter received from Mrs. Bevan, who had been afflicted several years with Scrofulous Ulcers, Dyspepsia, &c., and recently an affection of the throat and chest . BAILEYSBURG, Va., Dec. 13, 1845.

Messrs, A. B. & D. SANDS : Before I commenced using your Sarsaparilla, my sufferings were almost past expression; my throat was completely ulcerated, I had a dreadful cough, and there were requently weeks together that I could not speak above a whisper; and besides, the inflamation from my throat extended to my head, so that my hearing was very much impaired. After taking the Sarsaparilla a short time, my health improved, and my throat is now well; I am as fre trom cough and tightness of the chest as ever I was, and can hear quite distinctly. My throat has been well about three months, the cure of which was effected entirely by the use of your Sarsaparilla.

Sands : Gentlemen-From what I have experienced, and from the information I have recently received from a number of persons of high respectability who have used your Sarsaparilla, i have not the least doubt but that it is a most valuable medicine, and that the numerous certificates you have received of its efficacy are fully sustained by eqperience, and although its reputation and utility are very extensive, and stand in no need of my humble efforts to increase them, I want all who are afflicted by disease to become acquainted with the efficacy and power of your valuable medicine. l am, gentlemen, gratefully and very respectful-

Or In NERVOUS COMPLAINTS, Drugs and Mediciane increase the disease, for they weaken the vital energies of the already prostrated system; while under the strengthening, life-giving, vitalizing influence of Galvaniam, as applied by this beautiful and wonderful discovery, the exhausted petient and weakened sufferer is restored to former health, strength, elasticity and vigor.

The great peculiarity and excellence of

consists, in the fact that they arrest and cure disease by out ward application, in place of the usual mode of dragging and physicking the putient, till exhausted Nature sinks hopelensly under the indiction.

They alrengthen the whole system, equalize the circulation of the blood, promote the secretions, and never do the slightest injury under any circumstances. Since their introduction is the United States, only three years since, more than 60,000 Persons

including all ages, cleases and conditions, among which were a large number of ladies, who are peculiarly subject to Nerv ous Complaints, have been ENTIRELY AND PERMANENTLY CURED,

when all hope of relief had been given up, and every thing else been tried in vain! To illustrate the use of the GALVANEC BELT, suppose To illustrate the use of the GALVANIC BELLT, suppose
the case of a person afflicted with that bane of civilization,
DYSPE/SIA, or sny other Chronic or Nervous Disorder. In
ordinary cases, stimulants are taken which, by their section on
the nerves and mucles of the stomach, afford tempersary relief,
but which leave the patient in a lower state, and with injured
faculties, after the action thus excited has cassed. New compare this with the effect resulting from the application of the
GALVANIC BELT. Take a Dyspeptic sufferer, even in the
worse symptoms of an attack, and amply the the Belt assume
the body, using the Magnetic Fluid as directed. In a short
period the insensible perspiration will act on the positive
element of the Belt, thereby causing a Galvanic circulation
which will puss on to the negative, and thence back again to
the positive, thus keeping up a continuous Galvanic circulation throughout the system. Thus the most severe tracef of
DYSPECSIA are PERMANENTEX CURED. A FEW DAYS
IS OFTEN AMPLY SUFFICIENT TO ERADICATE THE
DISEASE OF YEARS.

AN EXTRAORDINARY CASE, which conclusively proves that

"Truth is stranger than Fiction." CURE OF RHEUMATISM, BRONCHITIS AND DYSPEPSIA. Rev. Dr. Landis, a Clergyman

of New Jersey, if distinguished attainments and exalted Signer, New Jersey, July 19, 1848. DR. A. H. CHRII 12-Dear Sir: You wish to know of me what has been the wult in my own case, of the application of THE GALVANIC BELT AND NECKLACE. My reply is as

follows:

For about twenty years I had been suffering from Dyspepsia. Every year the symptoms became worse, nor could I obtain permanent relief from any course of medical treatment whatever. About fourteen years since, in consequence of frequent expourse to the weather, in the discharge of my passing the property duries. I became subject to a severe Chronic Rheems. frequent expourse to the weather, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumstism, which for year after year, caused me indescribable anguish. Farther: in the winter of 45 and 46, in consequence of preaching a great deal in my own and rarious other churches in this region, I was attacked by the Bropchitis, which soon became so severe as to require an immediate suspension of my pastoral labors. My acress system was new thoroughly prestrated, and as my Bronchitis became worse, so also did my Dyspepsis and Rheumstic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. In the whole pharmacopain there seemed to be no remedial, agent which could reach and recuperate my Nervous System; every thing that I had tried for this purpose had completely failed. At last I was led by my friends to examine your inventions, and (though with no very tanguine hopes of their efficiency, I determined to try the affect of the application of the GALVANIC BYLT AND NECKLACE, with the MAGNETIC FUID. This was in June, 1846. To My GRATA STONISHMENT, IN THE DAYS IT WAS ERABLED TO RESUME MY PATORAL LABORS; NOR HARE I SHOE OMNITED A SINGLE SERVICE OR ACCOUNT OF THE BRONCHITE; AND MY RHEUMATIC AFFECTION HAS ENTIRELY CRASED TO TROUBLE MESON his the wonderful and happy results of the experiment.

I have recommended the BELT and FLUID to many who have been likewise suffering from Neuralgic affections. They have tried them, with happy results, I selliere, in Every Cale.

I am, dear sir, very respectfully yours, ROBERT W. LANDIS.

Tic Doloreux and Neuralgia.

These dreadful and agonizing complaints are immediately relieved by the application of the Galvanic Bat., Necklack as. Luin. The Belt diffuses the Electricity through the system; the Necklace has a local effect, and the Fuld sets directly upon the affected person. In these distressing affections the application NEVER FAILS.

FITS AND CONVULSIONS.

These alarming and terrible complaints are always caused by a derangement of the Nerves. The Belt, Bracklets and Fluin will cure nearly every case, no matter how young or sld the patient, or how confirmed the complaint. Numerous and astonishing proofs are in possession of the proprietor.
