and administered it to others during the past year, in cases of obstinate coughs, colds, soreness of the chest, &c., and always with the most happy result. We therefore cheerfully recommend to all the affleted with the above diseases, to TRY the Balsam of Wild Cherry.

The New York Evening Mirror says:—"Wistar's Balsam is still working wonders in curing the most desperate dulmonary diseases. We have not only witnessed its effects, but have seen a great many certificates, which place the efficaty of this invaluable medicine beyond all question. It was a custom among the early settlers of New England to drink freely of Wild Cherry tea in case of colds and fevers. Teis tea was made by steeping the twigs and bark of the Wild Cherry tree, and drank freely morning and evening. The old Purinan Fathers used to regard it as "the sovereignest thing on earth" for all sorts of complaints; and there can be no doubt but the Balsam of complaints; and there can be no doubt but the Balsam
